In a recent survey, 88 percent of executives indicated that the strength of their client, customer, and referral relationships was critical to achieving their goals each year. But only 25 percent of those same executives said they had a formal process for planning, managing, and growing business relationships--and 73 percent of the group surveyed said they would be very interested in reading a book on this topic. Business Relationships That Last delivers the process that so many people and organizations need. --Ed Wallace graduated cum laude from Villanova University, was a Teaching Fellow at Drexel University while he earned his MBA, and has a CPA designation in the State of Pennsylvania.
