

CheeseGoat

Liz Thorpe

Goat Cheese Maggie Foard, 2008 *Goat Cheese* combines the recipes for foods you love with the natural goodness of goat cheese and goat's milk. With over 70 delicious recipes for appetizers, breakfast, lunch, and dinner, there is always time for Goat Cheese. Once you've tried the Sweet Ricotta Pancakes topped with bananas and strawberries, Cherry Oatmeal Scones with chevre or fromage blanc, Lamb Tenderloins stuffed with eggplant and feta, or the Espresso Cheesecake Brownie, you will forget that cows even exist! Maggie Foard studied horticulture at the City College of San Francisco (CCSF), but she wasn't introduced to fresh goat cheese until she went on a school field trip ten years ago with her son to the local goat farm. She simply fell in love with not only goat cheese but the whole goat farm! Incorporating goat cheese and other goat dairy into cooking was just a natural consequence, since she was already an avid chef. Maggie lives on twelve acres in rural San Mateo County of California, with her husband, Jim, and their teenage son, Eric. She raises her own chickens for eggs and has dogs, cats, goats, ducks, peacocks, and a rooster.

One-Hour Cheese Claudia Lucero, 2014-05-06 It's a DIY cook's dream come true: It's pizza night, and you've made not only the crust and sauce but the mozzarella, too. Or you're whipping up quesadillas for a snack, using your homemade Triple Pepper Hack. Or the dinner party's in high gear and out comes the cheese plate—and yes, you've made all the cheeses on it. Even better—you made them all earlier that day. In a cookbook whose results seem like magic but whose recipes and instructions are specific, easy-to-follow, and foolproof, Claudia Lucero shows step by step—with every step photographed—exactly how to make sixteen fresh cheeses at home, using easily available ingredients and tools, in an hour or less. The approach is basic and based on thousands of years of cheesemaking wisdom: Heat milk, add coagulant, drain, salt, and press. Simple variations produce delicious results across three categories—Creamy and Spreadable, Firm and Chewy, and Melty and Goey. And just as delicious, the author shows the best ways to serve them, recipes included: Squeaky “Pasta” Primavera, Mozzarella Kebab Party, and Curry in a Hurry Lettuce Wraps.

Goat Bruce Weinstein, Mark Scarbrough, 2011-11-23 A “delightful” cookbook that “breaks new culinary ground” with recipes using goat meat, goat cheese, goat milk, and more (David Leite, author of *The New Portuguese Table*). From high-end restaurants to street food carts coast-to-coast, goat meat and dairy products are being embraced across the country as the next big thing. With its excellent flavor, wide-ranging versatility, and numerous health benefits, goat meat, milk, and cheese are a new frontier for home cooks. Goat is the world's primary meat—upwards of seventy percent of the red meat eaten around the world—and this is the first goat-oriented cookbook designed for American readers. Goat is a no-holds-barred goatapedia, laugh-out-loud cooking class, cheesemaking workshop, and dairy-milking expedition all in one. With recipes such as Pan-Roasted Chops with Blackberries and Sage, Meatballs with Artichokes and Fennel, and Chocolate-Dipped Goat Cheese Balls, this book is sure to become the standard cook's resource for this new frontier. “Awesome recipes and gorgeous photography.” —Claire Robinson, Food Network host and author of *5 Ingredient Fix*

It's Not You, It's Brie Kirstin Jackson, 2012 Cheese expert Kirstin Jackson explores the story of cheese in America.

Cheese Sex Death Erika Kubick, 2021-10-26 From lauded cheesemonger and creator of the popular blog Cheese Sex Death, a bible for everything you need to know about cheese For many people, the world of artisan cheese is an intriguing but intimidating place. There are so many strange smells, unusual textures, exotic names, and rules for serving. Where should a neophyte begin? From evangelist cheesemonger Erika Kubick, this comprehensive book guides readers to become confident connoisseurs and worshippers of Cheesus. A preacher of the curd word, Kubick provides the Ten Commandments of Cheese, which breaks down this complex world into simplified bites. A welcoming sanctuary devoted to making cheese a daily part of life and gatherings, this book explores the many different styles of cheese by type, profiling commonly found and affordable wedges as well as the more rare and refined of rinds. Kubick offers divine recipes that cover everything from everyday crowd pleasers (think mac and cheese and baked brie) to festive feasts fit for holidays and gatherings. This cheese devotee outlines the perfect cheese plate formula and offers inventive yet easy-to-execute beverage pairings, including wine, beer, spirits, and non-alcoholic drinks. These heavenly spreads and recipes wring maximum indulgence out of minimal effort and expense. Filled with seductive photography and audacious prose, Cheese Sex Death is a delightfully approachable guide to artisan cheese that will make just about anyone worship at the altar of Cheesus.

