**Lindsey - Nichols** Marvin L.,Steven E. Lindsey,2011-08 Our ancestors began arriving in eastern Kansas about 1855. Few white people were in Kansas at that time as it was illegal to settle in Indian Territory until the Kansas-Nebraska Act of 1854. But soon thousands of newcomers began arriving, especially after the Civil War, and by 1900 the area was fully settled. But life remained largely unchanged from that experienced by people for thousands of years previously. Automobiles, telephones, television, tractors, air travel, electricity and good roads did not exist on the farm in 1900 much less in 1855. The United States was still an agrarian society dependent on horse power supplemented by a few railroads and steam engines. Things were about to change dramatically! Between 1900 and 1920 widespread introduction of tractors, automobiles, airplanes, radio and telephones changed life on the farm forever. Our grandparents and great grandparents not only lived through and adapted to these profound changes, they fought and won WWI. Drought and depression followed in the 1930's and then they won WWII in the 1940's. We came along about that time as the sixth generation of Lindsey's in the area and the first post WWII generation. Much of the life our ancestors knew on the frontier had already passed, but remnants still existed. Most importantly, many of our ancestors who had lived through and experienced these times were still around and were eager to share their life stories with us. We soaked it up and have now tried to pass it on. We think you will enjoy learning something of what it was like growing up on the farm in the 1940's and 50's and hearing of our ancestors lives in early Kansas. In many ways it was a simpler life then but it certainly wasn't easy. Marvin and Steven Lindsey

**Deadly Lust** McCay Vernon,Marie Vernon,2005 The chilling true story of sex killer William Darrell Lindsey, a frightening fiend who terrorized St. Augustine, Florida, in the late 1980s, and who admitted to seven sadistic sex slayings, but may have been responsible for as many as 20 murders. photos. **Rube Foster in His Time** Larry Lester,2012-08-31 Although Andrew Rube Foster (1879-1930) stands among the best African American pitchers of the 1900s, this baseball pioneer made his name as the founder and president of the Negro National League, the first all-black league to survive a full season. In addition to founding this groundbreaking black-owned and -operated business, Foster also founded and managed the Chicago American Giants, one of the most successful black baseball teams of the pre-integration era. This definitive biography combines period editorials and correspondence with insightful narrative to provide a comprehensive portrait of this innovative Hall of Famer. From the unstructured early days of black baseball, when Foster gained glory as a hard-throwing pitcher, through his struggles to establish the NNL and the Giants, to his tragic death from complications of syphilis, this work pays overdue tribute to an authentic American baseball icon.

Congress and U.S. Veterans Lindsey Cormack,2018-09-07 Providing a compelling look at veterans' policy, this book describes why the Republican party is considered the party for veterans despite the fact that Congressional Democrats are responsible for a greater number of policy initiatives. The United States is home to 21 million veterans, and Veterans' Affairs is the second-largest federal department, with a budget exceeding \$119 billion. Many veterans, however, remain under-served. Republicans are seen as veterans' champions, and they send the majority of Congressional constituent communications on veterans' issues, yet they are lead sponsors on only 37 percent of bills considered by the Senate Veterans' Affairs Committee. What accounts for this discrepancy? Drawing on thousands of e-newsletters sent from Congress to constituents, *Congress and U.S. Veterans: From the GI Bill to the VA Crisis* argues that the distribution of veterans across districts and the Republican Party is based on government spending, which pulls Republican legislators in opposite directions. This eye-opening book offers a history of veterans' programs, highlights legislative leaders and the most pressing policy areas for reform, identifies the issues most often discussed by members of Congress from each party, points out which Congresspeople have acted on veterans' issues and which have not, and offers an analysis of veteran population distribution and legislative policy preferences.

**Twisted Justice** Robert Cornforth,2014-11-11 Our justice system is flawed. There is no death penalty in Britain, and 'life' means anything but. Often when the public hear about a person who has committed atrocities, they want justice. They want blood. But what is justice? Shortly you will be introduced to a girl named Lindsey Walker, a girl who has had her fair share of run-ins with the law for petty crimes, but is attempting to turn her life around by working as a protégé to a veteran detective who has taken her under his wing. A recent series of murders in the area has led to them being put on a case in which all of the 'victims' amongst the nastiest most vile creatures that society has to offer, with killer himself seemingly having supernatural strength. It is a case which will cause all of those involved to question was justice really is.

*Make It Memorable* Bob Dotson,2015-10-16 “All the cutting edge technology I learned in college—typewriters, film splicers, glue—is now in a museum; the one thing that hasn’t changed is how to tell a visual story.”—Bob Dotson *Make It Memorable* provides a distinctly different, hands-on introduction to the craft of visual storytelling. Many texts have been written to help people master the changing technology of journalism; here, Bob Dotson teaches readers how best to tell a story once they do. This second edition of Dotson’s classic book offers dozens of new tips for the digital age and a step-by-step explanation of how to find and create all kinds of visual stories under tight deadlines. In addition to new scripts annotated with behind-the-scenes insights and structural comments, the book includes links to online videos of all the story examples. There is no other text quite like it. Additional videos that can be utilized for class assignments and exercises are available on [www.nbclearn.com/makeitmemorable](http://www.nbclearn.com/makeitmemorable).

