**LAW OF COPYRIGHT** DAS, JATINDRA KUMAR, 2021-02-01 The book attempts to critically analyse the cases on the law of copyright as well as statutory provisions of law of copyright. When the first edition of the book was published in 2015, there was no readable and dependable book for the general reader interested to be acquainted with the changing features of the law of copyright immediate after the enactment of the Copyright (Amendment) Act 2012. Since the publication of this book, the Finance Act 2017 has introduced Appellate Board in place of Copyright Board as well as the Supreme Court and High Courts in India have also delivered a large number of judicial decisions on the law of copyright. In this edition the author has surveyed all such Courts decisions and analysed them and inserted them in appropriate places of the book and also examined the impact of the Appellate Board. It presents not only the provisions of the Copyright Act 1957 in the form of a normative, but points out the changes made thereon by formal amendments as well as conflicts of law which have been settled by judicial interpretations. The book is divided into ten chapters. Chapter 1 is introductory, while Chapters 2 and 3 discuss the origin and development of law of copyright at international as well as national level. The most important debatable issue in copyright law is “works in which copyright subsists”, and the Chapter 4 is devoted to this aspect. Chapter 5 explores various issues relating to author of work, owner of copyright and recognised rights of copyright owner. The terms of copyright, licensing of copyright, international copyright and registration of copyright are the subject matter of Chapter 6, while rights of broadcasting organisation and of performers (neighbouring rights) are the subject matter of Chapter 7. Internet is the greatest communication medium of the contemporary era, and there is an inherent link between law of copyright and internet. Therefore, Chapter 8 is devoted to discuss various issues relating to “protection of copyright in internet.” While Chapter 9 demonstrates the law relating to infringement of copyright and defences of copyright liability. Chapter 10, the concluding chapter, discusses the enforcement of copyright in India in detail. Though the book is designed for the undergraduate and postgraduate students of Law, it will be equally beneficial for the researchers, academicians, jurists, lawyers, judges as well as members of civil society. **TARGET AUDIENCE** • Undergraduate and postgraduate students of Law. • Researchers, Academicians, Jurists, Lawyers, Judges as well as members of Civil Society.

**Intellectual Property Law in India** Tamali Sen Gupta, Dhruv Shekhar, 2022-08-20 Derived from the renowned multi-volume International Encyclopaedia of Laws, this monograph provides a survey and analysis of the rules concerning intellectual property rights in India. It covers every type of intellectual property right in depth – copyright and neighbouring rights, patents, utility models, trademarks, trade names, industrial designs, plant variety protection, chip protection, trade secrets, and confidential information. Particular attention is paid throughout to recent developments and trends. The analysis approaches each right in terms of its sources in law and in legislation, and proceeds to such legal issues as subject matter of protection, conditions of protection, ownership, transfer of rights, licences, scope of exclusive rights, limitations, exemptions, duration of protection, infringement, available remedies, and overlapping with other intellectual property rights. The book provides a clear overview of intellectual property legislation and policy, and at the same time offers practical guidance on which sound preliminary decisions may be based. Lawyers representing parties with interests in India will welcome this very useful guide, and academics and researchers will appreciate its value in the study of comparative intellectual property law.

**Competition Law Enforcement in the BRICS and in Developing Countries** Frederic Jenny, Yannis Katsoulacos, 2016-06-13 This contributed volume focuses on competition policy enforcement in BRICS and developing countries. It examines the role and application of economic analysis and evidence in law enforcement procedures, as well as their influence on competition authorities’ policy-making. The contributors also address topics such as recent developments in competition law and practice, institutional design, indicators of performance in enforcement, the incorporation of public interest concerns in Competition Authority objectives, procedural fairness, procurement procedures and compulsory licensing.

*The New Age Entrepreneurs* Various Authors, 2012-05-17 Have you wondered what goes on in the heads of entrepreneurs? What makes them tick? *The New Age Entrepreneurs* provides a peek into the lives of thirty successful entrepreneurs—including N.R. Panicker of Accel Ltd, Ramachandra Galla of Amaron, and M. Murali of Sri Krishna Sweets—who established flourishing businesses borne out of innovative ideas. These trailblazers delved into diverse industries, ranging from information technology to luxury hotels and Indian sweets. With snappy, insightful, and motivating tales—interspersed with interviews and vivid profiles—*The New Age Entrepreneurs* is a collection of vignettes of men who made their own rules and set standards for the rest of the industry to follow.

Legal Regime of Geographical Indications in India Dr. Avon Kumar Vaid, 2023-08-02 An indicator of a product's geographical origins and any distinctive characteristics or reputations associated with that origin is known as a geographical representation. A geographical indicator is primarily provided to manufactured, organic, and handcrafted products originating from a certain geographic region. Geographical indications (G.I.) constitute one of the types of intellectual property rights (IPR) that designate an item as coming from a certain region, locale, or country's territory, where a certain quality, prestige, or other aspect of the product is primarily attributable towards its geographical origins. This book had been written with the intention to help the students of the related field. This book can be helpful to reader's that are studying or aiming to build a career in the respective field. The main aim of the book is to cover all the important topic in a simple and easy way to be able to understand.

