

Carlos Gomes

Itala Gomes Vaz de Carvalho

Carlos Gomes Jorge Alves de Lima, 2017 Neste livro 2 sobre Carlos Gomes, Jorge Alves de Lima põe foco na fase final da doença do grande compositor, na sua morte e no traslado de seu corpo de Belém do Pará até São Paulo, trazendo, também, alguns flashes sobre a repercussão desses eventos sobre os habitantes de Campinas. O ponto de vista escolhidos pelo autor é o da fidelidade aos documentos da época. Isso quer dizer que sua preocupação foi nos mostrar os acontecimentos por meio dos olhos dos cidadãos do final do século XIX, sejam eles pessoas do povo que se emocionaram com a morte de Carlos Gomes, sejam governadores, jornalistas e poetas. Jorge Alves de Lima nos leva, com grande habilidade, por meio de matérias publicadas em jornais da época, a viver o dia a dia da grande tragédia que tirou a vida do maior compositor das Américas.

Il Guarany. Opera-ballo in Quattro Atti. Posta in Musica Dal Maestro Cav. A. Carlos Gomes. [A Libretto. By Antonio Scalvini. Based on the Novel by J.M. de Alencar.]. GUARANY., 1870

Brazil in the Making Carmen Nava, Ludwig Lauerhass, 2006 This innovative volume traces Brazil's singular character, exploring both the remarkable richness and cohesion of the national culture and the contradictions and tensions that have developed over time. What shared experiences give its citizens their sense of being Brazilian? What memories bind them together? What metaphors and stereotypes of identity have emerged? Which groups are privileged over others in idealized representations of the nation? The contributors--a multidisciplinary group of U.S. and Brazilian scholars--offer a fresh look at questions that have been asked since the early nineteenth century and that continue to drive nationalist discourse today. Their chapters explore Brazilian identity through an innovative framework that brings in seldom-considered aspects of art, music, and visual images, offering a compelling analysis of how nationalism functions as a social, political, and cultural construction in Latin America. Contributions by: Cristina Antunes, Dain Borges, Valéria Costa e Silva, James Green, Efrain Kristal, Ludwig Lauerhass Jr., Cristina Magaldi, Elizabeth A. Marchant, Jos Mindlin, Carmen Nava, Jos Luis Passos, Robert Stam, and Valéria Torres

Six Great Men of Brazil Vera Kelsey, 1942

Whoosh! 250 Ways to Get Motion Into Your Drawings Carlos Gomes Cabral, 2016 The best cartoonists jam-pack their work with action that moves the story along. So how do you capture this kind of motion in your work? Whoosh! 250 Ways to Get Motion into Your Drawings can help. Cartoonist and illustrator Carlos Gomes Cabral shares his tips and tricks to help you create attention-grabbing drawings that practically leap off the pages. It's all in the details: sometimes simplicity, rhythm, the position of a shadow, the use of a speed line, or even an exaggerated expression can make all the difference. Cabral walks you step-by-step through 250 fantastic techniques, including: The importance of a good silhouette Using lines of action to help create character's gestures How to use basic shapes to suggest movement The best positions to increase drama in a scene How to tell a compelling narrative with art alone And if all that isn't enough, ten great artists share their trademark secrets for bringing their own drawings to life Whether you work digitally on a computer or at a drawing table with a good old-fashioned pencil, this book will help you develop the skills you need to create movement and drama--and take your dynamic drawing skills to a whole new level.

Tangos, milongas and other Latin-American dances Joseph Smith, 2003-01-01 This collection features 40 dance pieces from the Caribbean and South America, including pieces by Ignacio Cervantes, Carlos Gomes, Juan Morel Campos, Ernesto Nazareth, Manuel Ponce, José Quintón, Manuel Saumell, and

Alberto Williams.

Draw Action Carlos Gomes Cabral,2016-02 Cartoonist and illustrator Carlos Gomes Cabral shares his toolkit of 300 tips and tricks to get movement into your drawings. Focusing on simplicity, rhythm and line of action he covers everything from action comics and pencil drawing to video games and digital art, and applies these and other tips to dozens of different subjects, showing you how you can bring your art to life.

