**Earth Legend** M. Sydnor, Jr.,2012-05-11 This is no ordinary boy. He has dreams that propose ideas that he is different. Ideas that can no way be possibly achieved. These dreams have plagued his consciousness. In reality, he has trouble finding purpose. He is mentally lost and alone. His aunt and cousin are his only family. His psychiatrist is his closest friend in possession of secrets that tease his brain. He is solo in this over-sized world and knows he truly does not belong. His actions of trying to fit in are simulated. He is obsessed with the truth about his purpose, his destiny. Nevertheless, he leads a normal life; school, friends, girl crushes. Although he is forced to go through daily motions of being a normal teenager with normal problems, all of this changes on the morning of his eighteenth birthday. This is no ordinary boy. He is different. He is unique. He is the Earth Legend.

*Independent Inquiry Into Inequalities in Health* Sir Donald Acheson, Stationery Office (Great Britain), 1998 This Report addresses an issue which is fundamentally a matter of social justice; namely that although the last 20 years have brought a marked increase in prosperity and substantial reductions in mortality to the people of this country as a whole, the gap in health between those at the top and bottom of the social scale has widened. Yet there is convincing evidence that, provided an appropriate agenda of policies can be defined and given priority, many of these inequalities are remediable. The same is true for those that exist between the various ethnic groups and between the sexes.
