Christopher L. Bennett

Ex Machina Christopher L. Bennett, 2005-01-01 An intense “missing” tale from the beginning of the Star Trek movie era, when the crew of the U.S.S. Enterprise was first reunited and confronting issues of both nature of God and artificial intelligence. Following the events of Star Trek: The Motion Picture, the reunited crew of the Starship Enterprise revisits a loose end from their earlier adventures: the resettlement of refugee colonists from a destroyed planet, whose lives have depended so long on the godlike artificial intelligence that guided them through space, their ability to survive without it is now in doubt. At the same time, Kirk, Spock, and McCoy, back together now after almost three years, must relearn how to work together in a story that examines this iconic relationship as never before.

One of the DTI's most crucial jobs is to track down these objects and lock them safely away in the Federation's most secret and secure facility. When Agents Lucsly and Dulmur bring home an alien obelisk of incredible power, they are challenged by a 31st-century temporal agent who insists they surrender the mysterious artifact to her. But before they know it, the three agents are pulled into a corrupted future torn apart by a violent temporal war. While their DTI colleagues attempt to track them down, Lucsly and Dulmur must restore temporal peace by setting off on an epic journey through the ages, with the future of the galaxy hanging in the balance...

Star Trek: DTI: Forgotten History Christopher L. Bennett, 2012-04-24 In a universe where history as we know it could be wiped out at any moment, only the most disciplined, obsessive, and unimaginative government employees have what it takes to face the existential uncertainty of it all: Lucsly and Dulmur with the Federation Department of Temporal Investigations. Department of Temporal Investigations: Watching the Clock Christopher L. Bennett, 2011-04-26 There's likely no more of a thankless job in the Federation than temporal investigation. While starship explorers get to live the human adventure of traveling to other times and realities, it's up to the dedicated agents of the Federation Department of Temporal Investigations to deal with the consequences to the timestream that the rest of the Galaxy has to live with day by day. But when history as we know it could be wiped out at any moment by time warriors from the future, misused relics of ancient races, or accident-prone starships, only the most disciplined, obsessive, and unimaginative government employees have what it takes to face the existential

uncertainty of it all on a daily basis . . . and still stay sane enough to complete their assignments. That's where Agents Lucsly and Dulmur come in—stalwart and unflappable, these men are the Federation's unsung anchors in a chaotic universe. Together with their colleagues in the DTI—and with the help and sometimes hindrance of Starfleet's finest—they do what they can to keep the timestream, or at least the paperwork, as neat and orderly as they are. But when a series of escalating temporal incursions threatens to open a new front of the history-spanning Temporal Cold War in the twenty-fourth century, Agents Lucsly and Dulmur will need all their investigative skill and unbending determination to stop those who wish to rewrite the past for their own advantage, and to keep the present and the future from devolving into the kind of chaos they really, really hate.

Star Trek: Myriad Universes #1: Infinity's Prism Christopher L. Bennett, William Leisner, James Swallow, 2008-07-22 It's been said that for any event, there are an infinite number of possible outcomes. Our choices determine which outcome will follow, and therefore all possibilities that could happen do happen across countless alternate realities. In these divergent realms, known history is bent, like white light through a prism -- broken into a boundless spectrum of what-might-have-beens. But in those myriad universes, what might have been...is what actually happened. A Less Perfect Union: More than a hundred years after the Terra Prime movement achieved its dream of an isolationist Earth, humanity is once again at a fork in the river of history...and the path it follows may ultimately be determined by the voice of a single individual: the sole surviving crewmember of the first Starship Enterprise.™ Places of Exile: Midway through Voyager's journey across the galaxy, Captain Kathryn Janeway and Commander Chakotay must choose whether to brave a deadly war zone or abandon their quest for home. But an attack by Species 8472 cripples the ship, and the stranded crew must make new choices that will reshape their destinies...and that of the Delta Quadrant itself. Seeds of Dissent: Khan victorious! Almost four centuries after conquering their world, genetically enhanced humans dominate a ruthless interstellar empire. But the warship Defiance, under its augmented commander, Princeps Julian Bashir, makes a discovery that could shake the pillars of his proud civilization: an ancient sleeper ship from Earth named the Botany Bay.

Star Trek: Mere Anarchy Margaret Wander Bonanno, Christopher L. Bennett, 2009-03-17 Mestiko: a world on the brink of interstellar travel -- and one that is closely and discreetly monitored by the Federation. But when a rogue pulsar sweeps through the star system, threatening to destroy all life on their planet, Starfleet must mount a desperate effort to protect the planet from annihilation. Under the command of James T. Kirk, the Starship Enterprise™ is able to mitigate some of the damage -- but the world's surface is still devastated with appalling loss of life. Over the next three decades, the Enterprise and its crew revisit Mestiko -- whether to keep them from falling prey to the machinations of the Klingon Empire or to deliver a new method of replenishing the planet's ozone -- through trials and tribulations, hardship and strife, love and death. Originally published as six eBooks, Mere Anarchy is the saga of one crew's career-long relationship to one world, and the ties that bound them inextricably together.

Living Memory Christopher L. Bennett, 2021-06-15 An all-new Star Trek movie-era adventure! While attempting to settle in as commandant of Starfleet Academy, Admiral James T. Kirk must suddenly contend with the controversial, turbulent integration of an alien warrior caste into the student body—and quickly becomes embroiled in conflict when the Academy controversy escalates to murder. Meanwhile, Captain Spock of the USS Enterprise and Commander Pavel Chekov of the USS Reliant are investigating a series of powerful cosmic storms seemingly targeting Federation worlds—unstoppable outbursts emitting from the very fabric of space. Endeavoring to predict where the lethal storms will strike next, Spock and Chekov make the shocking discovery that the answer lies in Commander Nyota Uhura's past—one that she no longer remembers....™, ®, & © 2021 CBS Studios, Inc.