**THE LINDSEYS – KANSAS PIONEERS 1855 – 2024** Marvin L,Steven E Lindsey,2024-03-03 This book was written largely for the benefit of the writers children and grandchildren so they would know something of the life and hardships faced by their pioneering ancestors. It was inspired by their questions about our childhood and youth and their own memories of many visits to the Kansas farms of their grandparents and great grandparents. However, we think many other readers will enjoy learning something about what it was like growing up on a midwestern farm in the 1940s and 50s. A time that was in many ways much simpler but certainly not easy. We had the privilege of knowing personally grandparents and great grandparents who had lived through the many profound changes that occurred around the change of the century. Automobiles, tractors and telephones had only arrived on the farm about 30 years

earlier and the grandparents’ barns and garages were still filled with horse-drawn equipment and harnesses from an earlier era. Electricity and graveled roads only occurred after WWII in our memory and running water and indoor bathrooms were still not common on many farms as late as 1955. It was a different and changing world of which we were privileged to be a part. Almost all our relatives lived nearby, and neighbors all knew us and didn’t hesitate to let our parents know if we were up to any mischief. We were expected to take responsibility, work hard, always be truthful, stay out of trouble, study hard and plant straight rows. All are excellent traits that unfortunately are not as valued today as they were then. In the book we have shared some history of the area and some stories of incidents from our lives that were not uncommon among farm families. We hope readers enjoy learning about us and our families.

*Nightmare Alley* William Lindsay Gresham,2011-04-06 Soon to be a major motion picture from Academy Award–winning director Guillermo del Toro and starring Bradley Cooper, Cate Blanchett, Rooney Mara, and Toni Collette. Nightmare Alley begins with an extraordinary description of a carnival-show geek—alcoholic and abject and the object of the voyeuristic crowd’s gleeful disgust and derision—going about his work at a county fair. Young Stan Carlisle is working as a carny, and he wonders how a man could fall so low. There’s no way in hell, he vows, that anything like that will ever happen to him. And since Stan is clever and ambitious and not without a useful streak of ruthlessness, soon enough he’s going places. Onstage he plays the mentalist with a cute assistant (before long his harried wife), then he graduates to full-blown spiritualist, catering to the needs of the rich and gullible in their well-upholstered homes. It looks like the world is Stan’s for the taking. At least for now.

**A Family Practice** William D. Lindsey,William L. Russell,Mary L. Ryan,2020-04-15 A Family Practice is the sweeping saga of four generations of doctors, Russell men seeking innovative ways to sustain themselves as medical practitioners in the American South from the early nineteenth to the latter half of the twentieth century. The thread that binds the stories in this saga is one of blood, of medical vocations passed from fathers to sons and nephews. This study of four generations of Russell doctors is an historical study with a biographical thread running through it. The authors take a wide-ranging look at the meaning of intergenerational vocations and the role of family, the economy, and social issues on the evolution of medical education and practice in the United States.

**Too Pretty to Live** Dennis Brooks,2016-02-09 Murder begins with the click of a button in this true crime story of Facebook, catfishing and deadly jealousy—as seen on Investigation Discovery. Chris was a CIA agent worried for the safety of Jenelle Potter. Contacting her parents and boyfriend, Chris warned them that Billy Payne and Billie Jean Hayworth were bullying Jenelle online and posed an imminent, physical threat. Something needed to be done, Chris said. And he’d have their backs if they took action to protect Jenelle. And so they did. Jenelle’s father and boyfriend murdered Payne and Hayworth in their own home—mercifully leaving the couple’s infant unharmed. But when they told their story to the police, they discovered a devastating truth: there was no Chris. It had been Jenelle the entire time, catfishing them to exact revenge over a Facebook feud. Using forensic linguistics and diving through the brambles that Jenelle laid to cover her tracks, police were able to put together a chilling portrait of a sociopath who set a double murder in motion from the shadows of the internet. Dennis Brooks, the lead prosecutor in this strange and tragic case, examines the crime and trial from all angles in Too Pretty to Live. What the police investigation turned up, though, made this crime all the more terrifying. Jenelle had been Chris the entire time, catfishing her family and her boyfriend to act in vengeance on her behalf. Using forensic linguistics and diving through the brambles that Jenelle laid to cover her tracks, police were able to put together a chilling portrait of a sociopath, made all the more ruthless by the anonymity of her online life. Bizarre and unforgettable, Dennis Brooks examines the crime and trial from all angles, bringing his expertise as the lead prosecutor in the strange and disturbing case.
