Debbie Calitz - 20 Maande van Gyselaarshel Debbie Calitz,Ulrike Hill,2012-11-30 Toe Debbie Calitz en Bruno Pelizzari in Oktober 2010 in Dar-es-Salaam anker lig, sou hulle nooit kon raai dat hulle op 'n hellevaart vertrek het nie. Drie dae nadat hulle as bemanningslede op die seiljag Choizel vertrek het, is die vaartuig gekaap deur Somaliese seerowers wat 'n losprys vir Debbie en Bruno geëis het. Twintig maande lank is die paartjie van die een donker hool na die ander verskuif, telkens met ander oppassers wat hulle - en veral vir Debbie - aan onbeskryflike gruweldade onderwerp het. Dit was Debbie se geestelike ingesteldheid, haar medemenslikheid, en ironies genoeg, haar verlede as 'n slagoffer van mishandeling wat haar aan die lewe help hou het deur positief te bly en te glo dat sy en Bruno gered sou word. In hierdie meesleurende boek oor afskuwelike ontmensliking onthul Debbie die besonderhede van hul beproewing en hul uiteindelike bevryding. Dit is die verhaal van 'n vrou se onoorwinlike moed toe vryheid en menswaardigheid nog net 'n vae herinnering was.

Crossfire in Professional Education Bruno A. Boley,2014-05-18 Crossfire in Professional Education: Students, the Professions and Society consists of papers collected at a conference of the above subject held in Evanston, Illinois on October 16-17, 1975. This collection of papers explores the pressures and conflicts to which professional education is subject. The focus is on problems facing professional schools that play significant roles in society. One paper discusses society, technology, and professional expertise and then tries to answer the question of balancing the opposing tensions between technology and human values present in the professions. This paper outlines the university structure and the crisis of professional education, including the responsibilities of the university composed of students, professions, and some elements of society. Another paper discusses the contradictions facing universities as places for both scholarly learning and education for action. One paper tackles the purpose of graduate education, while another paper discusses the negative perception of lawyers in society, stemming from the fact that some professional qualities are not developed in law schools. This text concludes that professional education should respond to the needs of quality, instead of just to any kind of growth. This book is suitable for academicians, educators, university and college administrators, as well as to members of the higher educational professions.

Star Wars in Context Nader Elhefnawy,2018-05-02 We often hear about the inspirations for and impact of Star Wars, but most of the discussion tends to be vague, cursory--and ill-informed. STAR WARS IN CONTEXT aims to do better, explaining and in cases debunking what others tend to just assume. This second edition of the book, over twice the length of the original, not only updates the discussion but expands on it, covering such questions as: * How did George Lucas's earlier films (THX 1138, American Graffiti) lead to Star Wars? * In what ways did Akira Kurosawa's films, Joseph Campbell, Bruno Bettelheim, Carlos Castaneda and the James Bond movies actually influence the films' creation? * Where did the idea of the Force come from, and why does it seem so vague and slippery? (As it happens, Castaneda had a lot to do with it.) * Why did fans react so strongly against the prequels, and then become so much more accepting of them later? * What part did Star Wars actually play in creating the movie blockbuster and film market as we now know it? Going from Modernism to the globalization of the entertainment industry, from New Age mysticism to journalistic poptimism in its search for the answers, STAR WARS IN CONTEXT sets the record straight on all this, and much more.
