The Cerulean Amy Ewing, 2019-01-29 From New York Times bestselling author Amy Ewing (*The Jewel*) comes the exciting first book in a new fantasy duology. Rich, vivid world-building and ethereal magic combine in an epic tale that's perfect for fans of *Snow Like Ashes*, *These Broken Stars*, or *Magonia*. Sera Lighthaven has always felt as if she didn't quite belong among her people, the Cerulean, who live in the City Above the Sky. She is curious about everything—especially the planet that her City is magically tethered to—and can't stop questioning things. Sera has always longed for the day when the tether will finally break and the Cerulean can move to a new planet. But when Sera is chosen as the sacrifice to break the tether, she feels betrayed by everything in which she'd been taught to trust. In order to save her City, Sera must end her own life. But something goes wrong, and Sera survives, ending up on the planet below in a country called Kaolin. Sera has heard tales about the dangerous humans who live here, and she quickly learns that these dangers were not just stories. Meanwhile, back in the City, all is not what it seems, and the life of every Cerulean may be in danger if Sera is not able to find a way home.

I Have Been Assigned the Single Bird Susan Cerulean, 2020-08-01 Susan Cerulean's memoir trains a naturalist's eye and a daughter's heart on the lingering death of a beloved parent from dementia. At the same time, the book explores an activist's lifelong search to be of service to the embattled natural world. During the years she cared for her father, Cerulean also volunteered as a steward of wild shorebirds along the Florida coast. Her territory was a tiny island just south of the Apalachicola bridge where she located and protected nesting shorebirds, including least terns and American oystercatchers. *I Have Been Assigned the Single Bird* weaves together intimate facets of adult caregiving and the consolation of nature, detailing Cerulean's experiences of tending to both. The natural world is the "sustaining body" into which we are born. In similar ways, we face not only a crisis in numbers of people diagnosed with dementia but also the crisis of the human-caused degradation of the planet itself, a type of cultural dementia. With *I Have Been Assigned the Single Bird*, Cerulean reminds us of the loving, necessary toil of tending to one place, one bird, one being at a time.

Cerulean Sins Laurell K. Hamilton, 2010-04-01 'People don't like dealing with people who raise the dead. Don't ask me why, but we make them nervous.' There's something about Leo Harlan that I don't like. He's asked me to reanimate his long-dead ancestor, and it seems like a perfectly ordinary case for someone like me: Anita Blake, preternatural expert, vampire hunter and raiser of the dead. So I agree - sometimes you deal with the devil not because you want to, but because if you don't, someone else will. But what he

hasn't told me is that the corpse may hold the secret to an ancient crime that not everyone wants to be remembered.

Cerulean Blues Katie Fallon, 2011 *Cerulean Blues* describes the plight of the cerulean warbler, a tiny migratory songbird, and its struggle to survive in ever-shrinking bands of suitable habitat. This elusive creature, a favorite among bird watchers and the fastest-declining warbler species in the United States, has lost 3 percent of its total population each year since 1966. This precipitous decline means that today there are 80 percent fewer ceruleans than 40 years ago, and their numbers continue to drop due to threats including deforestation, global warming, and an ecologically devastating practice -- mountaintop removal coal mining -- that affects not only the cerulean warbler but all residents of the Appalachian mountains, including humans.

The Cerulean Storm Troy Denning, 2011-09-27 Will Athas return to its former verdant glory—or is it destined to remain a wasteland of cruel, desolate deserts? Rajat, the First Sorcerer, was betrayed by his champions at the moment of his paramount victory. As the only one who can return Athas to its verdant splendor, it is crucial that someone rescue him from his prison beyond space and time. But when Tithian of Tyr leads his former slaves to free the ancient sorcerer, some question his motives. Does he want to restore the world to its former glory—or to merely claim it as his own, like all the sorcerer-kings before him? But before they can discover the truth, gladiators Rikus and Neeva, along with the elven enchantress Sadira, must conquer their own forgotten passions—a trial that proves more perilous than battling the Dragon and his enchanted fleets.

Drops of Cerulean Dawn Adams Cole, 2019-01-29 A story of love, loss, and rebirth. Spanning the years 1930–2014, *Drops of Cerulean* chronicles the lives of Ilona, the daughter of a Greek restaurateur, who marries into a prominent Houston family; her son, Cadmus, who becomes a professor and then moves into a retirement home after his husband passes away; and Delphina, an anxiety-ridden woman with a mysterious recurring dream. Ilona and Cadmus have a falling out when Cadmus is a young man, and before they are able to reconcile, Ilona dies. Cadmus is plagued with guilt and feels responsible for the death of his mother. Two worlds collide when, years later, Delphina comes to understand that she had been Ilona, Cadmus's mother, in her previous life. Well written and engaging, *Drops of Cerulean* deals with topics such as socioeconomic class, LGBT rights and acceptance, rebirth, and past-life regression. Set in Houston and revolving around the city's ever-changing skyline, *Drops of Cerulean* is an amazing debut from a gifted writer.

