R. Aída Hernández Castillo, Suzi Hutchings, Brian Noble

Julio's Day Gilbert Hernandez, 2013-04-20 It begins in the year 1900, with the scream of a newborn. It ends, 100 pages later, in the year 2000, with the death-rattle of a 100-year-old man. The infant and the old man are both Julio, and Gilbert Hernandez's *Julio's Day* (originally serialized in *Love and Rockets* Vol. II but never completed until now) is his latest graphic novel, a masterpiece of elliptical, emotional storytelling that traces one life -- indeed, one century in a human life -- through a series of carefully crafted, consistently surprising and enthralling vignettes. There is hope and joy, there is bullying and grief, there is war (so much war -- this is after all the 20th century), there is love, there is heartbreak. This is very much a singular, standalone story that will help cement Hernandez's position as one of the strongest and most original cartoonists of this, or any other, century.

The Practical Playbook III Dorothy Cilenti, Alisahah Jackson, Natalie D. Hernandez, Lindsey Yates, Sarah Verbiest, J. Lloyd Michener, Brian C. Castrucci, 2024 This is an open access title available under the terms of a CC BY-NC-ND 4.0 International license. It is free to read at Oxford Academic and offered as a free PDF download from OUP and selected open access locations.

Since publishing *The Practical Playbook II*, there has been growing recognition of increased maternal deaths and poor maternal health outcomes disproportionately impacting Black, Indigenous, People of Color in the United States. Practitioners are often unaware or unequipped to understand the inequities faced by historically marginalized populations in maternal health care. *The Practical Playbook III* is a guide for researchers, community activists, and advocates of maternal health offering practical tools and strategies to improve inequities in maternal health. This third edition aims to describe the need and opportunities for improving maternal health through multi-sector collaborations. It highlights examples of effective cross-sector partnerships that are making real improvements in health outcomes for maternal health populations and offers practical tools and strategies for practitioners working in this space. Other features include:

- Examples of multidisciplinary partnerships that leverage new ideas and resources, including innovative approaches to gathering and using data
- Policies and practices that are improving the health and well-being of birthing people and children across the country
- Strategies for scaling up and sustaining successful coalitions and programs
- Existing or promising tools and strategies to improve maternal health in the

future The Practical Playbook III brings together voices of experience and authority to answer the most challenging questions in maternal health and provide concrete steps for maternal stakeholders to improve maternal health outcomes.

McMillions James Lee Hernandez, Brian Lazarte, 2024-08-06 In the tradition of *Argo*, *The Wizard of Lies*, and *Enron: The Smartest Guys in the Room*, a book that expands upon the HBO docuseries, *McMillion\$*, with new, exclusive interviews and stories that couldn't make it into the series. In March of 2001, Federal prosecutor Mark Devereaux cold-called Rob Holm, the head of security for McDonald's Corporation. Without explanation, Devereaux asked that Holm and several other McDonald's senior executives plan a visit to the Jacksonville, Florida, FBI, and tell no one about their intended destination. It wasn't up for discussion. Upon their arrival, Devereaux watched them closely, looking at body language, checking for tells. To him, they were all potential suspects. Once they were seated in an unremarkable conference room, sealed away in the hyper-secure FBI building, Devereaux began to lay out a shocking conspiracy, one that ran deep into McDonald's most beloved promotions: the Monopoly game. This is where they began to discover from 1989 to 2001, almost every high-value prize

winner was actually illegitimate. But how could this happen and who all was behind it? A rookie FBI agent and a brilliant undercover operation led them to one man who brilliantly crafted a near-infallible nationwide conspiracy for fraud. Expanded from the wildly popular HBO docuseries with major new interviews, MCMILLIONS traces this massive crime, the intricate web of lies that bolstered it, and the tireless work of the FBI agents that unraveled it all. It is a story littered with tragedy: families torn apart, betrayals, financial ruin, and one suspicious car crash. Yet, there are bright spots in the hijinks of the FBI agents and their co-conspirators. Ultimately, it is a story of what happens when the American dream goes very wrong.

School-Based Family Counseling for Crisis and Disaster Brian A. Gerrard, Emily J. Hernandez, Sibnath Deb, 2023-04-05 School-Based Family Counseling for Crisis and Disaster is a practical handbook with a school-based family counseling and interdisciplinary mental health practitioner focus that can be used to mitigate crises and disasters that affect school children. Anchored in the school-based family counseling (SBFC) tradition of integrating family and school mental health interventions, this book introduces interventions according to the five core SBFC

metamodel areas: school intervention, school prevention, family intervention, family prevention, and community intervention. The book has an explicit how to approach and covers prevention strategies that build student, school, and family resilience for handling stress and interventions that can be provided during and immediately after a disaster or crisis has occurred. The chapter authors of this edited volume are all experienced professors and/or practitioners in counseling, psychology, social work, marriage and family therapy, teaching, and educational administration. All mental health professionals, especially school-based professionals, will find this book an indispensable resource for crisis planning and developing a trauma-sensitive school.

