**A Personal Guide to the Best Thrill Rides and Amusement/Water Parks** Pete Trabucco, 2017-03-29 This is a classic story of a man who, for most of his life, was afraid of roller coasters and other thrill rides. Then at the age of forty, I was able to finally to see the drops and thrills at amusement parks for what they really are-an exciting experience that will always take your breath away and have you craving more! There is a certain magic to being at an amusement park that you just don't experience anywhere else. Many people asked me, -So why write a second book on amusement parks and roller coasters?- My answer was easy. With the success of the first edition, the answer was quite simply. -Why not?- This time around I also wanted to talk about our nation's best water parks and finest thrill rides. The intention of this book is to explore the best coasters and parks around the country that I have experienced firsthand-to explain why these rides are so breathtaking. In this latest edition, you can expect to find the most- innovative and most interesting rides that this industry has to offer. You will also find everyday tips for amusement park safety and a section on how to plan and pack for your amusement park experience. There are also tips to getting through security for you and your family as well. Finally for those who are still afraid of roller coasters and thrill rides, I have more tips on how to enjoy the ride and beat that beast -in everyone's head- that I call the -fear factor.- So sit down and strap yourself in for another edition in my personal guide to ride series!

HowExpert Guide to Amusement Parks and Roller Coasters Howexpert,Noah Granger,2022-07-29 If you want to learn about the best amusement parks, roller coasters, and theme parks around the world, then check out HowExpert Guide to Amusement Parks and Roller Coasters. From the classic wooden roller coaster at your local pier to the highly technical and intricate new ride that Disney is set to open this next year to the high-speed steel beast of a monster that sits a few hours away at the closest Six Flags, there is a multitude of attractions out there. Unfortunately, all that stands between you and said attraction is a two-hour-long car trip followed by a \$25 parking fee and then a three-hour line. Okay, so maybe that doesn't sound desirable. But what does sound desirable is the opportunity to experience a world-class thrill ride that you can brag to your friends in class or perhaps being immersed in a land that is themed to your favorite movie in which you forget you're still in the same world as before. Theme parks and amusement parks alike offer something unlike anything else, and each park offers something different and unique from the others. Here in this book, you'll learn all there is to know about both theme and amusement parks, the different types of rides, roller coasters, and much more. We'll also rank the best 101 amusement parks, some of which may only be a short trip away from you. The best part about this is not only will you be able to pull this guide up whenever you need it and be able to impress the coaster enthusiasts with your knowledge and understanding of the lingo, but you also won't have to wait in a three-hour line to crack this thing open. Here is your fast pass to all the park industry-related knowledge you couldn't possibly imagine having before. Check out HowExpert Guide to Amusement Parks and Roller Coasters to learn about the best amusement parks, roller coasters, and theme parks around the world. About the Author Noah Granger, born and raised in Los Angeles, California, grew up surrounded by a plethora of amusement parks. From going to Disneyland on a weekly basis to conquering all the intimidating roller coasters of Six Flags Magic Mountain by the time he was a teenager, Noah developed a passion for this niche topic and an addiction to the adrenaline that he often got while riding Xcelerator at Knott's Berry Farm. Currently, a student at California State University Fullerton, Noah is continuously keeping up to date with all there is going on in the amusement and theme park industry. Over the years of learning more about this hobby, he has accumulated years and years' worth of knowledge surrounding all the different types of parks and thrill rides. What Noah cherishes most, though, are the friends and family that he gets to spend quality time with, standing in lines while at the parks.