Cerulean Embankments Geoffrey Young, 1999 Geoffrey Young publishes *The Figures*, one of America's best small presses. His first major collection of poetry in almost twenty years, *Cerulean Embankments* extends the masterful earlier poetry in his first major collection, *Subject to Fits*. In addition to writing poetry and publishing books, Young runs the Geoffrey Young Gallery in Great Barrington, Mass. Many of his incidental publications have involved collaboration with artists, and this new work includes original drawings by Carroll Dunham. Young turns his engine loose every which way, introducing terrains that lovers of lyric insouciance will want to return to recurrently, landfalls of an imaginary America floating on tides of critical energy.--Bart Black the PO-8

The Cerulean Star Sharon Cramer, 2013-12-02 When three alien children take their parents' ship, the *Cerulean Star*, out without their permission, no one knows. They are totally hidden when a galactic tsunami sweeps across their galaxy. Caught entirely unaware, they are swept violently into a dark matter thread. Now they are lost, with no way home. Two years later, the three aliens are still searching for a way home when they discover an unusual little planet—Earth. A small forest in Kansas appears to be the perfect, safe place to harvest oxygen. That is, until they are accidentally discovered. The human kids are not the only ones who've seen the beautiful, blue ship. Now the six

children struggle to regain the ship and its precious freedom.

The Cerulean Locket Justina Uram, 2016-03-15 Love, betrayal, family secrets, and political intrigue collide when a powerful politician's forgotten scandal is unearthed by an unlikely young heroine after she finds a clue in a secret locket. Sofi Vadoma is a marginalized Roma from a remote village in the Dobrich Province of northeastern Bulgaria. Bright and determined, Sofi dreams of rising above her lowly status through education even though she is required to attend a segregated, reduced-curriculum school. Her reclusive mother has never been married. Consequently, the Roma community ostracizes them and Sofi is bullied by her peers. Across the Continent, René Hartenau-Hesse is the President of France. Strikingly handsome, brilliant, and wildly popular, his primary objective is to preserve France's national security post 9/11. By all accounts, his record is untarnished, but René has a past. A former playboy from an aristocratic family, he strives to make amends for his years of womanizing, which would have ruined his career if not for his longtime mentor, Philippe Roubert. The aging Roubert is obsessed with fulfilling his lifelong political mission—to oust the Gypsies from France. Back in Bulgaria, Sofi is presented with a peculiar necklace. When tragedy strikes, Sofi discovers that her necklace is actually a secret locket containing a clue to the past that draws her into a scandal buried by one of Europe's most powerful families. From the sparkling coast of the enigmatic Black Sea, through an impoverished village nestled into the folds of Bulgaria's lush countryside, to the sumptuous Élysée Palace in Paris, *The Cerulean Locket* delicately examines the tendencies of our human nature, our desire for acceptance regardless of status or circumstance, and the heart's capacity for forgiveness.

Cerulean Lies Bimini Roxanne Ketchum, 2014-06-10 Running from the brutal death of her parents and the face that haunts her dreams, Arianna De La Croix fears her destiny. After barely escaping the hands of her enemy that night she welcomes the blackness of death as she is pulled under the river of Ice. Her life, however, had just begun. Her savior came in the form of a war hardened soldier with a heart of gold. Alaric becomes her protector and she contentedly stays sequestered away in the forest. That is until that fateful day, when her eyes met Luca's and her life was thrown into chaos. Captured by her enemy, her secrets are slowly revealed. She finds herself and she finds love, but is love enough to break the curse? Excerpt: Cautious of making eye contact I distance myself from the other vendors. That is until I see them... Weapons of every make and mould shining like metallic diamonds in the sunlight. I am drawn like a moth to flame and I must touch them all. "Good day my Lady. I have some brooches a misses like you might prefer over those..." Ha! If this blacksmith only knew what I could do with a sword like this. "Thank you sir, but I am more interested in your weapons." He was quite taken aback by this statement but recovered quickly. "Perhaps you have a husband or father that you buy for?" His condescension was starting to bother me, yet I held my tongue and traced my fingers over the ruby bejeweled handle of the scythe blade. Beautiful. Then I felt it. A pinprick sensation upon my neck that I could not put a name to. I was being watched. My first thought was, mayhap Alaric was in the shadows to protect me should I need it...but