Mad Sheep Linda Faillace, 2007-09-05 The true account of one familys struggle against a bullying and corrupt government agency, Mad Sheep shows how the needs of corporate agriculture and the industrialization of Americas food supply have abandoned family farmers in the name of profits.

Kitchen Creamery Louella Hill, 2015-04-14 A wonderful primer for making cheese, butter, and yogurt in your kitchen, featuring delicious recipes to test out your skills. From cheesemaking authority and teacher Louella Hill comes an education so timely and inspiring that every cheese lover and cheesemonger, from novice to professional, will have something to learn. Kitchen Creamery starts with the basics (think yogurt, ricotta, and mascarpone) before graduating into more complex varieties such as Asiago and Pecorino. With dozens of recipes, styles, and techniques, each page is overflowing with essential knowledge for perfecting the ins and outs of the fascinating process that transforms fresh milk into delicious cheese.

Goat Song Brad Kessler, 2009-06-23 The author, a novelist, describes his life as he and his wife moved to a farm in Vermont, becoming a goatherd and cheesemaker.

This Cheese is Nuts! Julie Piatt, 2017-06-13 The essential primer and guide to preparing delicious, totally vegan, nut-based cheeses, from the coauthor of The Plantpower Way. In their debut cookbook, The Plantpower Way, Julie Piatt and her ultra-endurance athlete husband, Rich Roll, inspired thousands to embrace a plant-fueled lifestyle, and through their advocacy efforts, podcasts, and talks, countless people are now enjoying healthier and more vibrant lives. In This Cheese is Nuts, Julie is bringing that message to the forefront once more, with a stunning collection of flavorful nut-based cheeses. Julie has always been known for her dairy-free cheeses, and

here she shares seventy-five recipes using almonds, cashews, and other nuts to create cheeses anyone can make right at home. Nut-based cheeses are on the cutting edge in the world of vegan cuisine. They're remarkably simple to prepare (all you need are a few simple ingredients and a basic dehydrator), and in as little as twenty minutes, you can have an assortment of tasty fresh cheeses fit for any occasion. Even creating aged cheeses is easy—they require only a day or two in the dehydrator, so making “fancier” cheeses, like Aged Almond Cheddar, is an almost entirely hands-off process. And though they're delectable on their own, Julie's nut-based cheeses are a terrific component in her recipes for Raw Beet Ravioli with Cashew Truffle Cream, Country Veggie Lasagna with Fennel and Brazil Nut Pesto, French Onion Soup with Cashew Camembert, and more. Filled with the essential tips, tools, and mouth-watering recipes home cooks need to immerse themselves in the world of nut-based cheese-making, *This Cheese is Nuts* will demonstrate why nut cheeses should be part of any healthy, sustainable diet.

Beginners Guide to Making Homemade Cheese, Butter & Yogurt (Homesteading Freedom) Carson Wyatt, 2017-07-10

Discover the art of creating delectable cheese, mastering the craft of real butter, and crafting wholesome yogurt in the newly reformatted and re-edited edition of this exceptional book, originally released in 2017. If you yearn to uncover the secrets behind making irresistible cheese, indulging in the satisfaction of crafting authentic butter, or savoring the goodness of homemade yogurt, look no further. *The Beginners Guide to Making Homemade Cheese, Butter & Yogurt* is tailor-made for you. Immerse yourself in a comprehensive journey that simplifies the process step by step, guiding you through the essential ingredients and equipment necessary to effortlessly create these delectable dairy delicacies. Within these pages, you will uncover invaluable cheese making tips, answers to frequently asked questions, enticing yogurt recipes, and an array of homemade butter variations. And for the Bacon Lovers out there, we've even included a special cheese and butter recipe just for you! With this incredible resource at your side, you'll soon become a master of your own kitchen, crafting divine dairy products that will leave your taste buds begging for more. Embark on this remarkable adventure today and unlock the wonders of homemade cheese, butter, and yogurt like never before.

