Living in God's Creation Elizabeth Theokritoff, 2009 The ecological vision of Orthodox Christianity portrays creation as God's epiphany and the human person as a connecting link between creation and Creator. Christian love is manifest through the right use of material things. With fresh wisdom and insight, Elizabeth Theokritoff draws on the Fathers, the liturgy, saints' lives, and modern sources to challenge both theologians and non-theologians to change the way they think. This is a compelling read.
