Country Michael Hughes,2019-10-01 Published to ravishing acclaim in the UK, a fierce and suspenseful reimaging of Homer’s Iliad set in mid-1990s Northern Ireland—a heart pounding tale of honor and revenge that “explodes with verbal invention, rapid juxtaposition, brutality and fun” (Times Literary Supplement). Northern Ireland, 1996. After twenty-five years of vicious conflict, the IRA and the British have agreed to an uneasy ceasefire as a first step towards lasting peace. But, faced with the prospect that decades of savage violence and loss have led only to smiles and handshakes, those on the ground in the border country question whether it really is time to pull back—or quite the opposite. When an IRA man’s wife turns informer, he and his brother gather their comrades for an assault on the local army base. But old grudges boil over, and the squad’s feared sniper, Achill, refuses to risk his life to defend another man’s pride. As the gang plots without him, the British SAS are sent to crush the rogue terror cell before it can wreck the fragile truce and drag the region back to the darkest days of the Troubles. Meanwhile, Achill’s young protégé grabs his chance to join the fray in his place... Inspired by the oldest war story of them all, Michael Hughes’s virtuoso novel explores the brutal glory of armed conflict, the cost of Ireland’s most uncivil war, and the bitter tragedy of those on both sides who offer their lives to defend the dream of country.

Car Country Christopher W. Wells,2013-05-15 For most people in the United States, going almost anywhere begins with reaching for the car keys. This is true, Christopher Wells argues, because the United States is Car Country—a nation dominated by landscapes that are difficult, inconvenient, and often unsafe to navigate by those who are not sitting behind the wheel of a car. The prevalence of car-dependent landscapes seems perfectly natural to us today, but it is, in fact, a relatively new historical development. In Car Country, Wells rejects the idea that the nation’s automotive status quo can be explained as a simple byproduct of an ardent love affair with the automobile. Instead, he takes readers on a tour of the evolving American landscape, charting the ways that transportation policies and land-use practices have combined to reshape nearly every element of the built environment around the easy movement of automobiles. Wells untangles the complicated relationships between automobiles and the environment, allowing readers to see the everyday world in a completely new way. The result is a history that is essential for understanding American transportation and land-use issues today. Watch the book trailer: <http://www.youtube.com/watch?v=48LTKOxxrXQ>

Her Country Marissa R. Moss,2022-05-10 In country music, the men might dominate the radio waves. But it’s women—like Maren Morris, Mickey Guyton, and Kacey Musgraves—who are making history. This is the full and unbridled story of the past twenty years of country music seen through the lens of these trailblazers’ careers—their paths to stardom and their battles against a deeply embedded boys’ club, as well as their efforts to transform the genre into a more inclusive place—as told by award-winning Nashville journalist Marissa R. Moss. For the women of country music, 1999 was an entirely different universe—a brief blip in time, when women like Shania Twain and the Chicks topped every chart and made country music a woman’s world. But the industry, which prefers its stars to be neutral, be obedient, and never rock the boat, had other plans. It wanted its women to “shut up and sing”—or else. In 2021, women are played on country radio as little as 10 percent of the time, but they’re still selling out arenas, as Kacey Musgraves does, and becoming infinitely bigger live draws than most of their male counterparts, creating massive pop crossover hits like Maren Morris’s “The Middle,” pushing the industry to confront its racial biases with Mickey Guyton’s “Black Like Me,” and winning heaps of Grammy nominations. Her Country is the story of how in the past two decades, country’s women fought back against systems designed to keep them down and created entirely new pathways to success. It’s the behind-the-scenes story of how women like Kacey, Mickey, Maren, Miranda Lambert, Rissi Palmer, Brandi Carlile, and many more have reinvented their place in an industry stacked against them. When the rules stopped working for these women, they threw them out, made their own, and took control—changing the genre forever, and for the better.

Country Music Dayton Duncan,Ken Burns,2019-09-10 The rich and colorful story of America's most popular music and the singers and songwriters who captivated, entertained, and consoled listeners throughout the twentieth century--based on the upcoming eight-part film series to air on PBS in September 2019 This gorgeously illustrated and hugely entertaining history begins where country music itself emerged: the American South, where people sang to themselves and to their families at home and in church, and where they danced to fiddle tunes on Saturday nights. With the birth of radio in the 1920s, the songs moved from small towns, mountain hollers, and the wide-open West to become the music of an entire nation--a diverse range of sounds and styles from honky tonk to gospel to bluegrass to rockabilly, leading up through the decades to the music's massive commercial success today. But above all, Country Music is the story of the musicians. Here is Hank Williams's tragic honky tonk life, Dolly Parton rising to fame from a dirt-poor childhood, and Loretta Lynn turning her experiences into songs that spoke to women everywhere. Here too are interviews with the genre's biggest stars, including the likes of Merle Haggard to Garth Brooks to Rosanne Cash. Rife with rare photographs and endlessly fascinating anecdotes, the stories in this sweeping yet intimate history will captivate longtime country fans and introduce new listeners to an extraordinary body of music that lies at the very center of the American experience.

