*Five Lessons I Didn't Learn From Breast Cancer (And One Big One I Did)* Shelley Lewis, 2008-05-06 An irreverent, funny, compassionate look at what having breast cancer means—and what it doesn't. From the pink ribbons to the websites that sell related accessories and stuffed animals, breast cancer has morphed from a disease to an experience. And at every step of the way, society tells women that this experience can teach them profound lessons and maybe even give them a peek at the meaning of life. But what if it doesn't? Before Shelley Lewis got breast cancer she was a smart, edgy network producer. After the long month of treatment ended, she was still a smart, edgy network producer. The cancer was gone but in its place there was no epiphany, no new perspective on life. Lewis found that for herself and other women, breast cancer was many things, but it was not necessarily an opportunity for self-improvement. It didn't teach them lessons, but surviving it did draw on hard-won life lessons they'd already learned. A wonderful interweaving of the author's personal story, interviews with breast cancer survivors, and a sharp-eyed journalist's look at the breast cancer "community," this book is full of unconventional wisdom, unexpected advice, and hilarious observations about life inside the pink bubble.

**The Great Big One** J. C. Geiger, 2021-07-13 With natural disasters and nuclear war threatening their small town, two twin brothers find themselves enraptured by mysterious music that could change the course of their lives. Everyone in Clade City knows their days are numbered. The Great Cascadia Earthquake will destroy their hometown and reshape the entire West Coast—if they survive long enough to see it. Nuclear war is increasingly likely. Wildfires. Or another pandemic. To Griff, the daily forecast feels partly cloudy with a chance of apocalyptic horsemen. Griff's brother, Leo, and the Lost Coast Preppers claim to be ready. They've got a radio station. Luminous underwater monitors. A sweet bunker, and an unsettling plan for "disaster-ready rodents." But Griff's more concerned about what he can do before the end times. He'd like to play in a band, for one. Hopefully with Charity Simms. Her singing could make the whole world stop. When Griff, Leo, and Charity stumble upon a mysterious late-night broadcast, one song changes everything. It's the best band they've ever heard—on a radio signal even the Preppers can't trace. They vow to find the music, but aren't prepared for where their search will take them. Or for what they'll risk, when survival means finding the one thing you cannot live without.

*The Big One* David Kinney, 2010-07-06 "The Big One is to competitive fishing what Friday Night Lights was to high school football." —News & Record (Greensboro) A Forbes Best Sports Book of the Year Published to rave reviews in hardcover and purchased by DreamWorks in a major film deal, *The Big One* is a spellbinding and richly atmospheric work by a Pulitzer Prize-winning journalist. Here is the story of a community—Martha's Vineyard, Massachusetts—and a sporting event—the island's legendary Striped Bass and Bluefish Derby—that is rendered with the same depth, color, and emotional power of the best fiction. Among the characters, we meet: Dick Hathaway, a crotchety legend who once caught a bluefish from a helicopter and was ultimately banned for cheating; Janet Messineo, a recovering alcoholic who says that striped bass saved her life; Buddy Vanderhoop, a boastful Native American charter captain who guides celebrity anglers like Keith Richards and Spike Lee; and Wyatt Jenkinson, a nine-year-old fishing fanatic whose mother is battling brain cancer. At the center of it all is five-time winner Lev Wlodyka, a cagey local whose next fish will spark a storm of controversy and throw the tournament into turmoil. "The Big One is a rollicking true story of a grand American obsession. You don't have to be a fisherman to relish David Kinney's marvelous account of the annual striper madness on Martha's Vineyard, or his unforgettable portraits of the possessed. It's a fine piece of journalism, rich with color and suspense." —Carl Hiaasen, New York Times bestselling author

**Waiting for the Big One** Charlotte Mazel-Cabasse, 2019-08-29 This book helps understand how the future Big One (a large-scale and often-predicted earthquake) is understood, defined, and mitigated by experts, scientists, and residents in the San Francisco Bay Area. Following the idea that earthquake risk is multiple and hard to grasp, the book explores the earthquake's "mode of existence," guiding the reader through different epistemic moments of the earthquake-risk definition. Through in-depth interviews, the book provides a rarely seen anthropology of risk from the perspective of experts, scientists, and concerned residents for whom the possibility of partial or complete destruction of their living environment is a constant companion of their everyday lives. It argues that the characterization of the threats and the measures taken to limit its impacts constitute an integrated part of both their residential experiences and their professional practices.

