**Of One Blood** Pauline Elizabeth Hopkins, 2022-11-14 The Afrofuturist plot of Pauline E. Hopkins's *Of One Blood* (1902-03) weaves together a lost African city, bigamy, incest, murder, ancient prophecies, a thwarted leopard attack, racial passing, baby switching, mesmerism, and hauntings—both literal ghost hauntings and metaphoric hauntings from the sins of slavery. This Broadview Edition offers for the first time annotations and appendices that contextualize the novel in relation to magazines, Black feminism, travels to Africa, racial discourses, scientific and medical debates, and musical culture. The introduction to this edition surveys current debates about Hopkins's textual borrowings from other contemporary writings, and the appendices provide extensive materials on the novel's cultural, musical, and political contexts.

The Politics of Conjugal Love Conor Sweeney, Brian T. Trainor, 2019-06-27 Does the New Testament teach that a wife must submit to her husband as head? If so, does it have a lasting value beyond the cultural milieu in which it was first articulated? *The Politics of Conjugal Love* takes a fresh approach to this classic issue in theological anthropology, paying specific attention to the role of theological hermeneutics in its interpretation. Conor Sweeney and Brian T. Trainor contend that both “subordinationist” and “anti-subordinationist” readings of headship and submission miss the mark. Their alternative is a baptismally specified trinitarian reading in which headship

and submission appear as modes intrinsic to both life in Christ and the love proper to the highest mode of trinitarian love.