his gaze did not feel like this. Like fire upon my skin. I slowly turned in the direction of the pull and I found myself staring into the bluest eyes I have ever seen... no. I had seen these eyes before. Thousands of times. I ran. I don't know what came over me but I turned and ran from the man with the beautiful face and cerulean eyes. When I gained the distance and the courage I turned back to see him jump the stone fence in chase. Dear gods! He was after me and now I could see armed men in black filter out of the town behind him. I feared the premonitions of his face meant to warn me of my death. "He will be your downfall." My mothers words filled my mind. I pushed harder into the woods, the low evergreen limbs whipping my face, when I heard his gentle voice. "Please stop." It halted me in my tracks and I turned to see him standing tall with question in his eyes. Those eyes would trap me now. "Why do you run?" he gasped out between breaths. With final simplicity I replied. "You scare me." And I screamed in horror as the arrow pierced his heart and he fell to his knees.***Those who love the works of Kristen Cashore and Sandra J. The Cerulean Soul Associate Professor of Evangelization in the Heisel Chair and Director of Non-Degree Programs Peter J Bellini,2021-08-15 Depression is difficult to define. It is commonly described as a chemical imbalance, a subjective experience of despondency, or even a semiotic construct. The various theories of depression-- biochemical, psychological, cultural--often reflect one's philosophical anthropology. How one defines the human person is telling in how one defines mental disorder. Philosophy and the sciences tend to offer reductive explanations of what it means to be human, and such approaches rarely consider that we may be spiritual beings and so fail to entertain a theological approach. Peter J. Bellini invites us to reimagine the person in light of the image of God in Christ, the divine enfleshed in human weakness. The Cerulean Soul responds to real challenges in the sciences and philosophy and offers a relational theological anthropology shaped by a cruciform framework that assumes and affirms human contingency, limitation, and fallenness. With reference to Christ's incarnation, Bellini reveals how depression is inexorably tied to our relationship with God as his created beings: original, fallen, and renewed. Despondency serves as a biosocial and spiritual marker for our human weakness, brokenness, and spiritual struggle for meaning and wholeness. Further, it is a call to grow, to be restored, and to be made holy in the image of God in Christ. What emerges is a therapeia of the imago for depression that fills the gaps in our present attempts to determine the malady's etiology and treatment. Taking the missio Dei of union with the risen Christ as its goal, The Cerulean Soul opens up the perennial problem of human despondency to an eschatological trajectory of hope and peace, redemption and transformation, given freely in Christ through the healing and sanctifying work of the Holy Spirit. Christoformity, informed by the subversive kingdom of God, gives new form to all persons, abled and disabled.

The Cerulean Mines Vincent Trigili,2018-11-13 There is a region of space that is so hostile to life and magic that anyone sent there dies from exposure alone and yet it holds a valuable resource that must be mined by hand. Cory was sent to these mines to die, and yet he must survive in order to rescue his best friend's widow. He just has to live long enough to make it happen...

Splashdown in Cerulean City Tracey West,2000 Misty does not want to go to Cerulean City, where her older sisters are the Gym Leaders, with Ash and Brock, but when she gets there she finds a way to prove her skills as a trainer of Water Pokâemon and help defend her sisters from Team Rocket.

The Alcazar Amy Ewing,2020-03-03 From New York Times bestselling author Amy Ewing comes the second book in an epic fantasy duology that School Library Journal called "rich and complex." Perfect for fans of Snow Like Ashes, These Broken Stars, and Magonia! Sera has finally recognized the true power of her Cerulean blood. But in order to

return home, she'll need help from Agnes, Leo, and their grandmother—the only person with knowledge about the mysterious island of Braxos, where the Cerulean tether is anchored. Though the journey will be treacherous, Sera will risk anything to see her City again. Meanwhile, the High Priestess's power has reached new heights in the City Above the Sky. And when Leela begins having visions of Sera, alive, she knows she's the key to saving the City. But to bring Sera home, Leela must channel the strength, courage, and curiosity that once got her friend exiled. With the help of friends, family, and Cerulean magic, Leela and Sera could soon return to their normal lives. But when that time comes, will Leela be able to serve her City as blindly as she once did? And will Sera be able to leave everything and everyone she's grown to love on the planet behind?

Tracking Desire Susan Cerulean, 2006-03-01 It took just one sighting of a swallow-tailed kite to dispatch Susan Cerulean on a pilgrimage through its fragmented and ever-shrinking habitats. In *Tracking Desire*, Cerulean immerses us in the natural history and biology of *Elanoides forficatus*. At the same time, she sifts through her past—as a child, student, biologist, parent, and activist—to muse on a lifelong absorption with nature.--P. [4] of cover.

Coming to Pass Susan Cerulean, 2015 Ten years ago, Sue Cerulean realized the coastlines of her childhood along the New Jersey shore and of her adult years (a little-developed necklace of Gulf islands in Florida) were beginning to shift into the sea. She began to chronicle the story of her coastal areas as they are now, as they once were, and how they might be as Earth's oceans rise. Cerulean and her husband, oceanographer Jeff Chanton, have taken many field trips in various parts of these coastal areas--
