Big Two Mervyn Jones, 1962

Hero Projects Paul R. Josephson, 2024-01-31 In *Hero Projects*, Paul R. Josephson traces how, over the last one hundred years, the Russian tsars, commissars, and oligarchs embraced megaprojects to create the world's largest empire. Built by peasants, gulag prisoners, and Communist volunteers, the projects are wide-ranging and numerous--including nuclear power stations, pipelines across the tundra, railroads from Europe to the Pacific Ocean, and hydropower stations and canals. Sweeping in scope, *Hero Projects* establishes the strong continuities in political culture in Russian history; reshapes the meaning of empire, extending it to include internal colonization; and expands environmental and social history through the study of big technology.

The State and Big Business in Russia Tina Jennings, 2021-12 This book presents a study of the complex relationship between the Russian state and big business during Vladimir Putin's first two presidential terms (2000-2008). Based on extensive original research, it focuses on the interaction of Russia's political executive with the 'oligarchs'. It shows how Putin's crackdown on this elite group led big business to accept new 'rules of the game', and how this was accompanied by the involvement of big business in policy formulation, particularly through the organisational vehicle of the Russian Union of Industrialists and Entrepreneurs (RSPP). It goes on to discuss why Yukos and its CEO Mikhail Khodorkovsky were targeted by Russia's political

authorities and the resultant consequences, namely the end of the relatively successful framework via which state-business relations had been managed, and its replacement by fear and mutual distrust, along with a vastly expanded role for the state, and state-related actors, in the Russian corporate sector. The book explores all these developments in detail and sets them against the context of continued trends towards greater authoritarianism in Russia--

The Big Three David Yul'yevich Dallin, 1945

The Big Cabbage Robert Austin, 2018-10-27 This is a memoir about expatriate life in Russia shortly after Boris Yeltsin was elected the first president of the Russian federation. The transition from communism to capitalism was abrupt, awkward and convulsive. More than 80,000 expatriates came to Moscow to seek their fortunes and to build the new economy, presenting additional challenges to a society that was shaken to its core and searching for a new identity.

Big Ships Turn Slowly World Media Association Staff, 1989-03-01

Life Without Russia Vladimir Morgan, 2013-04 The book *Life without Russia* by Vladimir Morgan is an interesting phenomenon. It focused on biographical sketches, drawings, journal reports and stories about salutary cultural activities of the Russian people of different generations in the living arrangements without Russia. The love for them big country and the light of good and useful ideas for humanity illuminates their path and devoted heart. It contains no coarse language, adult themes, violence, sexual references or drug use

whatsoever. It`s for all ages.

What's to be Done? Nikolay Gavrilovich Chernyshevsky, 1886

100 лучших программ для iPhone и iPad Дмитрий Миронов, 2022-04-29 С каждым годом границы между стационарными компьютерами и мобильными устройствами все больше размываются – компьютеры становятся все меньше, а смартфоны и планшеты становятся все более функциональными. Но как использовать ваше iOS-устройство на все 100%? Не последнюю роль в расширении возможностей мобильных устройств играет их экосистема – набор предлагаемых сервисов и приложений. В данной книге вы узнаете о самых лучших приложениях для работы и развлечений на iPhone и iPad – приложения для расширения возможностей устройства, общения с друзьями, ip-телефонии, путешествий, чтения и работы с документами и многого другого. Каждое приложение в книге дополнено qr-квадратом, что упростит их поиске AppStore. Используйте ваш iPad и iPhone по максимуму!

The Russia Hoax Gregg Jarrett, 2019-02-12 Fox News legal analyst Gregg Jarrett reveals the real story behind Hillary Clinton's deep state collaborators in government and exposes their nefarious actions during and after the 2016 election. The Russia Hoax reveals how persons within the FBI and Barack Obama's Justice Department worked improperly to help elect Hillary Clinton and defeat Donald Trump in the 2016 presidential election. When this suspected effort failed, those same people appear to have pursued a contrived investigation of President Trump in an attempt to undo the election results and remove