*The Big One* Eric W. A. Kelly, 2015-01-12 The author examines the invaluable gift of time within the context of eternity, through the lenses of profound themes in the forms of storytelling and poetry. Employing urgency and directness, these poems encourage you to consider knowing Christ, and to make Him known, your priority. The command of The Great Commission dominates your thoughts more completely as you read and meditate on the truths confronted herein. From questions about the gift of righteousness and the abundance of grace, to the importance of decision making and the potency of the blood of Jesus, *The Big One* uses a simple and straightforward style to convey a message of joy, faith, peace, and hope. The benefits of struggles in the life of the believer and the power of God's love are conspicuous throughout. These discussions are centered not only on the eternal destiny of mankind, but also on the possibility of living successfully and abundantly in this life. *The Big One* flowed from a loving relationship between the author and his Savior and is a unique gift from God. These verses portray fundamental concepts in a lucid, unpretentious and honest manner. As you read, you will experience a magnetism which pulls you to the secret place of the Most High and propels you toward the real reason you are alive—to fear, obey, and glorify God.

**We Were in the Big One** Mark P. Parillo, 2002 World War II was truly the largest and greatest conflict in US history. This book presents a collection of diary entries, letters, photographs, and other documents from that era.

*The Big One* David Littlejohn, 2011 The Big One follows the lives of nine very different but interrelated characters through the day before, the day of and the day after the greatest earthquake ever to hit San Francisco - an event expected in the very near future. It concludes with a huge, internationally televised memorial service for the dead a month later, when some of the mysteries that tie together these tormented people are resolved. This appears to be a novel about 'The Big One,' the great earthquake that we've been told will inevitably strike San Francisco. But it is really a story about human catastrophe, dissolution, and the heartbreaking struggle for redemption. Littlejohn deftly weaves interconnected and unraveling lives on the brink of cataclysm. A bold and mesmerizing novel. - Paul Zalis, author, *Who is the River* This is a terrific novel, a vivid, utterly convincing, utterly compelling depiction of the event we've all spent our lives dreading. David Littlejohn brings to his tale breathtaking erudition, a born storyteller's gift for page-turning narration, and a native San Franciscan's love for and intimate knowledge of his home town. - Erik Tarloff, author, *Face Time* and *The Man Who Wrote the Book* David Littlejohn's *The Big One* dares to imagine a natural catastrophe of unheard-of proportions, and then pulls the reader irresistibly through it with luminous details and genuinely complex characters. In its epic sweep it gives us people from the full social spectrum of the city—from the mentally disturbed homeless street artist to the dowager at the opera. And it gets us to care about them. - Ron Loewinsohn, author, *Magnetic Field(s)* David Littlejohn was born in San Francisco, the descendant of 1850 gold-seekers. He taught English and journalism at the University of California at Berkeley for 35 years. He has written fifteen books (including two other novels), more than 400 articles and 238 television broadcasts, and is working on a memoir of his life entitled *I Can't Feel a Thing*. Front-cover drawing by Lebbeus Woods, courtesy of the San Francisco Museum of Modern Art. <http://sbpra.com/davidlittlejohn>

[Preparing for the "Big One"](#) ,1995

**The Big One** J D Carswell,2022-02-10 Locals call it “Circumnavigating the Island”—an arduous journey around Vancouver Island for even the most experienced. But to a dying father, it was the one last adventure he wished to take with his son. Diagnosed with late-stage pancreatic cancer, and against his doctor’s orders, the seventy-five-year-old father and fifty-three-year-old son dip their kayak into the ocean water to begin their last voyage. Relying on the son’s experience as an outdoor hobbyist and past trawler deckhand, the son takes to the paddle while his father helps on—but the more they move forward, the more the son bears witnesses to his father’s turmoil. Often battling the idea of mortality and reminiscing about their past, father and son continue their journey through the often unforgiving environment. When close to calling it quits, they begin to find small blessings, reminding them of why they took to the water. Halfway through their adventure, their plans take a detour when they meet a young kayaker, Sarah, who is on a quest to find herself. The father and son quickly adopt her as one of their own, finding renewed energy to continue their task as their duo becomes three. As they bond over their love of kayaking, whales, and current events, the three find strength in each other, giving them each the courage to face the realities they wish to avoid. Yet, when an unimaginable and unforeseeable event rips them apart, they must remember that inner strength to carry them through. An adventurous, endearing tale of the unpredictable nature of life, *The Big One* offers an escape from the everyday world, bringing to the forefront of what matters most—our family and friends.

Preparing for the "Big One" Jean Lin,1995 This report, written after the terrible Jan. 1994 Northridge, CA, earthquake, focuses attention on the earthquake mitigation needs of the L.A. area, discussing steps that can be taken to minimize injury & loss of life in future earthquakes. Most current mitigation efforts are actually a form of post-disaster response & recovery. This report looks at what can be done before the next emergency occurs. Extensive interviews were conducted to draw on the experience & insights of persons directly involved in earthquake recovery & mitigation efforts, including Federal, State, & local government officials, as well as representatives from utility companies & other private & nonprofit institutions in the L.A. area. Information was also compiled from news articles, published research on mitigation technology & the experience of other earthquakes, as well as from recently published assessments of the damage caused by the Northridge quake.

