**William Randolph Hearst, Orson Welles, and Citizen Kane: The History of the Men Behind One of America's Most Famous Movies**

Charles River Editors, 2019-03-07 \*Includes pictures \*Includes online resources and a bibliography for further reading When William Randolph Hearst was in his late 50s and at the height of his power, journalist Robert Duffuss observed, His career is unique in American history, or, for that matter, all history. Compared with him the Bennetts and even the Pulitzers are small...his acquaintances...credit him with personal charm, but do not deny his ruthlessness in business operations. Shopkeepers and his nearest rivals are simply not in his class. Here is success on a dizzying and truly American scale. Here is journalism as large as the Rocky Mountains or the Painted Desert. However, despite his massive success, and perhaps in large measure because of it, many of Hearst's contemporaries depicted him in negative ways. As Duffuss also noted, when it came to the newspaper magnate's reputation, there was a curious suggestion of lath and plaster about it, and far from being universally honored and admired as other self-made men have been, Mr. Hearst is regarded by multitudes of his fellow citizens with extreme aversion and distrust. Indeed, his career is almost never examined dispassionately and for this reason some of the salient facts about him are worth setting down in a somewhat cold-blooded manner. It is only right to keep every positive and negative viewpoint in mind when looking at the life of a man who built his own fortune with money inherited from a father who literally grubbed it out of the ground with his own hands. While the senior Hearst may never have gotten the soil of old California from under his nails, William Randolph would never know what it felt like to live a life of manual labor; instead, he founded his empire on another kind of dirt, that which he was able to dig up and publish about the people, great and small, of his day. He would also stir up a good bit of dirt himself. When it comes to Hollywood and the entertainment industry, perhaps nobody catapulted to fame as quickly or as strangely as Orson Welles, and it was due in large measure to the man who hated him more than anyone else in the world. Though Welles he had worked on stage productions from an early age and seamlessly transitioned into radio, few were familiar with his work until a legendary 1938 radio broadcast of H.G. Wells' *The War of the Worlds*, during which some people who heard Welles narrating the work truly believed that an alien invasion was underway. As Welles famously apologized at the end of the broadcast, This is Orson Welles, ladies and gentlemen, out of character, to assure you that *The War of the Worlds* has no further significance than as the holiday offering it was intended to be; The Mercury Theatre's own radio version of dressing up in a sheet and jumping out of a bush and saying 'Boo!' Although the alleged widespread hysteria caused by that broadcast is mostly overstated, the notorious broadcast made Welles a household name, and he only followed it up with one of the greatest movies ever made: *Citizen Kane*. As the co-writer, producer, director, and main star of the film, a biting social critique of William Randolph Hearst, Welles' first movie would end up being his most famous and critically acclaimed. Of course, it also ensured that he would continue to work across every entertainment medium for the next 4 decades, juggling radio, the stage, movies, and television throughout the rest of his illustrious career. *William Randolph Hearst, Orson Welles, and Citizen Kane: The History of the Men Behind One of America's Most Famous Movies* examines the various roles Hearst played in American journalism and politics during his life, and how he inspired Welles to make one of America's most important films. Along with pictures depicting important people, places, and events, you will learn about the story of Hearst, Welles, and *Citizen Kane* like never before.

**Citizen Welles** Frank Brady,2023-04-25 George Orson Welles (1915–1985) is considered to be among the greatest and most influential filmmakers of all time. At just twenty-five years old, he cowrote, produced, directed, and starred in his Academy Award-winning debut film Citizen Kane (1941). His innovative and distinctive directorial style—nonlinear narratives, unusual camera angles, deep focus shots, and long takes—continues to be emulated by directors and cinematographers to this day. The brilliant yet provocative Welles won multiple Grammys, a Golden Globe, and the greatest honor the Directors Guild of America bestowed: the D. W. Griffith Award. His final film, *The Other Side of the Wind*, was released in 2018, 33 years after his death. In *Citizen Welles: A Biography of Orson Welles*, author Frank Brady presents a comprehensive and complete picture of the artist and auteur. Painstakingly researched, Brady delves into Welles's creative achievements, from his critically acclaimed film *Citizen Kane* and controversial radio broadcast *The War of the Worlds* (1938) to his starring turn on Broadway in *Shaw's Heartbreak House* (for which he made the cover of *Time*). Brady also explores other notable films, including *The Magnificent Ambersons* (1942), *Touch of Evil* (1958), and *Chimes at Midnight* (1965). This all-encompassing work also details the personal side of Welles's life, including his romances with Rita Hayworth and Dolores Del Rio and the confounding tragedy of his final years. Presented is a captivating and compelling encapsulation of the revered and respected artist.

*Walking Shadows* John Evangelist Walsh,2004 *Walking Shadows* dramatically dissects the wild, high-profile battle between newspaper tycoon William Randolph Hearst and famous young actor, director, and filmmaker Orson Welles over Welles's groundbreaking film *Citizen Kane*. In 1940 and 1941 it became the center of public controversy and scandal, especially in Hollywood where Welles's own stark honesty and blatant self-confidence heightened the drama. *Citizen Kane* portrayed the ruthless career of an all-powerful magnate bearing (not accidentally) a striking resemblance to Hearst, who immediately tried to kill the picture. John Evangelist Walsh here illuminates the conflict between these two outsize personalities and for the first time brings Hearst's vengeful anti-Kane campaign to the fore. Walsh provides thorough documentation, supplemental notes, and an extended bibliography.

**Citizen Kane** , Nominated for 12 Academy Awards Citizen Kane is regularly hailed as the best film ever made. It tells the thought-provoking, tragic story of a millionaire newspaperman, Charles Foster Kane, who idealistically made his reputation as the champion of the underprivileged only to become corrupted by the lust of wealth, power and immortality. This special 50th Anniversary edition of the film also includes a short documentary entitled Reflections on Citizen Kane -A 50th Anniversary Special.

**Citizen Kane** Orson Welles, Joseph Cotten, Ken Barnes, 2003 The story of Charles Foster Kane is a portrait of America's love of power and materialism and the corruption it sometimes fosters.

*Citizen Kane* Harlan Lebo, 1990 The film Citizen Kane smashed all of Hollywood's filmmaking conventions, setting standards for visual style and storytelling that are still unmatched today. *Orson Welles' Lost War of the Worlds Screenplay* William Francis Brown, 2013-09 Is this a hoax, wrapped in a forgery, inside a long con? It was the Golden Age of Hollywood and with stars in his eyes and typewriter in hand, a teenage William Francis Brown set off for Tinseltown. Because of Orson Welles' colossal blunder with Citizen Kane, the brass at RKO wanted to rein in their Boy Wonder. Saddling Orson with a young Willie Brown as his screenwriter, they forced him to adapt his War of the Worlds radio-drama as a feature film. But Orson's War of the Worlds would not be a simple adaptation of his infamous radio-drama. This film would ask sinister questions: What if the broadcasts radio listeners heard that night in 1938 were real? What if Martians had, in fact, invaded American soil? What if there was a vast government conspiracy between Franklin Delano Roosevelt, William Randolph Hearst, and a young Orson Welles to hide this truth from the American people: the truth of an Orson Welles' Conspiracy? Years after William Brown's death, Robert Dwight Brown would discover in his father's secret safety-deposit box a screenplay of a long, lost Orson Welles' War of the Worlds motion picture that was never actually filmed... wasn't it?
