Adobe Photoshop Lightroom - Edit Like a Pro (2nd Edition) Victoria Bampton, 2020-10-20 Unique Bonus! Most Lightroom books are out-of-date within a couple of months, as Adobe regularly adds new features. Adobe Photoshop Lightroom - Edit Like a Pro is different - the eBooks are updated every time Adobe updates the software, so you can always have the latest information! See below for terms and details. The Lightroom ecosystem is Adobe's cloud-based photography service that gives you everything you need to create, edit, organize, store and share your photos across any device. While the interface initially looks simple, there's a lot of power under the hood with industry-standard editing tools and AI-based organization. But as a lot of this power is hidden, how can you get the best out of it, and how do you edit your photos like a professional? In Adobe Photoshop Lightroom - Edit Like a Pro, we walk you through a full Lightroom cloud-based workflow, using Lightroom desktop, Lightroom mobile and Lightroom web. You'll learn: How to import and organize your photos and take full advantage of the AI-based search tools in Lightroom. How to analyze a photo from a technical and an artistic point of view, just like a professional, so you know exactly what you need to change to make your photos look stunning. How each of Lightroom's editing sliders and tools work behind the scenes, when you'd use each slider, and how they interact with each other, so you can pick the right tool for the job. WHY to do things, instead of just following recipes or downloading

presets. How to easily share your photos with friends, family or clients using Lightroom's integrated web gallery. To make it easy to read, the book... Is written in simple concise english that's easy to understand, even if you're new to photography. Is filled with annotated screenshots and diagrams so it's quick to pick up information. Includes step-by-step image transformations based on real-world amateur photos captured in imperfect light. Saves you time searching the web for information that turns out to be written for the traditional Lightroom Classic instead of your version. Adobe Photoshop Lightroom - Edit Like a Pro shows you how to make the best use of the whole Lightroom cloud ecosystem, whether you're using the Windows, Mac, iOS, Android, Web or Apple TV apps. (If you use the folder-based Lightroom Classic version, please see our book Adobe Photoshop Lightroom Classic - The Missing FAQ). Premium Membership Bonus! Register your paperback book with the author to get a year's complimentary Lightroom Cloud Premium Membership on the Lightroom Queen website (from date of purchase if new, or from date of publication if purchased used). This gives you access to all the eBook formats of this book, which are regularly updated, as well as email assistance when you can't find the answer you need, so you always have the latest information.
