Ronan O'Gara Ronan O'Gara,2010-07-06 Ronan O'Gara is one of the greatest sportsmen Ireland has ever produced. A brilliant kicker both from the hand and at penalty goals, a sublime orchestrator of play from the out-half position he has made his own, and a cool head in the pressure-cooker of club and international rugby, the list of the Cork man's achievements goes on and on. The leading points scorer in Irish rugby history, the Six Nations and the Heineken Cup. The architect of two amazing Munster triumphs in Europe. The man whose last minute drop-goal sensationally won the Grand Slam in 2009, Ireland's first for 61 years. In his candid, illuminating autobiography, O'Gara tells the story of those many on-field successes and, with brutal honesty, the darker days as well, most notably at the 2007 World Cup. He tells the inside story of Ireland's disappointments in France, and responds to the allegations about his personal life that made front-page news that autumn. Ronan O'Gara: My Autobiography is the unforgettable story of a rugby player at the top of his game, of a life lived to the full, and of a passionate and proud representative of the people of Cork and Ireland.

Gazza in Italy Daniel Storey,2018-06-21 A brilliant, funny and insightful analysis of Paul Gascoigne's crazy up and downs during his three years at Lazio – a period which shows his entire career in microcosm.

Ranger 22 Ray Goggins,2021-09-03 'The path I have travelled, the things I have done and the people I have met in crisis situations have given me a window into those qualities that make us perform. My military training created a mindset, an outlook and skills that can be channelled into any situation.' From the hills of south Lebanon to the monsoon jungles of Southern Asia, Ray Goggins has operated in a life-and-death world. In the suffocating humidity of Liberia, the mountains of Afghanistan and the snow-covered Balkans, Ray has seen the best and worst qualities in himself and others. From conflict zones to terrorist attacks and hostage rescues, Ray has learned the greatest life lessons: how to control fear, how to react calmly and positively and how to create a strong baseline from which to take action. In this remarkable book he takes us on an exhilarating journey through his incredible career and draws on the valuable lessons to help all of us deal better with life, whatever the situation.

Qaddafi's Point Guard Alex Owumi,Daniel Paisner,2013-10-01 A Nigerian native who emigrated to the United States at age 11, Alex Owumi's exploits on the basketball court led him to a successful career as a small college player. Undrafted by the NBA, Owumi pursued his pro basketball dream overseas, eventually signing with Al-Nasr of Libya, a state-run athletic club privately funded by the family of then-Libyan president Muammar Qaddafi. Owumi's tenure with Al-Nasr was interrupted by the Libyan uprising and resulting civil war. Imprisoned in his Benghazi apartment for more than 2 weeks with no food, phone, Internet, or hope, Owumi wondered whether he would make it out of Libya alive. Despite his weakened condition and the dangers lurking in the city, he was able to escape Benghazi and flee the country. Smuggled to a refugee camp in Egypt, he was, much to his surprise, contacted by an Egyptian team seeking his services. And so, in a bizarre, storybook ending, Owumi finished the year by helping lead the team to an unlikely league championship, earning league MVP honors in the process. Qaddafi's Point Guard is a book about hope and longing, conflict (cultural, political, and military), and ultimately, triumph—to overcome obstacles and survive against the most desperate odds.

Champagne Football Mark Tighe,Paul Rowan,2020-11-24 THE NO.1 BESTSELLER! 'I read it in one sitting, it's a superb book' Eamon Dunphy, The Stand 'A jaw-dropping tale of power and ego going unchecked' Times, Best Sports Books of the Year 2020 Over the course of fifteen years, John Delaney ran the Football Association of Ireland as his own personal fiefdom. He had his critics, but his power was never seriously challenged until last year, when Mark Tighe and Paul Rowan published a sequence of stories in

