*Bubble* Anders de la Motte, 2014-02-04 “An interesting concept developed into an exciting read” (Kirkus Reviews)—the final novel in a groundbreaking international thriller trilogy about a deadly game that blurs the line between reality and fiction. Henrik “HP” Pettersson could never have imagined he’d become entwined in a chaotic and dangerous game of life and death when he picked up a lost cell phone on a commuter train. He thought he’d escaped. Now, his paranoia quickly grows to mania, as he is convinced that the Game Master and past characters are following him and that the police are watching him. HP decides he must finish one last assignment and expose the Game Master’s secrets once and for all—no matter the cost. What he uncovers is a potential link between his own father’s past and the Game— blurring the boundary between the virtual and reality more than ever. The shocking finale to the fast-paced trilogy that began with *Game* and *Buzz*, *Bubble* will leave you breathless as you witness the final showdown between HP and the Game Master.

**Mad Maxxx: Children of The Catacombs** T. Styles, 2013-10-11 What do you get when you put a group of vagrants, alcoholics, drug addicts, murderers and troubled teenagers, in a dark tunnel alone? T. Styles' next twisted novel, *Mad MaXXX: Children of The Catacombs*! After being blamed for a crime she didn't commit, Madjesty (from the RAUNCHY series) retreats to the Catacombs, a tunnel nicknamed by the homeless who live there. Although the conditions are less than habitable, she discovers some painful things about herself, through the eyes of people more tormented than she is. Despite the rats, public sex exploitations, violence and the mystery of never really knowing the people around you, Madjesty is the most comfortable she's ever been in her life. With them she feels right at home. Until Everest comes into the picture, with her tall tales that only Madjesty doesn't buy. Although it's obvious to others around Madjesty, that she may be falling in love, she avoids it at all

cost. After all, every female she has ever cared for was murdered or violently ripped from her life, twisting her mind up in the process. Even though she avoids the affections of Everest, she finds love anyway in a 5-year old named Pickles, who was born in the Catacombs and abandoned by his mother soon after. Before long Madjesty appears to be getting her life together, but there is one problem, Wicked, the power-hungry self-proclaimed leader, doesn't want her there. He's doing everything he can to have her removed from the Catacombs, even if it means taking her life. Mad MaXXX is a look into the mind of T. Styles, and readers are in for an original ride never seen before in urban fiction. Strap in your seat belt and enjoy!

Bubble Marvin E. Fox, 2011-07 Bubble is about a bubble of water, sent by God, which covered the Washington D.C. Beltway and picked up a large number of socialists who had infiltrated the Democratic Party over a long period of time. The Democrats were in the process of a revolution the American people were not aware of. The Democrats would have changed the United States from a constitutional republic to a fraudulent democracy that was socialist and would have become a totalitarian government. After being sent to Hell, the Democrats start a war to establish an Ice Water in Hell Democracy, but their opponents the Monarchists want an empire instead. Due to the Democrats misjudgment of Satan's interest in their project, their actions were not all they could have been.

Bubble Anders de la Motte, 2013-12-10 The thrilling conclusion to the Game Trilogy finds HP living off the grid, convinced he is being hunted by both the police and the masterminds behind the Game, with no one to trust and the boundaries between reality and the virtual worlds dangerously blurred. He resolves to complete one final mission in order to expose the Game and uncover the truth behind it. Ousted from the police force, Rebecca is in crisis, selfmedicating to cope with stress. When she

finds a safe-deposit box that belonged to her father, she is shocked to find that it contains a gun and several passports. She starts her own search for the truth: what is the connection between her father's past, the Game and what is happening to HP? Praise for The Game trilogy: "Exciting first in a thriller trilogy.... Screenplay Follows Two Small-town Girls Chasing Big-city Dreams NEW YORK – Two young sisters from Iowa embark on their lifelong dream to become actresses in New York City in Lawrence J. Corneck's enthralling new screenplay, *Bubble Catcher*. But their aspirations change dramatically when they meet and team up with an Eastern-European mobster, Armond, in a story that challenges the lengths we're willing to go – and those we're willing to betray – for fame, money and power. Ardelle and her sister Tiffany have always been flung into competition with one another, ever since their mother played a disturbing game to determine which daughter she would raise and which one she would send off to an orphanage. Though Ardelle was given away, Tiffany still remained close to her and over time they cemented their bond, relying on one another for strength and support and finally chasing their shared dream of becoming real actresses all the way to the mean streets of New York. But New York has other plans for the two sisters as small-time mobster, Armond, latches onto Ardelle who quickly takes on the persona of Neptune, a rising starlet of the stage. Tiffany is otherwise shunned by her sister and Armond, Ardelle's self-proclaimed agent who utilizes his fists to make things happen for Ardelle. But Tiffany finds an ally in Tan, Armond's hulking enemy. The four then vie for a role in producer Garrity Desmond's new production. Cutthroat competition and a desperate need for fame and fortune tear at these characters, driving them to extremes of success and failure. Will their greed and betrayal take its final toll? Find out in the well-paced, riveting pages of *Bubble Catcher*.

**The Bubble** Sylvie Short, 2010-07 If paradise existed on earth would we enjoy or destroy it? For the villagers of Upper, Lower and Middle West Side, life in 2020 is a mad scramble to achieve and acquire; a dash into each day, which they have to come to accept as normal. One of two of the older inhabitants occasionally cast wistful backward glances to an age when people seemed kinder to each other; still, time marches on... changes are inevitable... Then the bubble comes suddenly and without warning one cold January day. Clearer than glass, harder than diamond, the villagers stare through the bubble in bewilderment at the familiar, yet unreachable, scene beyond. They gaze upwards. Is there a top to this? Will the air run out? What happens when the water, gas and electricity are cut off? What exactly is it? Why is it there and where has it come from? They try everything to break through it, but to no avail. Is it some kind of joke? They are perplexed when no-one, from family to work colleagues, seems to be missing them. They are afraid; but outrage and panic gradually give way to a calm resourcefulness as a new and fulfilling way of life is created under the guiding hand of a stranger who appears in their midst. **The Bubble Reputation** Cathie Pelletier,1994

**Insecure Masculinity** Julia Faulhaber,2022-10-27 This work focuses on the relationship between childhood socialization, masculinities, and young men's coming of age in contemporary Jamaica. The author elucidates social, cultural, and historical dimensions of young men's lifeworlds and theorizes on the potential trajectories of being emotionally well and/or un-well vis-à-vis gendered normative orders of growing up and relating to others within and beyond kinship and courtship relations. Based on fieldwork, this book elaborates on the extent to which social discourses of masculinity and men's

personal experiences of their own and other men's mental health are reproduced in Jamaica. Faulhaber places her work in contemporary psychological and medical anthropology and aims to overcome the separation of psyche, body, and environment that is often common in psychotherapy, psychiatry, and health sciences. The author embarks on this important endeavour through critical and self-reflexive ethnography and the analysis of hegemonic narratives and discourses in media and popular culture. In juxtaposition and extension to other global mental health initiatives, this work highlights that well-being, affliction and suffering can barely be grasped scientifically as objectively measurable mental states of the individual.
