Holidays on Display William L. Bird,2007-08-30 For millions of people the world over, the annual visit to a department store to view the festive window displays and visit Santa in his winter wonderland is a treasured holiday tradition. In America, the Thanksgiving holiday is almost inconceivable without Macy's annual parade. But how did holiday traditions like this begin? Who are the behind-the-scenes magicians that conjure up this unique blend of imagination, showmanship, and salesmanship? *Holidays on Display* is a comprehensive overview of the art and industry of the holiday display. Author William L. Bird, Jr., traces its evolution as holiday decorations moved from shop windows to building exteriors and out into the street in the form of parade floats. In this fascinating and colorful history we are introduced to turn-of-the-century trimmers hired by merchants to maintain product displays, and we marvel as advances in lighting, animation, and miniaturization lead to the incredible feats of creative self-expression practiced by today's window artists. Packed with rarely seen photographs and ephemera, *Holidays on Display* makes it easy to see why we have such lasting emotional attachments to animated Christmas windows, passing parades, and the ambient glow of holiday lights.

Inside the Third Reich Albert Speer,1970 'INSIDE THE THIRD REICH' is not only the most significant personal German account to come out of the war but the most revealing document on the Hitler phenomenon yet written. It takes the reader inside Nazi Germany on four different levels: Hitler's inner circle, National Socialism as a whole, the area of wartime production and the inner

struggle of Albert Speer. The author does not try to make excuses, even by implication, and is unrelenting toward himself and his associates... Speer's full-length portrait of Hitler has unnerving reality. The Fuhrer emerges as neither an incompetent nor a carpet-gnawing madman but as an evil genius of warped conceits endowed with an ineffable personal magic' NEW YORK TIMES

Underwater Dogs Seth Casteel,2012-10-23 The exuberant, exhilarating photographs of dogs underwater that have become a sensation From the water's surface, it's a simple exercise: a dog's leap, a splash, and then a wet head surfacing with a ball, triumphant. But beneath the water is a chaotic ballet of bared teeth and bubbles, paddling paws, fur and ears billowing in the currents. From leaping Lab to diving Dachshund, the water is where a dog's distinct personality shines through; some lounge in the current, paddling slowly, but others arch their bodies to cut through the water with the focus and determination of a shark. In more than eighty portraits, award-winning pet photographer and animal rights activist Seth Casteel captures new sides of our old friends with vibrant underwater photography that makes it impossible to look away. Each image bubbles with exuberance and life, a striking reminder that even in the most loveable and domesticated dog, there are more primal forces at work. In *Underwater Dogs*, Seth Casteel gives playful and energetic testament to the rough-and-tumble joy that our dogs bring into our lives.
