CCCP Cook Book Olga Syutkin, Pavel Syutkin, 2015 This book contains over 60 recipes, each introduced with an insightful historical story or anecdote, and an accompanying image, spanning such delicacies as aspic, borscht, caviar and herring, by way of bird's milk cake and pelmeni. As the Soviet Union struggled along the path to Communism, food supplies were often sporadic and shortages commonplace. Day to day living was hard, both the authorities and their citizens had to apply every ounce of ingenuity to maximize often inadequate resources. The stories and recipes contained here reflect these turbulent times: from basic subsistence meals consumed by the average citizen (okroshka), to extravagant banquets held by the political elite (suckling pig with buckwheat), and a scattering of classics (beef stroganoff) in between. Illustrated using images sourced from original Soviet recipe books collected by the author. Many of these sometimes extraordinary-looking pictures depicted dishes whose recipes used unobtainable ingredients, placing them firmly in the realm of 'aspirational' fantasy for the average Soviet household. In their content and presentation the pictures themselves act as a window into cuisine of the day, in turn revealing the unique political and social attitudes of the era.

Heart-to-heart letters: to MrRight from CCCP Larisa Kharakhinova, 2017-09-05 She – «Homo Soveticus» – called him – «the Sugar of the Earth». He – «American Hero» – called her – «My Russian Princess». Once upon a time – in the end of 80th – they met in Trans-Siberian Express and long after, their love in 4thD– space – in letters – was careless and smileful, naughty and poetic. But she worked on secret armament factory and knew – she may be arrested for her letters `from-behind` The Iron Curtain. One day she fell in silence. For a long. He`s in despair. He`s going to CCCP to «save her from KGB». Has he saved her? – Read on this book. Эти письма были написаны двадцать лет назад простой советской девушкой, юность которой пришлась на перестройку. Она писала их своему другу из Канады, который сохранил все её послания. Их встреча была случайной и мимолетной, но романтическая переписка длилась целую вечность. Она рассказывала ему о себе, о стране, о друзьях, о курьезах из детства, из жизни, словно старалась удержать в памяти тот мир, которого уже не будет. В этих живых, искренних посланиях, полных смеха и печали, читается боль утраты веры, сломанной эпохой гласности, и потерянности перед миром, привычные очертания которого распадались на её глазах. В них словно снят точный слепок с души типичного «хомо советикуса» – уходящей в небытие натуры, – вопросы, мучившие её, задавали себе в те годы многие – где искать опору духу, мятущемуся в тоске по искаженной реальности времени.

Frédéric Chaubin. CCCP. Cosmic Communist Constructions Photographed. 40th Ed Frédéric Chaubin, 2022-08-10

Frédéric Chaubin's *Cosmic Communist Constructions Photographed* features 90 Soviet buildings throughout the former USSR, each built between 1970 and 1990. It is a journey through time. With local exoticism, outlandish ideas, and a puzzle of styles, these weird and wonderful buildings are unearthly reminders of a fallen ideology.

Power to the Transfer Dimpal Jain, Santiago N. Bernal Melendez, Alfred R. Herrera, 2020-02-01 Currently, U.S. community colleges serve nearly half of all students of color in higher education who, for a multitude of reasons, do not continue their education by transferring to a university. For those students who do transfer, often the responsibility for the application process, retention, graduation, and overall success is placed on them rather than their respective institutions. This book aims to provide direction toward the development and maintenance of a transfer receptive culture, which is defined as an institutional commitment by a university to support transfer students of color. A transfer receptive culture explicitly acknowledges the roles of race and racism in the vertical transfer process from a community college to a university and unapologetically centers transfer as a form of equity in the higher education pipeline. The framework is guided by critical race theory in education, which acknowledges the role of white supremacy and its contemporary and historical role in shaping institutions of higher learning.

The Challenge of Russia Sherwood Eddy, 1931

CCCP , 2017 Photographer Frédéric Chaubin reveals 90 buildings sited in 14 former Soviet Republics which express what could be considered as the fourth age of Soviet architecture. They reveal an unexpected rebirth of imagination, an unknown burgeoning that took place from 1970 until 1990.

Russia, the Soviet Union, and the United States John Lewis Gaddis, 1990 From the capricious reign of Catherine the Great and Alexander I to the provocative leadership of Mikhail Gorbachev, the author concentrates on the interplay between interests and ideologies in the relationship between the United States and the Soviet Union, in an even-handed, non-ideological narrative.

Rethinking the Soviet Experience Stephen F. Cohen, 1986 Written in 1985, this book cuts through the Cold War stereotypes of the Soviet Union to arrive at fresh interpretations of that country's traumatic history and later political realities. The author probes Soviet history, society, and politics to explain how the U.S.S.R. remained

stable from revolution through the mid-1980s.

With God in Russia Walter Ciszek,2009-09-03 Father Walter Ciszek, S.J., author of the best-selling *He Leadeth Me*, tells here the gripping, astounding story of his twenty-three years in Russian prison camps in Siberia, how he was falsely imprisoned as an American spy, the incredible rigors of daily life as a prisoner, and his extraordinary faith in God and commitment to his priestly vows and vocation. He said Mass under cover, in constant danger of death. He heard confession of hundreds who could have betrayed him; he aided spiritually many who could have gained by exposing him. This is a remarkable story of personal experience. It would be difficult to write fiction that could honestly portray the heroic patience, endurance, fortitude and complete trust in God lived by Fr. Walter Ciszek, S.J.

Russia in the Shadows H. G. Wells,2022-06-13 When H.G. Wells came face to face with Lenin. In 1920, world famous writer H.G. Wells was invited on a trip to Russia. A committed socialist, Wells had high hopes for the Bolsheviks. What he found was a country ravaged by revolutions and civil war. Despite this, he still held out hope for the future—an optimism which would prove to be very misplaced. The highlight of the trip came when he met with Vladimir Lenin, or as Wells described him, the little figure at the great desk. *Russia in the Shadows* is a fascinating document of Wells' trip, and a great read for any history buffs. H.G. Wells (1866–1946) was an English author often called the father of science fiction. His work popularised some of the genre's most abiding concepts, such as time travel and parallel universes, while also exploring social issues of the day. Among his most famous books are *The Time Machine*, *The Island of Doctor Moreau*, *The Invisible Man* and *The First Men in the Moon*. Wells was also one of the first writers to imagine an alien invasion. In *The War of the Worlds* he depicts a devastating attack by Martians, who stalk the earth in huge metal tripods. Orson Welles famously created an American radio version in the 1930s, panicking some listeners who thought it was a real news bulletin. The book has been adapted for the screen many times, including a movie starring Tom Cruise and a BBC television series.
