The Hollywood Story Joel Waldo Finler, 2003 This fully revised and updated edition of an award-winning classic traces the history of Hollywood from the silent era to the present day. The Hollywood Story comprehensively covers every aspect of movie-making in America, taking in nickelodeans, drive-ins and multiplexes; the transition from silent to sound, black and white to color; the relationships of producers, directors, stars and technicians; and the function and output of the studios - their major hits and most expensive flops.

The Big Picture Edward Jay Epstein, 2006-01-10 In this unprecedented, all-encompassing, and thoroughly entertaining account of the movie business, acclaimed writer Edward Jay Epstein reveals the real magic behind moviemaking: how the studios make their money. Epstein shows that in Hollywood, the only art that matters is the art of the deal: Major films turn huge profits not from the movies themselves but through myriad other enterprises, from video-game spin-offs and soundtracks to fast-food tie-ins, and even theme-park rides. The studios may compete for stars and Oscars, but

their corporate parents view with one another in less glamorous markets such as cable, home video, and pay-TV. Money, though, is only a small part of the Hollywood story; the social and political milieus—power, prestige, and status—tell the rest. Alongside its remarkable financial revelations and incisive profiles of the pioneers who helped build Hollywood, *The Big Picture* is filled with eye-opening insider stories. If you are interested in Hollywood today and the complex and fascinating way it has evolved in order to survive, you haven't seen the big picture until you've read *The Big Picture*.

Television Age, 1959-11

Breaking News Jeremy Thompson, 2017-11-14 Until his retirement at the end of 2016, Jeremy Thompson was one of the longest-serving journalists and news anchors in the UK. During a forty-year career in television news, Thompson gained a reputation as the consummate broadcaster, latterly as the anchor of Sky News' early evening programme, though as frequently broadcasting on location from the heart of the story. Thompson worked for all the major news broadcasters in the UK: the BBC, ITV and finally Sky, where he started as a foreign correspondent in 1993. He covered many of the most important news events of our time and reported from all over the world, picking up countless awards for his work. The first TV journalist to broadcast live as British peacekeeping forces arrived in Kosovo, he also covered the first Gulf War and, in 2003, anchored Sky News' coverage of the second Gulf War from Iraq. There he presented every night for a month on the front line and was the first anchor to present from inside Baghdad. He was also in South Africa to cover the death of Nelson Mandela and the murder trial of Oscar Pistorius. This extraordinary book tells the life story of one of the nation's most popular broadcasters.

Cycles, Sequels, Spin-offs, Remakes, and Reboots Amanda Ann Klein, R. Barton

Palmer, 2016-03-15 With sequels, prequels, remakes, spin-offs, or copies of successful films or franchises dominating film and television production, it sometimes seems as if Hollywood is incapable of making an original film or TV show. These textual pluralities or multiplicities—while loved by fans who flock to them in droves—tend to be dismissed by critics and scholars as markers of the death of high culture. *Cycles, Sequels, Spin-offs, Remakes, and Reboots* takes the opposite view, surveying a wide range of international media multiplicities for the first time to elucidate their importance for audiences, industrial practices, and popular culture. The essays in this volume offer a broad picture of the ways in which cinema and television have used multiplicities to streamline the production process, and to capitalize on and exploit viewer interest in previously successful and/or sensational story properties. An impressive lineup of established and emerging scholars talk seriously about forms of

multiplicity that are rarely discussed as such, including direct-to-DVD films made in Nigeria, cross-cultural Japanese horror remakes, YouTube fan-generated trailer mash-ups, and 1970s animal revenge films. They show how considering the particular bonds that tie texts to one another allows us to understand more about the audiences for these texts and why they crave a version of the same story (or character or subject) over and over again. These findings demonstrate that, far from being lowbrow art, multiplicities are actually doing important cultural work that is very worthy of serious study.

Death in Eden Paul Heald, 2014-10-07 He wanted to do research, but what he ended up with was a murder investigation—murder deep within the porn industry. Desperate to complete the last chapter of his law thesis on workplace dynamics for women to secure his tenure, Professor Stanley Hopkins stumbles on an old close college friend, Donald Johansson, who has plenty of female employees. The problem is that Donald is a porn video king. Taking his wife to California's seedy city of Burbank to

help with taping interviews (and to protect his reputation with the university, not to mention his marriage), Stanley realizes he is in way over his head the moment a leading porn star is brutally killed in Donald's office during a party. Donald is arrested and pleads with Stanley to play legal detective. Stanley's problems are compounded, as playing detective for a porn king puts him on thin ice with the university trustees, gets him in hot water with the police, dangles temptation in front of him, and puts his marriage at serious risk. As he solicits the help of eager porn stars and scrabbles for clues to help defend his old friend, Stanley feels the walls closing in on him more and more each minute. *Death in Eden* is a gripping page-turner and a darkly funny debut novel. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. With extensive analysis of films past and present, this textbook explores how films are constructed from part to whole: from the smallest unit of the shot to the way shots are edited together to create narrative.

Robert P. Kolker and Marsha Gordon demystify the technical aspects of filmmaking and demonstrate how fiction and nonfiction films engage with culture. Over 265 images provide a visual index to the films and issues being discussed. This new edition includes: an expanded examination of digital filmmaking and distribution in the age of streaming; attention to superhero films throughout; a significantly longer chapter on global cinema with new or enlarged sections on a variety of national cinemas (including cinema from Nigeria, Senegal, Burkina Faso, South Korea, Japan, India, Belgium, and Iran); new or expanded discussions of directors, including Alice Guy-Blaché, Lois Weber, Oscar Micheaux, Agnès Varda, Spike Lee, Julie Dash, Jafar Panahi, Ava DuVernay, Jane Campion, Jean-Pierre and Luc Dardenne and Penny Lane; and new, in-depth explorations of films, including *Within Our Gates* (1919), *Black Girl* (1966), *Creed* (2015), *Moonlight* (2016), *Wonder Woman* (2017), *Get Out* (2017), *Black Panther* (2018), *Parasite* (2019), *Da 5 Bloods* (2020), *The French Dispatch* (2021), *The Power of the Dog* (2021), *RRR* (2022), and *Tár* (2022). Jonathan Ross - The Unauthorised Biography Neil Simpson,2007-07-31 Jonathan Ross has a larger than life personality that has captivated radio and TV audiences both young and old. With a cheeky sense of humour and a witty repertoire Jonathan is definitely the nation's treasure.Beginning his media career as a Channel 4 researcher it was not long before Jonathan had paired up with Alan Marke, forming their own production company which launched The Last Resort project and later in 1987 Channel X. Without a host for the new venture Jonathan stepped into the breach and ignited a television presenting career that was to explode across the networks.Jonathan's Radio career was launched in a similarly chance way - filling in for Janice Long of Radio 1 for two weeks led to a slot on Richard Branson's flagship show (a forerunner for Virgin). Jonathan then went over to Radio 4 before returning to host his own show for an established Virgin radio. Picking up two Sony awards along the way, plus best entertainer and special achievement awards, it is unsurprising then that last year he collected, for the second time, the Best Radio Personality of the Year and was voted the most powerful man in broadcasting.Now an OBE, Jonathan's career is bursting at the seams with accolades to his talent and popularity. This is the wonderful biography of an eccentric and fantastically comic presenter, his life and family.
