The Chemistry of Milk and Milk Products Megh R. Goyal,Suvartan Ranvir,Junaid Ahmad Malik,2023-09-01 Milk and milk products are highly nutritious, yet their low acidity provides a favorable environment for growth of pathogenic and spoilage-causing organisms. To avoid this, milk requires specialized processes to be converted into various milk products to ensure safety and quality. This new volume provides an understanding of the manufacturing processes of milk products and the structural, physicochemical, and compositional changes that occur during manufacturing and storage of milk products and the impact on quality. It covers methods of conversion of milk into high-value, concentrated, extended shelf-life and easily transportable dairy products. It delves into the constituents and chemistry, physicochemical properties, and therapeutic characteristics of milk and milk products, and then goes on to present specialized processing methods. Specialized methods such as proteolysis in ultra-high temperature (UHT), heat and acid coagulation of milk products, processing and characteristics of dry dairy milk powders, and methods to monitor pesticide residues in milk and milk products are presented and evaluated.

Gloria Pitzer's Cookbook - the Best of the Recipe Detective Gloria Pitzer,2018-01-15 FAMOUS FOODS FROM FAMOUS PLACES have intrigued good cooks for a long time even before fast foods of the 1950's were a curiosity. When cookbooks offer us a sampling of good foods, they seldom devote themselves to the dishes of famous restaurants. There is speculation among the critics as to the virtues of re-creating, at home, the foods that you can buy eating out, such as the fast food fares of the popular franchise restaurants. To each, his own! Who would want to imitate fast food at home? I found that over a million people who saw me demonstrate replicating some famous fast food products on The Phil Donahue Show (July 7, 1981) DID and their letters poured in at a rate of over 15,000 a day for months on end! And while I have investigated the recipes, dishes, and cooking techniques of fine dining rooms around the world, I received more requests from people who wanted to know how to make things like McDonald's Special Sauce or General Foods Shake-N-Bake coating mix or White Castle's hamburgers than I received for those things like Club 21's Coq Au Vin.
