*Bank 3.0* Brett King,2012-11-01 The first edition of BANK 2.0 took the financial services world by storm and became synonymous with disruptive customer behaviour, technology shift and new banking models. In BANK 3.0, Brett King looks at the latest trends that are redefining financial services and payments. From the global scramble for dominance of the mobile wallet, the expectations created by tablet computing, the operationalizing of the cloud and the explosion of social media he explores: • How Social Media has exposed pricing, over-regulation, outdated processes and poor policy, • How mobile technology is completely changing the context of banking, • How customer advocacy is killing traditional brand marketing, • The growth of the 'de-banked' consumer who doesn't need a bank at all; and • Why Banking is no longer a place you go, but something you do BANK 3.0 shows that the gap between customer and financial services players is rapidly growing, leaving massive opportunities for new, non-bank competitors to totally disrupt the industry.

**A Note Of Madness** Tabitha Suzuma,2011-12-31 Life as a student is good for Flynn. As one of the top pianists at the Royal College of Music, he has been put forward for an important concert, the opportunity of a lifetime. But beneath the surface, things are changing. On a good day he feels full of energy and life, but on a bad day being alive is worse than being dead. Sometimes he wants to compose and practise all night, at other times he can't get out of bed. His flatmate Harry tries to understand but is increasingly confused by Flynn's erratic mood swings. His friend Jennah tries to help, but Flynn finds it difficult to be around her as he struggles to control his feelings and behaviour. With the pressure of the forthcoming concert and the growing concern of his family and friends, emotions come to a head. Sometimes things can only get worse before they get better.