him as president. The evidence suggests that partisans within the FBI and the Department of Justice, driven by personal animus and a misplaced sense of political righteousness, surreptitiously acted to subvert electoral democracy in our country. The book will examine: How did Hillary Clinton manage to escape prosecution despite compelling evidence she violated the law? Did Peter Strzok, James Comey, Andrew McCabe, Loretta Lynch, and others obstruct justice by protecting Clinton? Why was there never a legitimate criminal investigation of Clinton in the Uranium One case? Are the text messages exchanged between Strzok and FBI lawyer Lisa Page evidence of a concerted effort to undermine the electoral process? Was there ever any real evidence of collusion between Trump and the Russians? Did Trump obstruct justice in the firing of Comey or was he legally exercising his constitutional authority? Did the FBI and DOJ improperly use a discredited dossier about Trump to obtain a FISA warrant to spy on Trump associates? Should Muller have disqualified himself under the special counsel law based on glaring conflicts of interest? Was fired National Security Adviser Michael Flynn unfairly charged with making a false statement? With insightful analysis and a fact-filled narrative, *The Russia Hoax* delves deeply into Democrat wrongdoing.

Meddling in the Ballot Box Dov H.

Levin, 2020-08-24 Why do world powers sometimes try to determine who wins an election in another country? What effects does such meddling have on the targeted elections results? Great powers have attempted for centuries to intervene in elections

occurring in other states through various covert and overt methods, with the American intervention in the 2013 Kenyan elections and the Russian intervention in the 2016 US elections being just two recent examples. Indeed, the Americans and the Soviets/Russians intervened in one out of every nine national-level executive elections between 1946 and 2000. *Meddling in the Ballot Box* is the first book to provide a comprehensive analysis of foreign meddling in elections from the dawn of the modern era to the 2016 Russian intervention in the US election. Dov Levin shows that partisan electoral interventions are usually an inside job occurring only if a significant domestic actor within the target wants it. Likewise, a great power will not intervene unless it fears that its interests are endangered by an opposing party or candidate with very different preferences. He also finds that partisan electoral interventions frequently have significant effects on the results--sufficient in many situations to determine the winner. Such interference also tends to be more effective when it is conducted overtly. However, it is usually ineffective, if not counterproductive, when done in a founding election. A revelatory account that explains why major powers have meddled so frequently across the entire postwar era, *Meddling in the Ballot Box* also provides us with a framework for assessing the cyber-future of interference.

The Great Game Peter Hopkirk, 2001 For nearly a century the two most powerful nations on earth - Victorian Britain and Tsarist Russia - fought a secret war in the lonely passes and deserts of

Central Asia. Those engaged in this shadowy struggle called it 'The Great Game', a phrase immortalized in Kipling's Kim. When play firstbegan the two rival empires lay nearly 2,000 miles apart. By the end, some Russian outposts were within 20 miles of India. This book tells the story of the Great Game through the exploits of the young officers, both British and Russian, who risked their lives playing it. Disguised as holy men or native horsetraders, they mapped secret passes, gathered intelligence, and sought the allegiance of powerful khans. Some neverreturned.

How Bad Writing Destroyed the World Adam Weiner, 2016-10-06 Literary history meets economic policy in this entertaining polemic on the ethical and potentially destructive power of terrible literature.

The Plot to Hack America Malcolm Nance, 2016-09-20 "The Plot to Hack America reads like a spy thriller, but it's all too real." –US Daily Review Over 600 Amazon *FIVE STAR* Reviews! "Nance states that, by their choices, actions, and statements, 'Trump and Pence chose Russia's values over America's.'" –Michael Lipkin, New York Journal of Books Published a full month prior to the divisive Trump vs. Clinton 2016 presidential election, this book exposed the Russian hacking while the CIA was drafting their own report. In April 2016, computer technicians at the Democratic National Committee discovered that someone had accessed the organization's computer servers and conducted a theft that is best described as Watergate 2.0. In the weeks that followed, the nation's top computer security experts discovered

that the cyber thieves had helped themselves to everything: sensitive documents, emails, donor information, even voice mails. Soon after, the remainder of the Democratic Party machine, the congressional campaign, the Clinton campaign, and their friends and allies in the media were also hacked. Credit cards numbers, phone numbers, and contacts were stolen. In short order, the FBI found that more than twenty-five state election offices had their voter registration systems probed or attacked by the same hackers. Western intelligence agencies tracked the hack to Russian spy agencies and dubbed them the "Cyber Bears." The media was soon flooded with the stolen information channeled through Julian Assange, the founder of WikiLeaks. It was a massive attack on America but the Russian hacks appeared to have a singular goal—elect Donald J. Trump as president of the United States. New York Times bestselling author of Defeating ISIS, Airey Neave Memorial Book Prize finalist for Hacking ISIS, career intelligence officer, and MSNBC terrorism expert correspondent Malcolm Nance's fast paced real-life spy thriller takes you from Vladimir Putin's rise through the KGB from junior officer to spymaster-in-chief and spells out the story of how he performed the ultimate political manipulation—convincing Donald Trump to abandon seventy years of American foreign policy including the destruction of NATO, cheering the end of the European Union, allowing Russian domination of Eastern Europe, and destroying the existing global order with America at its lead. The Plot to Hack America is the thrilling true story of how Putin's

