Philippore Land Lim Han Ming,2013-08-12 An unemployed university graduate girl and an Occupy Wall Street terrorist leave in their wake a string of violent murders and newspaper headlines that catch the imagination of the Depression-struck Singapore. Singaporeans are proud to have been held up by them; to their victims, the duo is doing what nobody else has the guts to do. To the law, the two are terrorists who deserve to be gunned down where they stand.

Star Trek: The Original Series: Burning Dreams Margaret Wander Bonanno,2006-08-01 Before James T. Kirk, another captain stood on the bridge of the U.S.S. Enterprise™, spearheading its mission of exploration into the uncharted reaches of the galaxy. He was a man driven to perfection, a brooding soul whose haunted eyes reflected the burden of the impossible standards he set for himself, and for whom his longtime science officer, Spock, one day would risk everything. Yet, little is truly known about the enigmatic Christopher Pike, the events that defined him...or the secrets that consumed him. From the embers of his early childhood among Earth's blossoming interstellar colonies, to the terrifying conflagration that led him back to the world of his birth; from the mentor who would ignite young Chris's desire to return to the stars, to the career he blazed in Starfleet that would end in supreme sacrifice -- the path of Pike's astonishing life leads through fire again and again. But even amid the ashes of Talos IV, the forbidden world on which he would live out the remainder of his days, the dreams smoldering still within his aging, radiation-ravaged breast fan the flames of Pike's spirit to accomplish one final task....

Singapore's National Wages Council Chong Yah Lim,2013-12-30 Written by Emeritus Professor LIM Chong-Yah, Founding Chairman of the tripartite National Wages Council (NWC), this unique volume offers readers an insider's view of the genesis and the evolution of the wage determination mechanism and system in Singapore under the aegis of the NWC. As a tripartite body dealing with wages, wage policies and wage-related matters and promoting Growth with Equity, the NWC played a critical role in transforming industrial relations in Singapore from the then confrontational approach to that of mutual understanding, esprit de corps and social co-partnership. Drawing from his 30-year experience as NWC Chairman (1972–2001), Singapore's eminent Economics Professor shares with readers the important process and problems of seeking equitable wage increases through tripartite consensus based on a yearly national wage guideline system. The book also chronicles the role of the NWC in crisis management in 1974, 1985 and 1998, and in Economic Restructuring, 1979–1981. The structure and operation of this unique Singapore institution and the interesting problems of securing unanimity of support from the three tripartite partners are revealed in the book. Some important NWC personalities and their concerns and unique contributions are interestingly covered, anecdotally. Keywords:Wages;Wage policy;National Wages Council;NWC;Tripartism;Quantitative Guidelines;Qualitative Guidelines;Employment;Unemployment;Competitive Wages;Productivity Enhancement;Economic Restructuring;Crisis Management;NWC Memorandum;Industrial RelationsKey Features:The book is written by Emeritus Professor Lim Chong Yah, one of the most pre-eminent economists in Singapore. He was the Founding Chairman of the NWC for 30 years. A book on the NWC by the Founding Chairman of NWC is the closest a reader can get to the core of knowledge of the NWCThe book is the most comprehensive book on wage determination mechanism and wage policy in SingaporeThe history of the NWC is closely intertwined with history of Singapore economic development. The book thus gives invaluable insights of several episodes of macroeconomic management in SingaporeReviews: “Singapore's wage policy and model of tripartite cooperation were key drivers in the successful industrialization of Singapore in the 1970s and 1980s. Professor Lim Chong Yah was in the driver's seat of the National Wages Council for some 30 years since its formation in 1972. He shares his unique experience, thoughts and perspective of the issues and challenges facing the Singapore economy in its transformative years in this easy-to-read book.” GOH Chok Tong Emeritus Senior Minister, Singapore “This book is an excellent record of the genesis, objectives, and operation of the National Wages Council (NWC). It serves to inform the current and future generations of Singaporeans on many important aspects of the NWC. The chapter on Professor Lim's personal reflections as NWC Chairman where he wrote on many well-known personalities and their involvement with the NWC is most treasured.” Dr CHEW Soon Beng Professor of Labour Economics and Industrial Relations Nanyang Technological University “From achieving economic catch-up through international technology diffusion to implementing downward wage flexibility to hasten recoveries from adverse recessionary shocks, it is necessary that functioning institutions exist to facilitate conflict resolution among competing groups in society. The ubiquitous influence of the National Wages Council (NWC) as a key and unique institution that has brought together employers, representatives of labour unions, and Government to resolve conflicts — through the oil crises of the 1970s to the fallout from the Asian financial crisis in 1998 — is now given an insider's account. Professor Lim, Chairman of NWC from 1972 to 2001, has now given us an engaging analytical and personal account of the workings of this important institution.” Dr HOON Hian Teck Professor of Economics Singapore Management University “To many people outside Singapore, the industrial peace that Singapore has enjoyed in the past 40 years is unfathomable. How did we forge such close tripartite relations among employers, unions and the government? One of the most important contributors to this is the NWC process. Prof Lim Chong Yah has, in this insider's view, given much color to what went on behind the scenes — how he facilitated the building of relations among the principal players