the Sunday Times containing damaging revelations about his personal compensation and the parlous financial situation of the FAI. Delaney's reputation as a great financial manager was left in tatters. He resigned under pressure, and the FAI was left hoping for a massive bail-out from the Irish taxpayer. In *Champagne Football*, Tighe and Rowan dig deep into the story of Delaney's career and of the FAI's slide into ruin. They show how he surrounded himself with people whose personal loyalty he could count on, and a board that failed to notice that the association's finances were shot. They detail Delaney's skilful cultivation of opinion-formers outside the FAI. And they document the culture of excess that Delaney presided over and benefited from, to the detriment of the organization he led. *Champagne Football* is a gripping, sometimes darkly hilarious and often enraging piece of reporting by the award-winning journalists who finally pulled back the curtain on the FAI's mismanagement. WINNER OF THE AN POST IBA SPORTS BOOK OF THE YEAR 2020 _____ 'Excellent' Irish Sun 'A jaw-dropping story ... brilliant' Irish Times 'Essential reading' Irish Daily Star 'Astonishing ... Side-splittingly hilarious' Guardian 'A damning account' Sunday Independent 'An instant classic, one of the all-time great Irish sports books' Alan English 'Excellent ... includes staggering detail' Daily Mail 'A cracking read ... [An] incredible amount of jaw-dropping detail' Matt Cooper 'The most important Irish sports book of the year' Irish Daily Mail 'A masterpiece' Tommy Martin 'An absolutely extraordinary book' Eoin McDevitt, *Second Captains* 'Remarkable. The desperate story of Irish football but also a book about how Ireland works. Outstanding' Dion Fanning

Fifty-Six Martin Fletcher, 2015-04-16 Shortlisted for the William Hill Sports Book of the Year award: the first in-depth look at the 1985 Bradford fire - from someone who survived and went on to unveil the shocking truth behind the disaster 'Read his book and weep' The Times 'Incredibly moving and brilliantly understated... lays bare the culture of institutionalised neglect that all English football-goers in the 80s came to expect, which by the end of the decade would claim more than 150 lives' Mirror On May 11 1985, fifty-six people died in a devastating fire at Bradford City's old Valley Parade ground. It was truly horrific, a startling story – and wholly avoidable – but it had only the briefest of inquiries, and it seemed its lessons were not learned. Twelve-year-old Martin Fletcher was at Valley Parade that day, celebrating Bradford's promotion to the second flight, with his dad, brother, uncle and grandfather. Martin was the only one of them to survive the fire – the biggest loss suffered by a single family in any British football disaster. In later years, Martin devoted himself to extensively investigating how the disaster was caused, its culture of institutional neglect and the government's general indifference towards football fans' safety at the time. This book tells the gripping, extraordinary in-depth story of a boy's unthinkable loss following a spring afternoon at a football match, of how fifty-six people could die at a game, and of the truths he unearthed as an adult. This is the story – thirty years on – of the disaster football has never properly acknowledged.

The War Don Stradley, 2022-07-12 Excellent.--Times Literary Supplement *The War* is the best sports book I have read that captures the contradictory spirits of Reagan hyper-individualism and the collective support necessary to punch one's way out of poverty. If you aren't familiar with the fight, go to YouTube

and watch it; then, read this book to understand how these two men are able to enact violence on each other with such wicked grace.--Dave Zirin, *The Progressive*, Favorite Books of 2021

The battle between Marvelous Marvin Hagler and Thomas Hearns is remembered as one of the greatest fights of all time. But in the months before the two finally collided on April 15, 1985, there was a feeling in the air that boxing was in trouble. The biggest name in the business, Sugar Ray Leonard, was retired with no logical replacement in sight, while the American Medical Association was calling for a ban on the sport. With Hagler-Hearns looking like boxing's last hurrah, promoter Bob Arum embarked on one the most audacious publicity campaigns in history, hyping the bout until the entire country was captivated. Arum's task was difficult. He'd spent years trying and failing to make Hagler a star, while Hearns was a gifted but inconsistent performer. Could Arum possibly get a memorable fight out of these two moody, unpredictable warriors? The Hagler-Hearns fight is now part of history, but *The War* by Don Stradley explores the many factors behind the event, and how it helped establish what many feel was boxing's greatest era. No book, not even George Kimball's classic, *Four Kings*, has focused solely on this legendary fight involving two of those Four Kings that boxing fans have revered for their skills and willingness to take on challenges that many fighters do not take in today's boxing landscape. With additional commentary from many who were there, Stradley shows the unlikely path taken by two fighters searching for greatness. They didn't care how many punches they endured, as long as it led to stardom. When the fight was over, however, each learned that fame inflicted its own kind of damage.

Trailing George Best Stuart Bolton, Paul Collier, 2018-12 *Trailing George Best: The Manchester Haunts of United's Greatest* takes a forensic look back at the places where George Best worked, rested, partied and played during the Swinging 60s and early 70s. Lifelong Manchester United supporters Stuart Bolton and Paul Collier unearth the stories that other writers could not reach.

