*American Resistance* Dana R. Fisher, 2019-11-05 Since Donald Trump's first day in office, a large and energetic grassroots "Resistance" has taken to the streets to protest his administration's plans for the United States. Millions marched in pussy hats on the day after the inauguration; outraged citizens flocked to airports to declare that America must be open to immigrants; masses of

demonstrators circled the White House to demand action on climate change; and that was only the beginning. Who are the millions of people marching against the Trump administration, how are they connected to the Blue Wave that washed over the U.S. Congress in 2018—and what does it all mean for the future of American democracy? American Resistance traces activists from the streets back to the communities and congressional districts around the country where they live, work, and vote. Using innovative survey data and interviews with key players, Dana R. Fisher analyzes how Resistance groups have channeled outrage into activism, using distributed organizing to make activism possible by anyone from anywhere, whenever and wherever it is needed most. Beginning with the first Women's March and following the movement through the 2018 midterms, Fisher demonstrates how the energy and enthusiasm of the Resistance paid off in a wave of Democratic victories. She reveals how the Left rebounded from the devastating 2016 election, the lessons for turning grassroots passion into electoral gains, and what comes next. American Resistance explains the organizing that is revitalizing democracy to counter Trump's presidency.

**Blue Wave Coming** Hal Glickman, 2002 Michael Painter, chief chemist in a perfume mega-firm, finds his lifelong experience challenged by the realities of worldwide air and water pollution. The challenge, signaled by the chemical illness of his friend and assistant, Lillian Aronson, comes as he is about to supervise a new perfume triumph, based on a rare rose from the three hundred foot high canopy of the Venezuelan rain forest. Painter at first refuses to concede that chemicals, especially those he deals with in perfume manufacture, are dangerous to human health. As evidence of the global threat mounts, he becomes a guardian of planet earth.

mind, trying to take away his free will for love. The story is well established, striking and amusing. It is a true story of each one of us. The characters are superbly and fearfully created. Yet, they are let to live their own life as it goes. The plot is astonishingly suspenseful. It drives the readers all the way to the end alert and rapt. You will appreciate your time for reading this Novel.

**Blue Wave** Anastasia Van Delay, 2014-11-16 Okay, okay settle down and take your seats Sargent Brown yelled to the room. There is not a more unruly group of people in the world than a room full of cops the Sargent thought to himself. The officers took their seats and settled down. They knew pissing off the Sargent was not a good way to start the day. Ok listen up we have an Amber Alert eight year old Haley Robbins she went missing walking home from school today Sargent Brown said to the room as he posted a picture of the girl up on the large white screen at the front of the room. I have called in all off duty officers as this is our number one priority today, thankfully her Mother called this in immediately when Haley didn't get home exactly when she was supposed to. I want everyone to canvas the area and talk to anyone and everyone. I know as well as you do the only way we are going to find this girl alive is to find her fast. Talk to the neighbors along the route she would have taken

home, you have packets with more information let's get out there and find her.

**Blue Wave** Anthony McGrath,2018-06-24 According to certain tribes, the Sacred Space is the space between exhalation and inhalation. To Walk in Balance is to have Heaven (spirituality) and Earth (physicality) in Harmony. At the core of this timeless wisdom is the word trust. When did we stop trusting ourselves? When did we start giving that trust, that power, away? In many ways the spirit path is a process of reestablishing that trust with the infinite that resides within us, just waiting to be activated. This is how.
