Right of the Dial Alec Foege, 2009-04-14 In *Right of the Dial*, Alec Foege explores how the mammoth media conglomerate Clear Channel Communications evolved from a local radio broadcasting operation, founded in 1972, into one of the biggest, most profitable, and most polarizing corporations in the country. During its heyday, critics accused Clear Channel, the fourth-largest media company in the United States and the nation's largest owner of radio stations, of ruining American pop culture and cited it as a symbol of the evils of media monopolization, while fans hailed it as a business dynamo, a beacon of unfettered capitalism. What's undeniable is that as the owner at one point of more than 1,200 radio stations, 130 major concert venues and promoters, 770,000 billboards, and 41 television stations, Clear Channel dominated the entertainment world in ways that MTV and Disney could only dream of. But in the fall of 2006, after years of public criticism and flattening stock prices, Goliath finally tumbled--Clear Channel Communications, Inc., spun off its entertainment division and plotted to sell off one-third of its radio stations and all of its television concerns, and to transfer ownership of the rest of its holdings to a consortium of private equity firms. The move signaled the end of an era in media consolidation, and in *Right of the Dial*, Foege takes stock of the company's successes and abuses, showing the manner in which Clear Channel reshaped America's cultural and corporate landscape along the way.

Big Voices of the Air James C. Foust, 2000 *Big Voices of the Air* fills a huge gap in our understanding of broadcast history and should be read by anyone who is interested in radio history and policy. It will be studied in electronic media, broadcast regulation, and

communication law and policy courses.--BOOK JACKET.

Iowa's WHO Radio Jeff Stein, 2011 When a Des Moines insurance company started a radio station in 1924, no one imagined it would bring news from a world war home to families desperate for information, carry the exploits of University of Iowa athletics to fans nationwide, draw the ire of a Cuban dictator, and be home to a future president. From the earliest days of This is W-H-O. Who? Bankers Life, Des Moines to today's 50,000-watt, clear channel voice of the middle west, one of the most powerful radio stations in America has been part of Iowa life for nearly 90 years. With a signal that reaches from coast to coast, border to border, and then some, trusted voices such as Jack Shelley, Herb Plambeck, Jim Zabel, Lee Kline, and Duane Ellett have graced the WHO radio airwaves, while Van & Bonnie, Jan Mickelson, Bob Quinn, and others carry on the tradition today. From the Barn Dance Frolic and Phone Forum to Sportsman's Notebook and The Big Show, WHO has consistently reflected the values of Iowans.