Impact of Mobile Services on Business Development and E-Commerce Liébana, Francisco, Kalini?, Zoran, Luna, Iviane Ramos de, Rodríguez-Ardura, Inma, 2019-09-27 Mobile devices have become an essential item in the daily lives of many people. As with any innovation, mobile services present both opportunities and challenges to current business models. The development of mobile communication coupled with evolving mobile services have completely changed the business landscape and have transformed consumer behavior. It is important to understand the impact that these services have on users' lives, business, and society. *Impact of Mobile Services on Business Development and E-Commerce* is a collection of innovative research that focuses on the importance of mobile services in business development and discusses the provision of decentralized services, mobile commerce and marketing, and new models for the delivery of mobile services such as business-to-consumer and peer-to-peer. While highlighting topics including global market, consumer behavior, and customer satisfaction, this book is ideally designed for business managers, executives, marketers, entrepreneurs, financial advisors, consumer behavior analysts, computer engineers, software developers, IT specialists, students, researchers, and

business professionals.

**Digital Marketing Outreach** Kavita Sharma, Swati Aggarwal, 2022-08-26 This book studies the use of digital marketing across the economic, social, and political sectors of India. It looks at diverse areas of business and non-business activities involving the use of digital platforms to augment marketing initiatives and improve reach, sales, and social media engagement. The volume analyses various themes including viral marketing, influencer marketing, webrooming behaviour, online impulse buying, telemedicine, social media advertising, and app-based cab services. It examines the role of digital marketing in creating a positive and favourable brand image for organizations by advertising their social responsiveness on social media and studies the influence of political brand value on social media activities. The authors also provide insight into changing trends within consumer behaviour, reflect on future challenges within the field, and highlight areas of growth. An important contribution to the study of new and emerging marketing practices, the book will be indispensable for students, researchers, and teachers of communication, marketing, brand management, social media marketing, advertising, e-business, digital humanities, and consumer behaviour.

**Methods of Environmental Impact Assessment** Peter Morris, Riki Therivel, 2009-03-05 Environmental impact assessment (EIA) is now firmly established as an important and often obligatory part of proposing or launching any development project. Delivering a successful EIA needs not only an understanding of the theory but also a detailed knowledge of the methods for carrying out the processes required. Peter Morris and Riki Therivel bring together the latest advice on best practice from experienced practitioners to ensure an EIA is carried out correctly. This new edition: • explains how an EIA works and how it should be carried out • demonstrates the relationship of the EIA to socio-economic, environmental and ecological systems • includes completely updated legislative and policy contexts • has added explanations of shared and integrative methods including a new chapter on EIA and sustainability. Invaluable to undergraduate and MSc students of EIA in planning, ecology, geography and environment courses, this third

edition of *Methods of Environmental Impact Assessment* is also of great use to planners, EIA practitioners and professionals seeking to update their skills.

**Create, Copy, Disrupt** Prashant Reddy, Prashant Reddy T., Sumathi Chandrashekar, 2017 In 1947, a newly independent India was saddled with a host of intellectual property (IP) laws left behind by the British. In the following decades, India broke away from colonial IP legacies, while navigating international treaty negotiations in the light of its redefined national interests. These changes affected ordinary lives—be it through medicines, music, movies, books, food, yoga, or the Internet—but have never been narrated to a larger audience. This book unravels the development of India's IP law and policy in modern times, in a form and style designed for the general reader. The chapters in the book centre on different industries and sectors, such as pharmaceuticals, book publishing, cinema, music, the Internet, food, yoga, and traditional knowledge. Each chapter features a lively narrative that has been constructed from various sources, including parliamentary debates, expert reports, interviews, archival research, and case law. The book's unique focus is on the politics and history of Indian IP, rather than the black letter of the law.

**Methods of Environmental and Social Impact Assessment** Riki Therivel, Graham Wood, 2017-09-13 Environmental and social impact assessment (ESIA) is an important and often obligatory part of proposing or launching any development project. Delivering a successful ESIA needs not only an understanding of the theory but also a detailed knowledge of the methods for carrying out the processes required. Riki Therivel and Graham Wood bring together the latest advice on best practice from experienced practitioners to ensure an ESIA is carried out effectively and efficiently. This new edition: • explains how an ESIA works and how it should be carried out • demonstrates the links between socio-economic, cultural, environmental and ecological systems and assessments • incorporates the World Bank's IFC performance standards, and best practice examples from developing as well as developed countries • includes new chapters on emerging ESIA topics such as climate change, ecosystem services, cultural impacts, resource efficiency, land acquisition and involuntary resettlement. Invaluable to undergraduate and MSc students of ESIA on planning, ecology, geography and environment courses, this internationally oriented fourth edition of *Methods of Environmental and Social Impact Assessment* is also of great use to planners, ESIA practitioners and professionals seeking to update their skills.

*Chicago, 1968* Nicolas W. Proctor, 2022-07-01 In August 1968, Democrats gather at their National Convention in Chicago to debate a platform for a deeply divided party. Factions are split over issues such as civil rights, infrastructure, and the war on poverty—not to mention the war in Vietnam. Meanwhile, crowds of protesters descend upon the city. Impassioned antiwar demonstrators plan sit-ins and marches, while the absurdist Yippies, determined to make a mockery of the convention, intend to nominate a pig for president. Journalists flood the area to cover the stories of the delegates and protesters. Over the course of this game, players will develop a better understanding of the complexities of the social and cultural tumult that has come to be known as the Sixties.

**Joint Recommendation Concerning Provisions on the Protection of Well-Known Marks** World Intellectual Property Organization, 2000 The Recommendation is the first implementation of WIPO's policy to adapt to the pace of change in the field of industrial property by considering new options for accelerating the development of international harmonized common principles. It provides a set of guidelines for the protection of well-known marks that are recommended to States.