The Oxford Companion to Cheese, 2016-10-25 Winner of the 2017 James Beard Award for Reference & Scholarship The discovery of cheese is a narrative at least 8,000 years old, dating back to the Neolithic era. Yet, after all of these thousands of years we are still finding new ways to combine the same four basic ingredients - milk, bacteria, salt, and enzymes - into new and exciting products with vastly different shapes, sizes, and colors, and equally complex and varied tastes, textures, and, yes, aromas. In fact, after a long period of industrialized, processed, and standardized cheese, cheesemakers, cheesemongers, affineurs, and most of all consumers are rediscovering the endless variety of cheeses across cultures. *The Oxford Companion to Cheese* is the first major reference work dedicated to cheese, containing 855 A-Z entries on cheese history, culture, science, and production. From cottage cheese to Camembert, from Gorgonzola to Gruyère, there are entries on all of the major cheese varieties globally, but also many cheeses that are not well known outside of their region of production. The concentrated whey cheeses popular in Norway, brunost, are covered here, as are the traditional Turkish and

Iranian cheeses that are ripened in casings prepared from sheep's or goat's skin. There are entries on animal species whose milk is commonly (cow, goat, sheep) and not so commonly (think yak, camel, and reindeer) used in cheesemaking, as well as entries on a few highly important breeds within each species, such as the Nubian goat or the Holstein cow. Regional entries on places with a strong history of cheese production, biographies of influential cheesemakers, innovative and influential cheese shops, and historical entries on topics like manorial cheesemaking and cheese in children's literature round out the Companion's eclectic cultural coverage. The Companion also reflects a fascination with the microbiology and chemistry of cheese, featuring entries on bacteria, molds, yeasts, cultures, and coagulants used in cheesemaking and cheese maturing. The blooms, veins, sticky surfaces, gooey interiors, crystals, wrinkles, strings, and yes, for some, the odors of cheese are all due to microbial action and growth. And today we have unprecedented insight into the microbial complexity of cheese, thanks to advances in molecular biology, whole-genome sequencing technologies, and microbiome research. The Companion is equally interested in the applied elements of cheesemaking, with entries on production methodologies and the technology and equipment used in cheesemaking. An astonishing 325 authors contributed entries to the Companion, residing in 35 countries. These experts included cheesemakers, cheesemongers, dairy scientists, anthropologists, food historians, journalists, archaeologists, and on, from backgrounds as diverse as the topics they write about. Every entry is signed by the author, and includes both cross references to related topics and further reading suggestions. The endmatter includes a list of cheese-related museums and a thorough index. Two 16-page color inserts and well over a hundred black and white images help bring the entries to life. This landmark encyclopedia is the most wide-ranging, comprehensive, and reliable reference work on cheese available, suitable for both novices and industry insiders alike.

Say Cheese (Level 4 Reader) Rivet, 2019-04-25 From first introductions to deep dives into the wonders of our world, Rivet nonfiction books fascinate young readers. A level 4 reader in the Nom Nom series, Say Cheese will feed readers' curiosity about Food.

The Atlas of American Artisan Cheese Jeffrey P. Roberts, 2007 Presents 345 cheesemakers in the United States, with each profile describing the cheesemaker and its history, cheeses, location, and availability.

World Cheese Book Juliet Harbutt, 2009-10-05 The book is about cheese in all its many glorious varieties. What it looks like, what it tastes like, where it comes from, what you should do with it and why, how to choose a cheese you'll like and how best to enjoy it. It gives you an indepth understanding of the world of cheese - the science, the smells, the succulence. The core of the book is formed by the Directory Spreads, packed with clear and expert information about each cheese and illustrated with excellent photography. The cheeses are arranged by country, each section written by an expert cheesie from that country. For the novice, the intermediate and expert cheese eater, it will become the undisputed best guide to the world's cheeses.

