Back of the Bus Aaron Reynolds,2013-12-26 It's December 1, 1955. A boy and his mother are riding the bus in Montgomery, Alabama like any other day--way in the back of the bus. The boy passes time by watching his marble roll up and down the aisle with the motion of the bus... Until a big commotion breaks out from way up front. With simple words and powerful illustrations, Aaron Reynolds and Coretta Scott King medalist Floyd Cooper recount the pivotal arrest of Rosa Parks at the dawn of the Civil Rights Movement.

Hey, I'm Marty. I Drive the Bus! Book li Martin Molinaro,2010-09-28 Marty is a Professional Bus / Shuttle Driver and has been driving for many years. His occupation is one that puts him up front and personal with a special sector of our society; Bus Passengers. Over the years he has accumulated an assortment of short stories while driving a city transit bus; he wishes to share these stories with you. Many of these stories are serious while others are mind boggling, hilarious or just make you say, Oh my gosh; what were they thinking. He has written this book using the following parameters: there are no swear words in this book (He doesnt need to use profanity to get his point across); he does not identify any ethnic backgrounds of the people in his stories (Marty wants people to view people without prejudice and bias) and lastly he was honest and told the truth to the best of his ability (By doing this he has found out that people dont like the truth and will go to extremes to avoid it.) Martys writings are unique because he writes like he talks. He does this so that he can relate to anybody who has ever told a story. The stories that he tells are inspirational, motivational and humorous. He has become a

Master Story Teller and shares his stories with all who will listen. So get on board; Put your fare in the box; Grab a seat and be prepared for the ride of your life! HEY, I'M MARTY. I DRIVE THE BUS! BOOK I is currently being sold worldwide.

Band on the Bus Richard King,2017-07-03 When nine friends set out from England in 1969 to travel the world in a double-decker bus called ‘Hairy Pillock’, little did they know that they would become honorary citizens of Texas, hold the keys to New York, release a record in Australia, perform

for the Shah and Empress of Iran, and appear on countless television and radio shows around the world. Their epic three-year journey, which began as a bet with the landlord of their local pub, took them across perilous roads through Europe to Iran and Afghanistan, through the Khyber Pass to Pakistan and India, then to Australia and, finally, the United States and Canada. Initially planning on getting work as export salesmen, they soon had to supplement their meagre funds by performing the folk songs they sang in the pubs back home, after which they achieved minor stardom as The Philanderers throughout Australia and the US. This light-hearted account follows the group on their trip across deserts and mountains, as they undertook an incredible expedition that would be impossible today.

Rosa Parks and the Montgomery Bus Boycott Anita Louise McCormick,2017-12-15 In 1955, when Rosa Parks was arrested for refusing to give up her seat on an Alabama bus to a white passenger,

her decision sparked the beginning of a new era in the civil rights movement. Her arrest inspired Martin Luther King Jr. and other African American leaders to organize a bus boycott that ended only when a U.S. Supreme Court decision ended segregation on public buses. Readers will learn how events in her life brought Parks to the point where she decided to stand up for her rights and how her courage helped to change America.

Intercity Bus Feeder Project Program Analysis Frederick D. Fravel,1991 This 192 page report describes the experiences of the Rural Connection Program (RCP), an attempt to link existing rural public transportation services with those of intercity carriers. The study includes data gathered from 36 of the rural systems participating in the program, and detailed case studies of four systems among these. The RCP has not proven to be a big generator of revenue for the participating systems, and only five systems reported more than 150 riders over the course of the program. There is some evidence that local resources and expertise for marketing may be particular limiting factors on the

arrangements. The report should be especially interesting to operators of rural transportation services.

Roars from the Back of the Bus Stewart McKinney, 2012-09-06 *Roars from the Back of the Bus* is an absorbing, amusing and at times moving collection of tales that give a rare insight into the camaraderie that exists between players at the top of their game, showing that relationships forged through experiences on a Lions tour last a lifetime. From the first Tour in 1888, it showcases characters with immense personality who fought together in wars or on rugby pitches in foreign lands, and who shared a bond developed through touring as representatives of the home nations. Despite the changes to the game after the advent of professionalism, the experiences of Jamie Heaslip, Brian O'Driscoll and Joe Worsley are still similar in some ways to those of earlier intrepid tourists like Blair Mayne, Lewis Jones, Sir Carl Aarvold or David Rollo. Containing defining memories and private insights from across the tours and the decades, *Roars from the Back of the Bus* shows that the Lions ethos remains strong at the heart of every team.

Wright Brothers (ENHANCED eBook) Mary Tucker, 2002-03-01 When your students watch commercial airliners flying high in the sky, do they realize how much it took for that common sight to become a reality? When they see military jets blasting through the clouds, do they know how far flight has come in the last 100 years? Creative activities, games, action rhymes, songs, a skit and more involve students in discovering for themselves how the Wright Brothers dreamed of man in flight and worked diligently to bring their dreams to life. They'll learn about the almost ridiculous fragility of the first airplanes, the crazed and driven men who risked their lives trying to be the first to successfully fly and the success of two brothers who refused to give up.
