From the Fulda Gap to Kuwait Stephen P. Gehring,1998 CMH Publication 70-56-1. This study describes how the United States Army, Europe (USAREUR), under the command of General Crosbie E. Saint, supported the armed response of the United States and the United Nations to Iraq's August 1990 invasion of Kuwait at the very time it was managing a fundamental transition in its fifty-year history of defending Central Europe. Discusses the complicated planning for the deployment and the rapid-fire implementation.

Years ago, a weird mask of unknown origin and limitless power was buried in the cement of an apartment building's basement floor. Edge City and its residents have all but forgotten the mysterious green-faced killer known only as Big Head. But now, decades later, the bizarre Tex Avery-style killings are happening all over again and are on a collision course with a bizarre political campaign where a homicidal maniac wants to Make America Green Again! Collects *The Mask: I Pledge Allegiance to the Mask* #1-#4.
