Don't Talk to Brian ,

Nickel Plated Gold Brian Bieber, 2013-08-16 An inept improviser downplays his fake drug addiction to impress a pretty grad student. A jaded trauma surgeon laments the dearth of comedy in his workplace. A forlorn circus clown tries to convince himself he has not been made a fool by his cheating spouse. NICKEL PLATED GOLD is populated by characters stumbling--sometimes flailing--through lives fraught with self-doubt, delusion, and absurdity. From the ludicrous pontification of How I Would Fight Certain Animals to the tender rumination of Love Life, Brian Bieber's first collection of stories is filled with characters who are desperate to do things right, but tend to fail hilariously. Without a lot of fanfare or exposition, [Brian] can connect what you don't know with what you do. He recognizes there are moments in art that should be beautiful. There are moments that should not. His swift pacing allows him to do humor successfully; his facility with tone allows him to do absurdism; but it's his rendering of human nature that defines my favorite of his stories. - Dessa author of SPIRAL BOUND from the foreword Funny, smart, and plenty weird. Also the perfect size to read on a single trip from the U.S. to wherever you travel abroad for illegal plastic surgery. - Jason Roeder Writer/producer, adultswim.com; former senior writer, The Onion

America Made a World Brian Patrick Kean, 2020-07-06 America Made a World is a collection of short stories featuring famous, and not-so famous, American brands. The brands featured in the stories play integral roles but not always major ones. Brands enter into our lives and assume a place in the home, pocket, car, on the body or in our stomachs thanks to the fulfillment of certain core needs. The brands in America Made a World create structure, contours, outlines for our lives and in some cases, they can even become our lives. As a professional in branding, I have spent an inordinate amount of time over the past 26 years thinking about and studying the elements that make one brand better than another. One small but quite significant observation is that the less discernible the role a brand plays in our lives, the longer that brand will be in our lives. In other words, the stronger brands are the ones that eventually lose their independence and become part of our societal DNA. The brand must be injected with the energy, capriciousness and originality of us, the consumers, in order to survive. The brand becomes part of the quilt that we pull together over a lifetime and rather than focus on the individual patches, we cherish the warm it provides. Born and raised in small-town America, it was a great surprise for me when I saw how other cultures take brands, we consider 100% American, and then mold them into something acceptable and understandable for the given cultural and linguistic setting. A brand in one country can be interpreted completely differently in another country. The so-called brand values instilled into the product by the brand creator and then passed onto the brand manager become, in some cases, radically altered. The messages that had been inputted for us, the consumers, by the branding team run up against life; and, then other languages happen to the brands, local values and even both political and environmental differences play a role in how the final brand will be both used and perceived.

Brian's Winter Gary Paulsen, 2009-07-01 A novel which poses the question of how Brian would have survived a harsh wilderness winter with only

a hatchet.

Big Fat Liar John Whitman,2002 Jason Shepherd has to prove that sleazy Hollywood producer Marty Wolf stole his class paper and turned it into a blockbuster hit movie called Big Fat Liar. Traveling to Los Angeles with his best friend, Kaylee, Jason tries to break into show business--literally. Through a hilarious series of pranks and ruses, Jason brings one of Hollywood's most powerful producers to his knees.

Words of Wisdom Brian Culkin,2012-04-01 After having a psychotic break, 27 year old investment banker Will Francis walks out of his highly successful job and begins to driving West with no known destination in mind and no plans of returning home ... ever. When he sees a sign for Harrison State Psychiatric Hospital he considers it a sign from God and pulls up at the front door ... What follows next is nothing short of hilarious, beautiful, a deeply insightful account into how society determines mental illness and the very nature of alienation itself.

The Western Nebraska Hard Fescue Greater Prairie Chickens Brian Karre,2020-01-02 Washed up and now former classic rock disc jockey Bill Cannonball Cafferty heads out to Western Nebraska to go on an adventure with a group of students from Sand Hills State College. He was the only media credential they could get to bite on a story nobody would believe. A physics major at the school figured out why celebrities die in threes and the gang is trying to stop the greatest Major League Baseball prospect in a hundred years from dying on opening day of Double A baseball season.

Guts Gary Paulsen,2001 The author relates incidents in his life and how they inspired parts of his books about the character, Brian Robeson.

Mayhem in Mayberry: Misadventures of A P.I. in Southern Appalachia Brian Lee Knopp,2009-07 As a licensed private investigator in western North Carolina, Brian Lee Knopp could outrun enraged pit bulls, slink unseen and unheard through the tangled forests, and find missing evidence in the bottom of a dumpster. To get the goods on his subjects, he would perch in trees, lie motionless for hours in camouflage, drive rented sports cars and U-haul trucks, ride horses and bikes, even paddle whitewater kayaks. He could talk his way out of almost every predicament imaginable--except how to succeed as a P.I. without failing as a human being. Mayhem in Mayberry is a fearless, take-no-prisoners account of P.I. culture, an unforgettable portrait of personal loss and failure, and a blistering ride through Southern Appalachia. Elizabeth Gilbert, bestselling author of Eat, Pray, Love, praises the memoir: I love this author and I love this book! Brian Lee Knopp is one of the most natural writers I've ever encountered, and he tells this all-to-true story with sinewy wit and sublime grace

Song of the Billabong MR Brian K. Taylor,2015-11-29 This new publication of non-fiction short stories is the result of the enthusiastic response to the author's previous publications, The Forky Stick, The Brumby Mare and The Moonlight Stallion. The last two were bunched up and published as a collection in A Swag of Memories, by Hatchette, Australia. The authors family pioneered in the 1850s to Victoria, Australia, at a place called The landing, near Foster. His father grew up there and subsequently moved to New Zealand. Strongly influenced by family heritage and a bush upbringing Brian came to North Queensland in the 1950s, where the big mobs used to run. Brian's life on the land in New Zealand and Queensland as a ringer, drover, fencer, shearer and saddler has prepared him well to be a story teller. Back along life's track the memories of characters, the moments long gone and the Australian bush itself, with all its moods taught him the meaning of joy and belonging, giving peace of mind and always the strength to carry on. One of his accomplishments was the amazing role he played in the establishment of the 5000 odd kilometre Bicentennial National Trail, from Cooktown to Melbourne as mentioned in the story The Old Bullock Horns. Readers of this collection, whether from the city or the bush, young or old, will be moved to laughter or to tears, or just to ponder as they turn the pages of these evocative and heart-felt stories.

Patrick Robertson: a Tale of Adventure Brian Hennigan,2015-10-01

Somebodies and Nobodies Brian Turner,2002 This is the story of a typical Dunedin childhood, surrounded by 'nobodies' - an extended family of eccentric relatives, and neighbours, who made a huge impact on a young mind. It's also the story of a not-so typical family that was fanatical about sport - cycling, hockey, cricket, golf, fishing - and went on to produce top-ranking sportsmen. It's also the story of the growth of one of this country's most-loved poets. It shows three boys who became somebodies, but no better nor worse than the nobodies who inspired them. This is Brian Turner's view of his world, the landscape he was surrounded by, the principles he was taught, his own sporting achievements, the early development of his

brothers, his time in Customs and entry into the world of books.