God and My Country MacKinlay Kantor,1960 MACKINLAY KANTOR Pulitzer Prize-winning author of Andersonville GOD AND MY COUNTRY A Novel By MacKinlay Kantor BASIS FOR THE MOVIE FOLLOW ME, BOYS MacKinlay Kantor, the master of the warm and human story, the writer who can make us believe the good in the worst of us, has woven a compelling, appealing novel about the life of a simple American man who held in his care the destinies of hundreds of boys. Here for the first time a major writer portrays the Scoutmaster in a small town in a role as vital as the greatest of schoolmasters, doctors, priests, or ministers. With rare insight and sympathy,

MacKinlay Kantor has created the memorable Lem Siddons, who gave forty years of his wisdom, the fund of his laughter, the knowledgeable touch, the sweetness and love that were his, to generations of Boy Scouts. Not every boy who passed khaki-clothed along his life won the world's respect or the Scoutmaster's pride. There were some misfits, fallers-by-the-wayside . . . sure. But Lem Siddons knew his reward every waking moment of his life and in his dreams as well. His story is one you will remember as that of the closest of your friends: his love for the delicate and freckled Vida that grew with a lifetime, his son Downey who wanted to crowd the years. All the good Kantor writing is here, the lucid and homespun prose that makes tears well in your eyes even as a song rises in your heart. MacKinlay Kantor has set the scene for God and My Country in a small town very much like Webster City, Iowa, where he was born, and has dedicated the book to his Scoutmaster of those days. It is a perfect example of MacKinlay Kantor's special genius for capturing the full flavor of a small American town, and of its people. There's a Mr. Chips' quality to this deceptively simple story. MacKinlay Kantor has told quietly, in realistic terms, the story of one man whose influence permeate a whole Iowa town and rural area. No drum heating for the American vision here, but true democracy emerges in boys at every social and human level. A microcosm of America that strengthens one's faith.—Virginia Kirkus God and My Country is a song from the heart of America which I would love to sing.—Burl Ives

Home Is Not a Country Safia Elhillo,2022-02-22 LONGLISTED FOR THE NATIONAL BOOK AWARD “Nothing short of magic.” —Elizabeth Acevedo, New York Times bestselling author of The Poet X From the acclaimed poet featured on Forbes Africa’s “30 Under 30” list, this powerful novel-in-verse captures one girl, caught between cultures, on an unexpected journey to face the ephemeral girl she might have been. Woven through with moments of lyrical beauty, this is a tender meditation on family, belonging, and home. my mother meant to name me for her favorite flower its sweetness garlands made for pretty girls i imagine her yasmeeen bright & alive & i ache to have been born her instead Nima wishes she were someone else. She doesn’t feel understood by her mother, who grew up in a different land. She doesn’t feel accepted in her suburban town; yet somehow, she isn't different enough to belong elsewhere. Her best friend, Haitham, is the only person with whom she can truly be herself. Until she can't, and suddenly her only refuge is gone. As the ground is pulled out from under her, Nima must grapple with the phantom of a life not chosen—the name her parents meant to give her at birth—Yasmeeen. But that other name, that other girl, might be more real than Nima knows. And the life Nima wishes were someone else's. . . is one she will need to fight for with a fierceness she never knew she possessed.

Queer Country blends ethnographic research with analysis and history to provide the first in-depth study of these artists and their work. Shana Goldin-Perschbacher delves into the careers of well-known lesbian artists like k.d. lang and Amy Ray and examines the unlikely success of singer-songwriter Patrick Haggerty, who found fame forty years after releasing the first out gay country album. She also focuses on later figures like nonbinary transgender musician Rae Spoon and renowned drag queen country artist Trixie Mattel; and on recent breakthrough artists like Orville Peck, Amythyst Kiah, and chart-topping Grammy-winning phenomenon Lil Nas X. Many of these musicians place gender and sexuality front and center even as it complicates their careers. But their ongoing efforts have widened the circle of country/Americana by cultivating new audiences eager to connect with the artists’ expansive music and personal identities. Detailed and one-of-a-kind, Queer Country reinterprets country and Americana music through the lives and work of artists forced to the margins of the genre's history.

The Sound of Navajo Country Kristina M. Jacobsen,2017-02-22 In this ethnography of Navajo (Diné) popular music culture, Kristina M. Jacobsen examines questions of Indigenous identity and performance by focusing on the surprising and vibrant Navajo country music scene. Through multiple first-person accounts, Jacobsen illuminates country music’s connections to the Indigenous politics of language and belonging, examining through the lens of music both the politics of difference and many internal distinctions Diné make among themselves and their fellow Navajo citizens. As the second largest tribe in the United States, the Navajo have often been portrayed as a singular and monolithic entity. Using her experience as a singer, lap steel player, and Navajo language learner, Jacobsen challenges this notion, showing the ways Navajos distinguish themselves from one another through musical taste, linguistic abilities, geographic location, physical appearance, degree of Navajo or Indian blood, and class affiliations. By linking cultural anthropology to ethnomusicology, linguistic anthropology, and critical Indigenous studies, Jacobsen shows how Navajo poetics and politics offer important insights into the politics of Indigeneity in Native North America, highlighting the complex ways that identities are negotiated in multiple, often contradictory, spheres.