Varieties of Cheese Charles Francis Doane, Huron Willis Lawson, 1911

Great Balls of Cheese Michelle Buffardi, 2013 The first cookbook to bring cheese balls back into style -- with

contemporary flavor combinations and adorable designs too--

Classic Cheese Cookery Peter Graham, 2008-08-29 This award-winning guide to serving, pairing, and cooking with cheese includes more than 300 recipes—plus photos and an extensive cheese checklist! Critic and food writer Peter Graham's *Classic Cheese Cookery* is the definitive book for satisfying the cravings of any cheese lover. With 18 chapters encompassing more than 300 recipes, you will find decadent inspirations for toasted and melted cheese, soups, pasta, pancakes, tarts, sauces, pastry, and much more. Alongside traditional recipes for soufflés, gratins, quiches, and cheesecakes, there are an enticing array of simple snacks and salads. Inspired combinations, such as pears with pecorino and prawns with feta will tempt the adventurous, while vegetarians will be delighted by the extensive variety that cheese cookery offers them. A detailed checklist of cheeses guides the intrepid and the uninitiated alike, so whether you are searching for a new pasta sauce, an alternative to Welsh rarebit, or a refreshing approach to entertaining, *Classic Cheese Cookery*, has something for every occasion.

Cheese and Microbes Catherine W. Donnelly, 2014-04-30 A scientific overview of the association of microbes with cheese, through the lens of select cheese varieties that result due to surface mold ripening, internal mold ripening, rind washing, cave aging, or surface smear rind development. Over the past decade, there has been explosive growth in the U.S. artisan cheese industry. The editor, Ms. Donnelly, was involved in developing a comprehensive education curriculum for those new to cheese making, which focused on the science of cheese, principally to promote cheese quality and safety. Many of the chapters in this book focus on aspects of that requisite knowledge. • Explains the process of transformation of milk to cheese and how sensory attributes of cheese are evaluated. • Provides an overview of cheese safety and regulations governing cheese making, both in the US and abroad, to ensure safety. • Explores how the tools of molecular biology provide new insights into the complexity of the microbial biodiversity of cheeses. • Examines the biodiversity of traditional cheeses as a result of traditional practices, and overviews research on the stability of the microbial consortium of select traditional cheese varieties. • Key text for cheese makers, scientists, students, and cheese enthusiasts who wish to expand their knowledge of cheeses and traditional foods.

The Book of Cheese Liz Thorpe, 2017-09-26 EXPLORE THE WORLD OF CHEESE BY ASKING YOURSELF ONE SIMPLE QUESTION: WHAT CHEESES DO I ALREADY LOVE? This is the first book of its kind to be organized not by country, milk type, or any other technical classification. The *Book of Cheese* maps the world of cheese using nine familiar favorites, what author Liz Thorpe calls the Gateway Cheeses. From basics like Swiss, blue, and cheddar, Liz leads the way to more adventurous types. Love Brie? Liz shows you how to find other Brie-like cheeses, from the mild Moses Sleeper to the pungent Fromage de Meaux. Her revolutionary approach allows food lovers to focus on what they really care about: finding more cheeses to enjoy. Complete with flavor and aroma wheels, charts guiding you through different intensities and availabilities, and gorgeous photography, this is the only book on cheese you will ever need.

Grilled Cheese Sandwich Recipes Katy Lyons, 2023-06-24 The grilled cheese sandwich is a beloved American classic that has gained popularity worldwide. While the concept of combining bread and cheese has been around for

centuries, the grilled cheese as we know it today is said to have originated in the United States during the 1920s. Interestingly, a similar sandwich called the Croque Monsieur, consisting of toasted bread, cheese, and ham, first appeared on menus in France in 1910, predating the American version. The term grilled cheese didn't emerge until the 1960s, prior to which it was commonly referred to as a toasted cheese or melted cheese sandwich. Over the years, variations of the classic sandwich have emerged, incorporating different types of cheese, bread, and additional ingredients such as meats, vegetables, and condiments like ham, tomato, or pickles. This cookbook offers a wide array of recipes showcasing the versatility of the grilled cheese sandwich. From traditional combinations to creative twists, you'll find a variety of options to explore and enjoy.
