Bush Yoga Daniel Cota,2009-05-20 Bush and Yoga might seem like two words that don't go together but think again. Believe it or not, our 43rd President has tapped into the fountainhead of compassion and wisdom that comes from one of the world's most ancient practices. Bush Yoga offers a rare glimpse into the private, spiritual life of the world's most powerful man. As you walk along the path with George W, you will be privy to never-before-heard stories from his personal life that offer keen insight into his character. Think of it as a Bhagavadgiitaa according to George W. Bush: A book packed with stunning political positions and the wisdom of the ages. Daniel Cota is an artist/entrepreneur whose collection of websites currently draw about 500,000 visitors a year. His most recent project, an experiment in collaborative art, can be found at art.othernet.com. He is currently planning on constructing the world's largest software company, and can sometimes be found playing his self-constructed classical guitar in San Francisco's BART stations.

The Lost Soldier Chris J. Hartley,2018-08-01 The Lost Soldier offers a perspective on World War II we don't always get from histories and memoirs. Based on the letters home of Pete Lynn, the diary of his wife, Ruth, and meticulous research in primary and secondary sources, this book recounts the war of a married couple who represent so many married couples, so many soldiers, in World War II. The book tells the story of this couple, starting with their life in North Carolina and recounting how the war increasingly insinuated itself into the fabric of their lives, until Pete Lynn was drafted, after which the war became the essential fact of their life. Author Chris J. Hartley intricately weaves together all threads—soldier and wife, home front and army life, combat, love and loss, individual and army division—into an intimate, engaging narrative that is at once gripping military history and engaging social history.

D-Day General Noel F. Mehlo Jr.,2021-05-15 Omaha was the make-or-break Allied beach on D-Day—in (perhaps) the make-or-break campaign of World War II. If American soldiers couldn't gain a foothold there, then D-Day was unlikely to succeed. On June 6, 1944, U.S. troops on Omaha suffered the worst casualties of any of the five Allied invasion beaches—so many casualties, and so much tactical difficulty, that Omaha almost didn't succeed. One big reason why Americans gained a foothold on Omaha was Gen. Norman “Dutch” Cota. A graduate of the West Point class of 1917 (alongside famous classmates Matthew Ridgway, Mark Clark, and Lightning Joe Collins), Norm Cota played football with Dwight Eisenhower, who graduated two years earlier. From March 1941 to February 1943, Cota served with the famous 1st Infantry Division, the Big Red One, as division intelligence officer, plans/training officer, and finally chief of staff. He performed so well in the North Africa campaign that he was sent to England to help plan D-Day. After laying the tactical groundwork for the amphibious landings, Cota was made assistant division commander of the 29th Infantry Division. On the eve of D-Day, he told his men, “You’re going to find confusion. The landing craft aren’t going in on schedule, and people are going to be landed in the wrong place. Some won’t be landed at all. . . . We must improvise, carry on, not lose our heads.” On June 6, 1944, under heavy fire, Cota landed with the second wave of the 29th Infantry Division on Omaha Beach, about an hour after the start of the invasion. He personally rallied the survivors of the landings and led the opening of one of the first exits off Omaha. Cota seemed to be everywhere that day. Coming upon a group of Rangers, the general told them, “Rangers, lead the way” (hence the Rangers’ motto). He is also known for saying, “Gentlemen, we are being killed on the beaches. Let us go inland and be killed.” And, to a captain uncertain how to proceed: “I’ll tell you what, captain.You and your men start shooting at them. I’ll take a squad of men, and you and your men watch carefully. I’ll show you how to take a house with Germans in it.” Having demonstrated the task, Cota asked the officer, “Do you understand? Do you know how to do it now? . . . I won’t be around to do it for you again. I can’t do it for everybody.” Great quips—which American military history will always remember and which show the character, in every sense, of Dutch Cota. Cota was a fighter—a fighting general, a D-Day general—and his contribution to D-Day will remain his rallying of demoralized troops and his blazing the trail toward the breakout and victory on Omaha. Ted Roosevelt Jr., who landed at Utah Beach, has always received credit as the D-Day general (like Cota, Roosevelt also demanded that he land on D-Day—and then died of a heart attack a month later), but Cota is the hero-general of the day, having landed early on D-Day on bloody Omaha. Portrayed by Robert Mitchum in the grand D-Day film *The Longest Day*, Cota has not yet received his due—and there’s a campaign now afoot to award him a belated Medal of Honor. His story cries out to be told. Now, with the cooperation of the Cota family, Noel F. Mehlo Jr. tells the compelling story Dutch Cota on Omaha Beach, revealing new information and never-before-seen photos.

Eisenhower's Thorn on the Rhine Nathan Prefer,2015-10-19 By the fall of 1944 the Western Allies appeared to be having it all their own way. The summer's Normandy invasion had finally succeeded and the Germans had been driven out of northern France and most of the Low Countries. In September the invasion of France's southern coast had met less opposition and Allied divisions had begun lining up along the Rhine. But while the Americans were about to meet a nasty surprise in the Ardennes, the Germans never did let go of the province of Alsace, and in a hard pocket around the city of Colmar continued to resist. On New Year's Eve they launched a counteroffensive, Operation Northwind, that nearly put Allied forces back on their heels. While the Allies were eventually able to take care of their Ardennes problem the Colmar one still remained. On January 12, 1945, Eisenhower could only tell George Marshall, "It is a very bad thorn in our side today. This is the story of the

Sixth Army Group (7th US & 1st French Armies) which fought on the southern flank of the SHAEF front. The French had multiple problems during this campaign so that increasing number of US divisions needed to take part. In the process the 3rd and 28th Infantry Divisions, and 10th and 14th Armored, among others were able to cover themselves with heroism, though hardly less than the threadbare German 19th Army, which bravely resisted against enormous odds until finally the west bank of the Rhine was cleared. Amidst a horrific winter and rough terrain, interspersed by demolished towns, both sides traded blows in a ferocious campaign often neglected in histories of the war. This book informs us fully of the tremendous and costly struggle waged on that often-neglected sector of the front.

Militainment, Inc. Roger Stahl,2009-12-04 Militainment, Inc. offers provocative, sometimes disturbing insight into the ways that war is presented and viewed as entertainment—or militainment—in contemporary American popular culture. War has been the subject of entertainment for centuries, but Roger Stahl argues that a new interactive mode of militarized entertainment is recruiting its audience as virtual-citizen soldiers. The author examines a wide range of historical and contemporary media examples to demonstrate the ways that war now invites audiences to enter the spectacle as an interactive participant through a variety of channels—from news coverage to online video games to reality television. Simply put, rather than presenting war as something to be watched, the new interactive militainment presents war as something to be played and experienced vicariously. Stahl examines the challenges that this new mode of militarized entertainment poses for democracy, and explores the controversies and resistant practices that it has inspired. This volume is essential reading for anyone interested in the relationship between war and media, and it sheds surprising light on the connections between virtual battlefields and the international conflicts unfolding in Iraq and Afghanistan today.

Chasing Rommel Amelia McNutt,2023-07-21 On June 6, 1944, tens of thousands of American soldiers, sailors, and airmen assaulted the German held coast of France at Normandy. Some were killed, some wounded, and all of them were changed as the battles raged against Rommel and his defenders. They fell for yards of sandy beaches, for critical roads, bridges, villages, towns, and cities. Together, we will travel to those places, and we will relive all the bravery and horror, all the mistakes and honor, as we learn their stories - Chasing Rommel.