Sport and Ireland Paul Rouse, 2015-10-08 This is the first history of sport in Ireland, locating the history of sport within Irish political, social, and cultural history, and within the global history of sport. *Sport and Ireland* demonstrates that there are aspects of Ireland's sporting history that are uniquely Irish and are defined by the peculiarities of life on a small island on the edge of Europe. What is equally apparent, though, is that the Irish sporting world is unique only in part; much of the history of Irish sport is a shared history with that of other societies. Drawing on an unparalleled range of sources - government archives, sporting institutions, private collections, and more than sixty local, national, and international newspapers - this volume offers a unique insight into the history of the British Empire in Ireland and examines the impact that political partition has had on the organization of sport there. Paul Rouse assesses the relationship between sport and national identity, how sport influences policy-making in modern states, and the ways in which sport has been colonized by the media and has colonized it in turn. Each chapter of *Sport and Ireland* contains new research on the place of sport in Irish life: the playing of hurling matches in London in the eighteenth century, the growth of cricket to become the most important sport in early Victorian Ireland, and the enlistment of thousands of members of the Gaelic Athletic Association as soldiers in the British Army during the Great War. Rouse draws out the significance of animals to the Irish sporting tradition, from the role of horse and dogs in racing and hunting, to the cocks, bulls, and bears that were involved in fighting and baiting.

The Empire Strikes Out Robert Elias, 2010-01-19 Is the face of American baseball throughout the world that of goodwill ambassador or ugly American? Has baseball crafted its own image or instead been at the mercy of broader forces shaping our society and the globe? *The Empire Strikes Out* gives us the sweeping

story of how baseball and America are intertwined in the export of “the American way.” From the Civil War to George W. Bush and the Iraq War, we see baseball's role in developing the American empire, first at home and then beyond our shores. And from Albert Spalding and baseball's first World Tour to Bud Selig and the World Baseball Classic, we witness the globalization of America's national pastime and baseball's role in spreading the American dream. Besides describing baseball's frequent and often surprising connections to America's presence around the world, Elias assesses the effects of this relationship both on our foreign policies and on the sport itself and asks whether baseball can play a positive role or rather only reinforce America's dominance around the globe. Like Franklin Foer in *How Soccer Explains the World*, Elias is driven by compelling stories, unusual events, and unique individuals. His seamless integration of original research and compelling analysis makes this a baseball book that's about more than just sports.

No Hunger In Paradise Michael Calvin, 2017-04-20 Shortlisted for the British Sports Book Awards 2018 “What’s your dream, son?” A six year-old boy, head bowed, mumbles the eternal answer: “Be a footballer....” Steadman Scott, football’s most unlikely talent scout, smiles indulgently, and takes him in from the street. He knows the odds. Only 180 of the 1.5 million boys who play organised youth football in England will become a Premier League pro. That’s a success rate of 0.012 per cent. How and why do the favoured few make it? What separates the good from the great? Who should they trust – the coach, the agent or their parents? Michael Calvin provides the answers on a journey from non-league grounds to hermetically sealed Premier League palaces, via gang-controlled sink estates and the England team’s inner sanctum. He interviews decision makers, behavioural specialists, football agents and leading coaches. He shares the hopes and fears of players and their parents. He exposes bullying and a black economy in which children are commodities, but remains true to the dream.

Spain: The Inside Story of La Roja's Historic Treble Graham Hunter, 2013-11-15 This is the story of the greatest achievement in the history of international football. After decades of failure, Spain won the European Championship in 2008 and then the World Cup in 2010. At Euro 2012 they became the first team to win three consecutive tournament titles. Graham Hunter was inside the dressing room as the players celebrated after the finals of the World Cup and Euro 2012. His access-all-areas pass at all three tournaments has resulted in remarkable eyewitness accounts and new interviews with star players and the men behind the scenes. Across every day of La Roja’s treble, the author takes you on to the training ground; on the team bus; into the canteen; inside the hotels and on to the pitch. You’ll hear the team talks that inspired Spain to victory plus the inside stories from Fernando Torres, Xavi, Iker Casillas, David Villa, Cesc Fàbregas, Andrés Iniesta, Gerard Piqué and the others behind an unprecedented era.