*The Big One* George Pararas-Carayann,George Pararas-Carayannis,2001-03 A book about earthquakes--how, when, and where the next big one may strike.

The Big One Darren Bane,2016-03-23 Life is like a rollercoaster ride, full of ups and downs... So says Tom Grey, a man who has been on a down for as long as her cares, or dares, to remember. But as his 50th birthday approaches, he feels a burning need to experience an up again, to feel like he is living, not existing; to make a memory. He needs an adventure, but if he is to achieve all that he wants to, this can't be any old adventure. It has to be the proverbial 'big one', or perhaps, even, the actual Big One. The feel-good factor rides high in this gentle, young-at-heart, British comedy about the misadventures of four friends who are old enough to know better, but who refuse to grow up; unless they can do it without growing old, as they embark on a day trip from Weston-super-Mare to Blackpool in the hope of finding their lost youth at the top of one of Europe's tallest white-knuckle rollercoaster rides.

**The Big One** Stuart Slade,2012-11-01 It is Summer, 1947. Europe is being torn apart by a war nobody can win. Nazi Germany occupies everything from the Pyranees to the Volga. In the East, American and Russian troops fight side-by-side to hold the Germans back. in the West, the U.S. Navy owns the Atlantic and uses its aircraft carriers to hurl fleets of fighter-bombers against any targets they can find, Nothing can stop the madness except the one last card America has left to play. A fleet of the largest bombers the world has ever seen and a terrifying new weapon to arm them.

**Pointless Conversations: The Big One** Scott Tierney,2011-05-26 Pointless conversations: a selection of daft, ridiculous and utterly pointless meanderings from the mind of Scott Tierney. If you've ever wanted to know the answers to why Superman is a coward; why Spiderman should technically be deformed; and if Superdog caused the death of Krypton, then these bite-sized comics will reveal all. The discussions may be insane, and most of what is said is rambling, but despite this, you may find yourself agreeing with most of what is said. It's a fair point: where does Spiderman store all that web?

**The Big One** Ed Moses,2020-02-10 Twelve-year-old Eddie has always lived for fishing trips with his grandfather, idyllic day-long floats on the sweet waters of their home river. But now Gramps, the charismatic owner of a local sporting goods store, has himself been hooked by dementia: he's obsessed with catching the biggest fish in the river, and he's scaring everyone in Eddie's life half to death. This earthquake spawns numerous aftershocks, some comic: the unfortunate incident of the deceased carp; how it comes about that Eddie's dad throws up at his mom's wedding. And some dark: the climactic 60-mile river journey--one voyager perhaps mad, the other perhaps kidnapped--launches deep in the night, carrying Eddie and his grandfather inexorably to a final, fateful encounter with the Big One.

**The Big One** Bruce Gallaher,2013 When a small airplane carrying four men vanished in 1968 over the vast skies of Albuquerque, New Mexico a massive official search was launched in the rugged American Rocky Mountains. That official search was called off within two weeks with few leads. That plane and those four men had disappeared off the planet. This spellbinding saga follows the men's wives, families, and friends after they realized it was now up to them and them alone to find their loved ones. These amazing women were joined in their search by a cast of characters as diverse as the New Mexico landscape, including a group of Apollo space program engineers, a bar owner, a stunt pilot, a minister, some of the world's most renowned psychics, and an army of complete strangers. Along the way, they get help from President Lyndon Johnson, a U-2 spy plane, and an American Indian Tribe. The entire search effort ranks as one of the largest in State history, lasting nearly five years. An incredible, true story of how two young hikers in the remote mountains of New Mexico stumbled on the greatest discovery of not only their lives but the lives of hundreds of others. That discovery would change everything, forever, for everyone involved.

**Keith Lemon's Big One** Keith Lemon,2015-10-22 Two Keith Lemon'ssss for the price of one! And some! Have you ever wondered how Keith Lemon from telly got to where he is today? If not, no worries. If you have then you'll find all the answers in this double whammy of LITTLE KEITH LEMON and BEING KEITH, with extra brand new chapters! The star of CELEBRITY JUICE, THROUGH THE KEYHOLE and THE KEITH LEMON SKETCH SHOW shares his incredible journey so far - from flogging Rhino Jeans on Leeds market to winning Northern Businessman of the Year, wrestling 'little people' in Mexico and finding himself sandwiched between Holly Willoughbooby and Fearne 'Nostrils' Cotton on ITV2's CELEBRITY JUICE. None of that made up stuff on Wikipedia, this is the gospel! Plus in a Bang Tidy update you can find out what it's like to write a children's book, peer through Kerry Katona's keyhole and become a Kardashian . . . Told in his own words, with photographs and illustrations from the 'strawberry blond' one himself, KEITH LEMON'S BIG ONE is the true life story of an unbelievably good lookin' lad from Leeds who became a national treasure.