Modernize Your IBM DB2 for IBM z/OS Maintenance with Utility Autonomics Dean Brown,Carlos Gomes,Arthur Marais,Hennie Mynhardt,IBM Redbooks,2015-08-20 IBM® DB2® for IBM z/OS® helps lower the cost of managing data by automating administration, increasing storage efficiency, improving performance, and simplifying the deployment of virtual appliances. By automating tasks such as memory allocation, storage management, and business policy maintenance, DB2 is able to perform many management tasks itself, freeing up Database Administrators to focus on new projects. This IBM Redbooks® publication introduces autonomics for DB2 for z/OS. IBM provides several different components that, when combined, can create an autonomic database environment. All these respective components cover certain aspects of autonomics, which can collaborate into one coherent solution. In our evolution of autonomics and the need to move to smarter systems there has been a bigger drive to the concept of Active versus Passive autonomics. With the inclusion of the IBM Management Console for IMSTM and DB2 for z/OS and the Autonomics Director, it is now easier than ever to make that transition by leveraging the strength of the DB2 Utilities Solution Pack for z/OS all in one standardized and centralized interface. This publication guides you through the business reasons for adopting autonomic solutions, and provides step-by-step guidance to implement these capabilities in your DB2 for z/OS configuration. This publication is of interest primarily to DB2 Database Administrators and DB2 Systems Programmers, and for anyone looking to understand the benefits of DB2 autonomic solutions.

Claiming Brazil Gregg Bocketti,2022-12-20 Brazil marked its centennial as an independent country in 1922. Claiming Brazil explores how Brazilians from different walks of life commemorated the event, and how this led to conflicting ideas of national identity. Civic rituals hold enormous significance, and Brazilian citizens, immigrants, and visitors employed them to articulate and perform their sense of what Brazil was, stood for, and could be. Gregg Bocketti argues that these celebrations, rather than uniting the country, highlighted tensions between modernity and tradition, over race and ethnicity, and between nation and region. Further, the rituals contributed to the collapse of the country's social and political status quo and gave substance to the debates and ideas that characterized Brazilian life in the 1920s and then under the transformative rule of Getúlio Vargas (1930–1945). Now, at the bicentennial of Brazil's independence, which itself unfolds in a period of political crisis and economic dislocation, and in the aftermath of several large civic events, it is an opportune moment to consider how Brazilians used civic rituals to engage with questions of identity, belonging, and citizenship one hundred years ago.

Gaza, 1877-1898 Carlos Gomes da Costa,1899

The Music of Brazil David P. Appleby, 1983-04 Here is the most comprehensive history of Brazilian music available in English. Concise yet remarkably detailed, it provides professional musicologists and music lovers alike with a clear outline of the major trends, important composers, and currents of thought that have shaped the folk, popular, and art music that are an important part of Brazil's unique cultural heritage. The Music of Brazil contains over seventy musical examples representing musical idiom and form throughout recent history. A useful glossary introduces the reader to the key terms of Brazilian music, from agogô—a percussion instrument composed of two bells—to xocalho—a wooden or metal rattler.

The Cult of Jagannatha Jose Carlos Gomes da Silva, 2010-01-01 The Cult of Jagannatha: Myths and Rituals offers a new approach to Orissan ethnography. In sharp contrast with dominant explanations, centred on tribal influences and the history of aryan-isation, this book provides extensive evidence on the importance of religious orthodoxy. The transition from the coastal to the inland regions of Orissa is characterised by sharp demographic and sociological discontinuities. Such regional differences are probably a reflection of aryan-isation. Ethnological accounts have most commonly relied on the historical reconstruction of this process. It has been assumed that native communities exercised a decisive influence on the traditions that flourished in the delta plain, especially those related to its vital centres—the city of Puri and the temple of Jagannatha. Myths and rituals show that sacrificial symbolism is at the core of Puri's religious system. Explicitly associated with an inaugural asvamedha (the Vedic horse sacrifice), the building of the great temple is still seen as a transformation of the brick-fire altar. These correlations are further supported by an impressive web of orthodox representations, both Vedic and Hindu. This acknowledgement of orthodoxy takes us back to the so-called singularities of local traditions. How to interpret the iconographic specificity of Puri's deities? What status should be attributed to the Sudra ritualists of the great temple? The present book provides new answers to these old questions. Puzzling as it may appear, the strangeness of Orissan ethnography is a particular, yet extremely coherent expression of Indian traditions.
