Every individual has the right to get educated. Every person has special skills and abilities. One only needs to identify and tap into that potential. Some gifted, driven students plan and join courses of their choice. Most students are confused with the number of courses available to them. This book is an attempt to highlight course options for those students who do not take the formal education route like graduation, post-graduation, doctoral programmes or correspondence or open university courses. Such students still have many options open to them. One may have a good voice, love for animals, passion for cooking, an eye to capture the beauty of nature, ability to dance, skills in music, etc. They can all get trained and take up lucrative careers of their choice based on their aptitude. Self-confidence, perseverance, grit, motivation to achieve, and passion are absolutely needed for a student to be successful. Make your choices based on your aptitude and interest. Once you put in the effort from your side, success will follow.

Youth Gambling Jeffrey L. Derevensky,Daniel T. L. Shek,Joav Merrick,2011-10-27 Youth gambling represents a potentially serious public policy and health issue. Nevertheless, the rise in youth gambling issues and problems in the global context is not matched with a parallel increase in research on adolescent gambling. As such, there is an urgent need to conduct more studies on adolescent gambling behaviour. Recently significant advances in the knowledge of the risk factors associated with adolescent problems has emerged. This book addresses issues related to prevalence, assessment, prevention and treatment of youth gambling problems as well as concerns related to technological changes associated with youth problem gambling.

Interacting with Print The Multigraph Collective,2018-01-26 A thorough rethinking of a field deserves to take a shape that is in itself new. Interacting with Print delivers on this premise, reworking the history of print through a unique effort in authorial collaboration. The book itself is not a typical monograph--rather, it is a "multigraph," the collective work of twenty-two scholars who together have assembled an alphabetically arranged tour of key concepts for the study of print culture, from Anthologies and Binding to Publicity and Taste. Each entry builds on its term in order to resituate print and book history within a broader media ecology throughout the eighteenth and nineteenth centuries. The central theme is interactivity, in three senses: people interacting with print; print interacting with the non-print media that it has long been thought, erroneously, to have displaced; and people interacting with each other through print. The resulting book will introduce new energy to the field of print studies and lead to considerable new avenues of investigation.

ODE TO A NIGHTINGALE John Keats,2017-08-07 This eBook edition of Ode to a Nightingale has been formatted to the highest digital standards and adjusted for readability on all devices. Ode to a Nightingale is either the garden of the Spaniards Inn, Hampstead, London, or, according to Keats' friend Charles Armitage Brown, under a plum tree in the garden of Keats House, also in Hampstead. According to Brown, a nightingale had built its nest near his home in the spring of 1819. Inspired by the bird's song, Keats composed the poem in one day. It soon became one of his 1819 odes and was first published in Annals of the Fine Arts the following July. Ode to a Nightingale is a personal poem that describes Keats's journey into the state of Negative Capability. The tone of the poem rejects the optimistic pursuit of pleasure found within Keats's earlier poems and explores the themes of nature, transience and mortality, the latter being particularly personal to Keats. The nightingale described within the poem experiences a type of death but does not actually die. Instead, the songbird is capable of living through its song, which is a fate that humans cannot expect. John Keats (1795-1821) was an English Romantic poet. The poetry of Keats is characterized by sensual imagery, most notably in the series of odes. Today his poems and letters are some of the most popular and most analyzed in English literature.

The Hidden Lamp Zenshin Florence Caplow,Reigetsu Susan Moon,2013-10-21 The Hidden Lamp is a collection of one hundred koans and stories of Buddhist women from the time of the Buddha to the present day. This revolutionary book brings together many teaching stories that were hidden for centuries, unknown until this volume. These stories are extraordinary expressions of freedom and fearlessness, relevant for men and women of any time or place. In these pages we meet nuns, laywomen practicing with their families, famous teachers honored by emperors, and old women selling tea on the side of the road. Each story is accompanied by a reflection by a contemporary woman teacher--personal responses that help bring the old stories alive for readers today--and concluded by a final meditation for the reader, a question from the editors meant to spark further rumination and inquiry. These are the voices of the women ancestors of every contemporary Buddhist.
