Not only is the story based on code breaking, a fascinating subject, but the romance that Delecki writes is full of forbidden moments and proprietorial slippings that make this genre so fun to read." –Kimmy's Korner, Amazon "It was quite a romp between the two as Henrietta had known Richard years before as a dissolute rake and was a very independent female...and the overbearing Richard now had to conduct his dangerous spy business while trying to dispel his bad reputation and woo Henrietta at the same time. An exciting time was had by all as they solved mysteries and wound their way to a happy ending!" –Janie, Amazon "I loved this book. I loved the intrigue and mystery. I loved the history behind these code breakers and spies. I even loved the proper language the author used representing the times in England and France." –H.