in this unique relationship.” LIM Boon Heng Former Secretary-General, National Trades Union Congress Deputy Chairman, Singapore Labour Foundation “The ILO has been impressed by the NWC mechanism which ensures tripartite participation and tripartite dialogue. I am glad that Professor Lim has decided to share his rich experience in the new book by presenting issues and the processes leading to the solutions of problems. This by itself shows Professor Lim's wisdom and ability to strike consensus among the government, and employers' and workers' organizations. It also reflects Professor Lim's remarkable contributions to decades of industrial peace and economic growth in Singapore.” Dr NG Gek Boo Former ILO Assistant Director-General and Regional Director for Asia and the Pacific “In 1965, the just born city-state had a per capita GDP of US\$ 516. In nominal terms, it rose by 100 times to US\$ 51,709 in 2012. In this accomplishment, the most crucial role was played by the country's only resource — manpower. Guiding the pricing of that resource, ably and humanely, was the task carried out by Prof Lim for three decades as the NWC Chair. Many manpower-rich developing countries will benefit from a reading of this insider's account of NWC and its contributions to the Singapore's success story.” Dr Bhanoji RAO Hon/Adjunct Professor, ASCI and IBS, Hyderabad Member, Governing Board, GITAM University “I was privileged to serve as the Government Member of NWC when it was inaugurated in 1972. As the Founding Chairman, Professor Lim ably led the Council towards convergence of the divergent positions of the tripartite partners namely the Government, Employers and the NTUC. Intellectually sharp, he was also astute in reading the body language of the principal members. Blessed with a sense of humor, Professor Lim was able to bring round all three tripartite partners to agree on unanimous recommendations to the Prime Minister. The NWC under the outstanding leadership of Professor Lim brought about over decades of industrial peace and steady consistent GDP growth in the 1970s, 1980s and 1990s.” NGIAM Tong Dow Former Permanent Secretary Ministry of Finance Ministry of Trade and Industry

Piracy and surreptitious activities in the Malay Archipelago and adjacent seas, 1600-1840 Y.H. Teddy Sim,2014-10-22

This edited work explores piracy and surreptitious activities such as privateering, war-making, slave-hunting and raiding, focussing on Southeast Asia in the early modern period. Readers will discover nine essays studying the different sub-regions of the Malay Archipelago and adjacent seas and exploring the nature and historiographical perception of piracy, maritime conflict and surreptitious activities. The authors probe the linkages between these occurrences with war and economy in the seventeenth and eighteenth centuries in particular, and look at the transition into the nineteenth century. The introduction covers the study of piracy in this period and chapters explore themes of Siak and Malay activities, Dutch privateering, Chinese actions in the Melaka-Singapore region, activity in the Malukan Archipelago and the political background of the Maguindanao “piracy” in the early eighteenth century. Later chapters explore the Sulu Sultanate and the seafaring world, the deeds of Iberians in this region and especially the identities and activities of the Portuguese in these seas. The authors contribute to the literature by complementing studies that favour a closer discussion of the ‘formal’ and ‘informal’ sectors in history. This book opens up the subject area for delving into the various geographical locales and participating groups, as well as their possible linkages with one another and with other groups. This volume will be of interest to students and academicians of Southeast Asian studies and those with a general interest in maritime piracy.

Civil Procedure in Singapore Chen Siyuan,Eunice Chua Hui Han,2021-10-21 Derived from the renowned multi-volume International Encyclopaedia of Laws, this convenient volume provides comprehensive analysis of the legislation and rules that determine civil procedure and practice in Singapore. Lawyers who handle transnational matters will appreciate the book’s clear explanation of distinct terminology and application of rules. The structure follows the classical chapters of a handbook on civil procedure: beginning with the judicial organization of the courts, jurisdiction issues, a discussion of the various actions and claims, and then moving to a review of the proceedings as such. These general chapters are followed by a discussion of the incidents during proceedings, the legal aid and legal costs, and the regulation of evidence. There are chapters on seizure for security and enforcement of judgments, and a final section on alternative dispute resolution. Facts are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance. Succinct, scholarly, and practical, this book will prove a valuable time-saving tool for business and legal professionals alike. Lawyers representing parties with interests in Singapore will welcome this very useful guide, and academics and researchers will appreciate its comparative value as a contribution to the study of civil procedure in the international context.