spy agency, run by the Russian billionaire class, used the promise of power and influence to cultivate Trump as well as his closest aides, the Kremlin Crew, to become unwitting assets of the Russian government. The goal? To put an end to 240 years of free and fair American democratic elections.

When's Happy Hour? Betches, 2018-10-23 The New York Times bestselling authors of *I Had a Nice Time* and *Other Lies* and *Nice Is Just a Place in France* and founders of Betches.com are back with a guide on how to thrive professionally, get ahead in the workforce, and basically become the Beyoncé of whatever you aspire to do. We get it. You run shit. You can go from being blackout at drunk brunch to being ready to meet your new boyfriend's parents in two seconds. But how do you go from being the boss of your personal life to taking charge of your career? That's where the Betches come in. We are dedicated to making you the most successful, betchiest career woman you can be. After all, we only became Betches after we worked like, really hard. And now we're confident enough to help you become the best. You're welcome. You can thank us later. As New York Times bestselling author Jessica Knoll says, "I only ever want the cold, hard truth from a betch." So whether you're trying to become a CEO, navigate an office hookup, or just save enough money to go to happy hour twice a week, we're here to help. It's time to channel your inner Elle Woods, Miranda Priestly, and Ruth Bader Ginsburg. Per our last email, you better read this.

The Crisis of Russian Democracy Richard

Sakwa,2010-12-16 The view that Russia has taken a decisive shift towards authoritarianism may be premature, but there is no doubt that its democracy is in crisis. In this original and dynamic analysis of the fundamental processes shaping contemporary Russian politics, Richard Sakwa applies a new model based on the concept of Russia as a dual state. Russia's constitutional state is challenged by an administrative regime that subverts the rule of law and genuine electoral competitiveness. This has created a situation of permanent stalemate: the country is unable to move towards genuine pluralist democracy but, equally, its shift towards full-scale authoritarianism is inhibited. Sakwa argues that the dual state could be transcended either by strengthening the democratic state or by the consolidation of the arbitrary power of the administrative system. The future of the country remains open.

Russia Resurrected Kathryn E. Stoner,2020-09-01 An assessment of Russia that suggests that we should look beyond traditional means of power to understand its strength and capacity to disrupt international politics. Too often, we are told that Russia plays a weak hand well. But, perhaps the nation's cards are better than we know. Russia ranks significantly behind the US and China by traditional measures of power: GDP, population size and health, and military might. Yet 25 years removed from its mid-1990s nadir following the collapse of the USSR, Russia has become a supremely disruptive force in world politics. Kathryn E. Stoner assesses the resurrection of

Russia and argues that we should look beyond traditional means of power to assess its strength in global affairs. Taking into account how Russian domestic politics under Vladimir Putin influence its foreign policy, Stoner explains how Russia has battled its way back to international prominence. From Russia's seizure of the Crimea from Ukraine to its military support for the Assad regime in Syria, the country has reasserted itself as a major global power. Stoner examines these developments and more in tackling the big questions about Russia's turnaround and global future. Stoner marshals data on Russia's political, economic, and social development and uncovers key insights from its domestic politics. Russian people are wealthier than the Chinese, debt is low, and fiscal policy is good despite sanctions and the volatile global economy. Vladimir Putin's autocratic regime faces virtually no organized domestic opposition. Yet, mindful of maintaining control at home, Russia under Putin also uses its varied power capacities to extend its influence abroad. While we often underestimate Russia's global influence, the consequences are evident in the disruption of politics in the US, Syria, and Venezuela, to name a few. Russia Resurrected is an eye-opening reassessment of the country, identifying the actual sources of its power in international politics and why it has been able to redefine the post-Cold War global order.

