*Who Owns the Media?* Benjamin M. Compaine, Douglas Gomery, 2000-07-13 This thorough update to Benjamin Compaine's original 1979 benchmark and 1982 revisit of media ownership tackles the question of media ownership, providing a detailed examination of the current state of the media industry. Retaining the wealth of data of the earlier volumes, Compaine and his co-author Douglas Gomery chronicle the myriad changes in the media industry and the factors contributing to these changes. They also examine how the media industry is being reshaped by technological forces in all segments, as well as by social and cultural reactions to these forces. This third edition of *Who Owns the Media?* has been reorganized and expanded, reflecting the evolution of the media industry structure. Looking beyond conventional wisdom and expectations, Compaine and Gomery examine the characteristics of competition in the media marketplace, present alternative positions on the meanings of concentration, and ultimately urge readers to draw their own conclusions on an issue that is neither black nor white. Appropriate for media practitioners and sociologists, historians, and economists studying mass media, this volume can also be used for advanced courses in broadcasting, journalism, mass communication, telecommunications, and media education. As a new benchmark for the current state of media ownership, it is invaluable to anyone needing to understand who controls the media and thus the information and entertainment messages received by media consumers.

News Media and the Financial Crisis Adam Cox, 2022 This book explores how leading news media responded to the 2008 financial crisis and its aftermath, showing how journalists regularly framed discussions about post-crisis regulatory reform in ways that reinforced the same market liberal policy paradigm that had ushered in the crisis. Drawing on an analysis of nearly three years

of news coverage and on interviews with journalists who covered the financial crash for major media groups, Adam Cox demonstrates how this framing of issues, often focusing on the costs of tighter regulation rather than the preventive benefits, formed the basis of a post-crisis narrative in the United States that undermined the role of the state, despite the wreckage that had just occurred. He looks at how state actors, think tanks and the financial industry worked in concert to encourage such a narrative, ultimately lending support to a market liberal worldview that was being seriously challenged for the first time in decades. Whilst highlighting journalists' ability to resist agenda-building efforts by powerful actors, this book offers a methodology for considering media narratives based on quantitative analysis of framing patterns. *News Media and the Financial Crisis* is aimed at students and researchers working at the intersection of communications, journalism, political economy, and public policy--

**Big Media, Big Money** Ronald V. Bettig, Jeanne Lynn Hall, 2012-05-04 Big Media, Big Money is a lively and scathing critique of the contemporary communications industry, examining how media ownership and the profit-making motive affect the messages we receive in alarming ways. Through close readings of recent news events and critical examination of corporate influence, Bettig and Hall conclude that current interconnections among media, big business, government, and education pose a serious threat to democratic communications. The second edition includes three new chapters, covering the contemporary Hollywood film industry; the changing landscape of the music industry; and “ad creep,” the proliferation of advertising into previously ad-free venues such as schools and children’s television programming.

*Hedged* Margot Susca, 2024-01-23 The untold history of an American catastrophe The ultrawealthy largely own and guide the newspaper system in the United States. Through entities like hedge funds and private equity firms, this investor class continues to dismantle the one institution meant to give voice to average citizens in a democracy. Margot Susca reveals the little-known history of how private investment took over the newspaper industry. Drawing on a political economy of media, Susca’s analysis uses in-depth interviews and documentary evidence to examine issues surrounding ownership and power. Susca also traces the scorched-earth policies of layoffs, debt, cash-outs, and wholesale newspaper closings left behind by private investors and the effects of the

devastation on the future of news and information. Throughout, Susca reveals an industry rocked less by external forces like lost ad revenue and more by ownership and management obsessed with profit and beholden to private fund interests that feel no responsibility toward journalism or the public it is meant to serve.

The Point After Sean Conley, 2020-07-21 A vivid account of life in the NFL—and an inspiring story of everything that comes after. Against seemingly impossible odds, Sean Conley became the starting kicker for the University of Pittsburgh in his senior year. A year later, he suited up for the Detroit Lions. But when he joined the New York Jets soon after, Conley's injuries caught up to him, and his lifelong dream came crashing down in a crisis of denial and fear. The Point After is an all-access look at the NFL, one of the most intense workplaces in sports. Conley describes pushing through pain at NFL training camps, surrounded by rookies, All-Pro veterans, and long-shot undrafted free agents, all hell-bent on staying in the game. Transcending football, this is the story of an ex-football player who discovered the true meaning of sports and life, and found happiness in the most unexpected way. Embodying the spirit of the underdog, this is a moving tale of strength, determination, and spiritual grit.

Swimming in the Sink Lynne Cox,2017-06-13 In this stunning memoir of life after loss, the open-

water swimming legend and bestselling author tells of facing the one challenge that no amount of training could prepare her for. A celebrated athlete who set swimming records around the world, Lynne Cox achieved astonishing feats of strength and endurance. She was the first to swim the frigid waters of the Bering Strait, the Strait of Magellan, and the coast of Antarctica, and she was the fastest to swim the English Channel. But it is a different kind of struggle that pushes her to the brink. In a short period of time, Lynne loses her father, and then her mother, and then Cody, her beloved Labrador retriever. Soon after, Lynne herself is diagnosed with a life-threatening heart condition that leaves her unable to swim and barely able to walk. But against all odds, and with the support of her friends and family, Lynne begins the slow pull toward recovery, reaching always for the open waters that give her the freedom and mastery that mean everything to her. What follows is a beautifully poignant meditation on loss and an exhilarating celebration of life as, to Lynne's surprise, she begins to find, within the unfamiliar space of vulnerability, the greatest treasures—like falling in love.
