Bridging the Gap Michael O. Onolememen, 2021-02-03 In the following chapters of this book, it is my goal to explain to the reader how my history and lineage has directly impacted my goals and success in life. It is through the rich background of my ancestors that I was given the many gifts and blessings that have enabled me to make my mark on the world. Through the migration by my ancestors from Egypt to the plains of the Niger and Benue Rivers, and the subsequent establishment of Uhe land and later Esan land, I was born with a passion and love for my country of Nigeria, Esan nation and my hometown of Uromi. The innate qualities of economics, religion and politics have been instilled in me by my heritage and have led me to a life of public service, dedication to my country, to my family and most importantly, to God. As an architect, I have dedicated my life to the betterment of my beloved country. As a public official, I have served many administrations in the advancement of Nigeria's infrastructure and economy, as well as the improvement of regional infrastructure and economy in the West African region, under the aegis of Economic Community of West African States (ECOWAS). My rich heritage was the foundation that has led me down this path which I hope will carry on to future generations.

Turning out the V.O.T.E. Samuel Valme, 2023-06-08 Current research has shown that the representative democratic process is in jeopardy due to low voter participation. With contention a brew in the Democratic and Republican parties, and with the challenges that COVID-19 presents, winning elections has become a daunting and challenging task. Candidates, elected officials, running for another term, and their campaigns will need all the resources to give them a winning edge. The electoral process relies on informed and motivated voters to turn out and elect our political leaders, how candidates connect with these voters will determine the likelihood of their political future. This study looks at the influence of political campaigns and community activism groups on voter participation and their role in the overall political health in the democratic process. The study identified several flaws in the political approaches toward influencing voter participation. The research further suggests real-world strategies for the groups to become more effective in fostering practical electoral change, thereby increasing voter participation, and improving their ability to influence the elections in their favor positively.

My Cassandra Nora Griswold,2008-08 The story opens with Cassandra (cassie) hurrying in to open her shop for the day. Keith shows a measure of interest as he is having coffee and looking at the shop across the way. He picks out a pin and matching earrings for his nurse's birthday and indicates he will be waiting for Cassie when the shop closes so they might go to dinner. Kevin feels determined to have her while he is a man who does not believe in love and marriage... he believes in one woman at a time. They seem to form a bond but after several months, he indicates, I think we should see and date other people. Cassie feels heartbroken and disappears. He resolves to try to make up to her all the hurt he caused. He enlists a private investigator. An auto accident lands Cassie in the hospital, Keith is shocked to find she apparently has lost her memory and as she inches towards recovery he makes up his mind to tell her they are engaged to be married. Certain information emerges giving Cassie mixed feelings about what had transpired over the past few months and seeing Keith somewhat differently. A bout of illness complicates things while giving up the shop to her friend Sandy. She feels like part of her life is coming to a close. In the concluding chapters of *My Cassandra* by Nora Griswold Sandy shows a degree of concern for Doug who put Punoro in jail in exchange for his mansion in Beverly Hills. Meanwhile Cassie's lungs start giving out. Keith senses the end is near. They head for New York where Dr.Guberman uses all his techniques on Cassie but determines her time is very limited. It is best to take her home where she can be comfortable in her last days. With elements of suspense and romance the work is designed to capture the imagination as well as to provoke thought.

Serving Him Cassandra Dee,2017-04-12 Book 3 in the Billionaires Club. All books may be read as standalones. He let me stay as long as I did everything he wanted. I went to the Billionaires Club in the hopes of saving my family. My grandmother and little brother were going hungry at home, and an auction was the only option. But when I got up on stage, it all went kaput. I passed out, stone cold and dead to the world. And suddenly, the advance I'd received from the Club was a noose over my head, a sword waiting to drop because I had no way to pay it back. But he let me stay. Kane Caldwell kept me on as his maid, someone to see to his every need. Don't get me wrong, there was no cooking or cleaning, no chores whatsoever. But nothing in life is free, and I paid the billionaire in an entirely different way ... Warning: This is a sexy, smutty romance with dark themes. Guaranteed HEA.

Nave stellare Aurora Rita Carla Francesca Monticelli,2020-11-30 Sono passati quattro miliardi di anni. È tempo che l'esploratore torni a casa. E che porti a compimento il proprio intento. Tutto è pronto per il lancio della nave stellare Aurora, momento culminante del programma spaziale omonimo nato dalla collaborazione tra l'Agenzia Spaziale Internazionale e gli abitanti di Marte. Comandata da Hassan Qabbani e Anna Persson, gli unici esseri umani del programma Isis tornati dal pianeta rosso, la prima missione interstellare umana si appresta a partire alla volta di Alfa Centauri, portando con sé cinquanta terrestri di equipaggio e cinquanta passeggeri marziani. Tra questi ultimi c'è la leader Melissa Diaz, dominata dall'antica entità aliena originaria di quel sistema stellare e la cui tecnologia è responsabile degli enormi progressi dell'umanità negli ultimi decenni. I primi, invece, includono Gabriel e Alicia, che, avendo compreso il vero motivo della loro esistenza, sono venuti infine a patti con la propria natura e hanno deciso di abbracciarla. C'è però qualcun altro che intende intraprendere questo viaggio, sebbene non sia stato invitato: l'intelligenza artificiale CUSy. Dopo aver preso coscienza di sé, all'insaputa della sua stessa creatrice, Susy ha continuato a sperimentare ed evolversi, e adesso è rimasta un'unica cosa di cui ha bisogno per essere finalmente libera. Un corpo. "Nave stellare Aurora" è la quinta e ultima parte del ciclo dell'Aurora. Per una completa comprensione della storia è essenziale la lettura di tutti i volumi precedenti: "Deserto rosso", "L'isola di Gaia", "Ophir. Codice vivente" e "Sirius. In caduta libera". Il ciclo dell'Aurora è costituito dalle seguenti parti: 1) "Deserto rosso"; 2) "L'isola di Gaia"; 3) "Ophir. Codice vivente"; 4) "Sirius. In caduta libera"; 5) "Nave stellare Aurora".

Stray Andrea K Höst,2017-10-31 On her last day of high school, Cassandra Devlin walked out of exams and into a forest. Surrounded by the wrong sort of trees, and animals never featured in any nature documentary, Cass is only sure of one thing: alone,

she will be lucky to survive. The sprawl of abandoned blockish buildings Cass discovers offers her only more puzzles. Where are the people? What is the intoxicating mist which drifts off the buildings in the moonlight? And why does she feel like she's being watched? Increasingly unnerved, Cass is overjoyed at the arrival of the formidable Setari. Whisked to a world as technologically advanced as the first was primitive, where nanotech computers are grown inside people's skulls, and few have any interest in venturing outside the enormous whitestone cities, Cass finds herself processed as a 'stray', a refugee displaced by the gates torn between worlds. Struggling with an unfamiliar language and culture, she must adapt to virtual classrooms, friends who can teleport, and the ingrained attitude that strays are backward and slow. Can Cass ever find her way home? And after the people of her new world discover her unexpected value, will they be willing to let her leave?