Putin's World Angela Stent, 2019-02-26 In this revised version that includes an exclusive new chapter on the Russia-Ukraine war, renowned

foreign policy expert Angela Stent examines how Putin created a paranoid and polarized world—and increased Russia's status on the global stage. How did Russia manage to emerge resurgent on the world stage and play a weak hand so effectively? Is it because Putin is a brilliant strategist? Or has Russia stepped into a vacuum created by the West's distraction with its own domestic problems and US ambivalence about whether it still wants to act as a superpower? *Putin's World* examines the country's turbulent past, how it has influenced Putin, the Russians' understanding of their position on the global stage and their future ambitions—and their conviction that the West has tried to deny them a seat at the table of great powers since the USSR collapsed. This book looks at Russia's key relationships—its downward spiral with the United States, Europe, and NATO; its ties to China, Japan, the Middle East; and with its neighbors, particularly the fraught relationship with Ukraine. *Putin's World* will help Americans understand how and why the post-Cold War era has given way to a new, more dangerous world, one in which Russia poses a challenge to the United States in every corner of the globe—and one in which Russia has become a toxic and divisive subject in US politics.

Witch Hunt Gregg Jarrett, 2019-10-08 The author of the #1 New York Times bestseller *The Russia Hoax* picks up where that book ended with this hard-hitting, well-reasoned examination of the latest findings about “collusion” between the Trump Administration and the Russians, offering further proof that Special Counsel Robert

Mueller's investigation is nothing more than a politically motivated witch hunt. How did a small group of powerful intelligence officials convince tens of millions of Americans that the president is a traitor, without a shred of evidence? Now that every detail and argument set forth in The Russia Hoax has been borne out by the Mueller report, Jarrett returns with Witch Hunt, providing a hard-hitting, well-reasoned evisceration of what may be the dirtiest trick in political history. No marks have ever been as gullible as distraught Democrats in 2016. Washington insiders broke rule after rule investigating the president, chasing a conspiracy that turned out not to exist. Somehow this was spun into Donald Trump having something to hide. People associated with the president were pushed into plea deals that had nothing to do with Russian "collusion" or discouraged from serving by the threat of huge legal bills. Somehow this was spun into Trump's lawyers being bullies. The president complained that the investigation was a waste of time, but he allowed it to continue unimpeded to the end. Somehow this was spun into obstruction of justice. In Witch Hunt, Gregg Jarrett uncovers the bureaucratic malfeasance and malicious politicization of our country's justice system. The law was weaponized for partisan purposes. Even though it was Hillary Clinton's campaign that collected and disseminated a trove of lies about Trump from a former British spy and Russian operatives, Democrats and the media spun this into a claim that Trump was working for the Russians. Senior officials at the FBI, blinded by their political bias and hatred of Trump, went

after the wrong person. At the DOJ, the deputy attorney general discussed secretly recording the president and recruiting members of the cabinet to depose Trump. Those behind the Witch Hunt have either been fired or resigned. Many of them are now under investigation for abuse of power. But what about the pundits who concocted wild narratives in real time on television, or the newspapers which covered the fact that rumors were being investigated without investigating the facts themselves? Factual, highly persuasive, and damning, this must-read expose makes clear that not only was there no “collusion,” but there was not even a basis for Mueller’s investigation of the charge that has attacked Trump and his administration for more than two years. It’s always been a Witch Hunt.

BIGRUSSIA LLC Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the

over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in

academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the

academic community. When it comes to downloading BIGRUSSIA LLC free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF

files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading BIGRUSSIA LLC free PDF files is convenient, it's important to note that copyright laws

must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading BIGRUSSIA LLC. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic

literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading BIGRUSSIA LLC any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About BIGRUSSIA LLC Books

How do I know which eBook platform is the best for me?

Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality?

Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain

works. However, make sure to verify the source to ensure the eBook credibility.

Can I read eBooks without an eReader? Absolutely!

Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks?

To prevent digital eye strain, take regular breaks, adjust the font size and background color, and

ensure proper lighting while reading eBooks. What the advantage of interactive eBooks?

Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.

BIGRUSSIA LLC is one of the best book in our library for free trial. We provide copy of BIGRUSSIA LLC in digital format, so the resources that you find are reliable. There are also many

Ebooks of related with BIGRUSSIA LLC. Where to download BIGRUSSIA LLC online for free? Are you looking for BIGRUSSIA LLC PDF? This is definitely going to save you time and cash in something you should think about.
