The Oxford Dictionary of Pronunciation for Current English Clive Upton,William A. Kretzschmar (Jr),Rafal Konopka,2001 Clive and two colleagues have developed completely new models and transcriptions for pronouncing and distinguishing between British and American English, rather than incremental changes in earlier approaches. They claim to represent the way people actually speak, rather than how arbiters of taste or style believe they should. They do, however, retain that universally recognized International Phonetic Alphabet. Annotation copyrighted by Book News, Inc., Portland, OR