Clinical content highlighted in color allows you to quickly scan for information that directly affects patient care. UNIQUE! Parent Teaching boxes highlight relevant information to share with a patient's caregivers. Clinical images, graphs, and algorithms illustrate clinically relevant concepts in neonatal intensive care. Streamlined references include only the most current or classic sources. NEW! Coverage of the latest neonatal research, evidence, clinical guidelines, and practice recommendations addresses topics such as: women with chronic illnesses becoming pregnant; maternal obesity; hypotension and shock in premature infants; pain and sedation; dedicated feeding sets vs. IVs for safety; MRSA; pediatric stroke; autism screening;

discharge coordination; and more. NEW! The latest AAP recommendations and guidelines for hypoglycemia, jaundice, herpes, respiratory syncytial virus, and neonatal transport team composition. EXPANDED! Revised Evidence-Based Clinical Practice chapter focuses on evidence-based practice and quality improvement and the role of qualitative research in EBP. EXPANDED! Updated Infection in the Neonate chapter features new GBS guidelines and CRP research.

Shield the Source Brian J. Karem, 1992 When police officer Gary Williams is gunned down in the streets of San Antonio, reporter Brian Karem's sources help him obtain the sole interview with Henry Hernandez, who confesses to killing the officer, but swears it was self-defense. Karem is subpoenaed, but refuses to reveal his sources. Cited for contempt, he becomes the first reporter in more than a decade to be jailed for protecting a confidential source.

Transcontinental Dialogues R. Aída Hernández Castillo,Suzi Hutchings,Brian Noble,2019-04-09 *Transcontinental Dialogues* brings together Indigenous and non-Indigenous anthropologists from Mexico, Canada, and Australia who work at the intersections of Indigenous rights, advocacy, and action research. These engaged anthropologists explore how obligations manifest in differently situated alliances, how they respond to such obligations, and the consequences for anthropological practice and action. This volume presents a set of pieces that do not take the usual political or geographic paradigms as their starting point; instead, the particular dialogues from the margins presented in this book arise from a rejection of the geographic hierarchization of knowledge in which the Global South continues to be the space for fieldwork

while the Global North is the place for its systematization and theorization. Instead, contributors in *Transcontinental Dialogues* delve into the interactions between anthropologists and the people they work with in Canada, Australia, and Mexico. This framework allows the contributors to explore the often unintended but sometimes devastating impacts of government policies (such as land rights legislation or justice initiatives for women) on Indigenous people's lives. Each chapter's author reflects critically on their own work as activist-scholars. They offer examples of the efforts and challenges that anthropologists—Indigenous and non-Indigenous—confront when producing knowledge in alliances with Indigenous peoples. Mi'kmaq land rights, pan-Maya social movements, and Aboriginal title claims in rural and urban areas are just some of the cases that provide useful ground for reflection on and critique of challenges and opportunities for scholars, policy-makers, activists, allies, and community members. This volume is timely and innovative for using the disparate anthropological traditions of three regions to explore how the interactions between anthropologists and Indigenous peoples in supporting Indigenous activism have the potential to transform the production of knowledge within the historical colonial traditions of anthropology.

Brian's List – G. Brian Benson, 2018-11 One of Brian's specialties is helping people bring balance and centeredness to their lives. He believes that having a balanced life is the first step in creating your dream life and living out your true purpose. The things that keep us in balance are the things that help us feel alive, help us feel love, help us feel good about ourselves, and excited about life. One has to have a solid foundation or anchor to build upon; otherwise, our attempts to listen to your intuition, create, and manifest will be inconsistent and scattered. In **Brian's List!** 26 1/2 Easy to Use Ideas on How to Live a Fun, Balanced, Healthy Life! Brian offers a meaningful yet light-hearted approach to finding the balance that we all strive to find in our busy lives. He believes that living a balanced and centered lifestyle combined with a loving acceptance and belief in yourself is key to speeding up the process of attaining and accomplishing all of your goals and dreams. Things come much easier and flow much more readily when we are in balance.

The Sorority Murder Allison Brennan, 2021-12-28 “The 10 Best New Mystery and Thriller Books of December are Giving Us Literal Chills”—E! Online “10 Books to Cozy Up With This December”—PopSugar A popular sorority girl. An unsolved murder. A campus podcast with chilling repercussions. Lucas Vega is obsessed with the death of Candace Swain, who left a sorority party one night and never came back. Her body was found after two weeks, but the case has grown cold. Three years later while interning at the medical examiner's, Lucas discovers new information, but the police are not interested. Lucas knows he has several credible pieces of the puzzle. He just isn't sure how they fit together. So he creates a podcast to revisit Candace's last hours. Then he encourages listeners to crowdsource what they remember and invites guest lecturer Regan Merritt, a former US marshal, to come on and share her expertise. New tips come in that convince Lucas and Regan they are onto something. Then shockingly one of the podcast callers turns up dead. Another hints at Candace's secret life, a much darker picture than Lucas imagined—and one that implicates other sorority sisters. Regan uses her own resources to bolster their theory and learns that Lucas is hiding his

own secret. The pressure is on to solve the murder, but first Lucas must come clean about his real motives in pursuing this podcast—before the killer silences him forever. Fans of Jeff Abbott and Karin Slaughter will find this crime novel hard to put down.
