King City Stephen Pennell,2021-09-30 Birmingham has a tradition of individualism and experimentation, giving rise to a fragmented but innovative culture. This applies to the city's contemporary music scene just as it does to the rest of its cultural heritage, which explains why the Birmingham sound is hard to define. Whereas other cities are known for a certain sound, this city celebrates its diversity. In this new decade, the plethora of exciting indie bands, sick rappers and emotive singer-songwriters are surrounded by a collective of DJs, producers, promoters, venues, bloggers and vloggers who promote them. There's an agglomeration building, coalescing around the Birmingham Music Awards, whose mission is to amplify this uprising to the world. In this book, Stephen Pennell's reviews and musings shine a light on Birmingham's finest up-and-coming performers playing the city's most iconic venues, taking us on a unique journey around Birmingham's music scene.

Angry White People Hsiao-Hung Pai,2016-03-15 'An enlightening, thoughtful and intelligent study.' The Independent There is a new anger brewing in Britain. In the pubs and estates, the cafes and football stadiums, the mood is unsettled. People kick back increasingly against whoever or whatever is presented as the latest scapegoat. Delving deep into the day-to-day of a marginalized section of the working class, Angry White People offers an unparalleled survey of this anxious, uncertain, febrile Britain. From the English Defence League (EDL) to UKIP activists, Hsiao-Hung Pai conducts a fantastically daring investigation. Amongst those she follows are Darren, a Lutonian who helped found the EDL but is now a dedicated anti-racist Labour activist, and Tommy Robinson, infamous founder of the EDL, whom Pai observes changing from a young, foul-mouthed kid to a suited-and-booted Oxford Union guest speaker and hate preacher. Uncovering disturbing levels of racism in our society which must be confronted, Pai also identifies concerns arising from exclusion and inequality in a post-industrial economy. Angry White People is the essential account of social discontent in Britain today.

A Statistical History of Rugby League - Volume I Stephen Kane, 2013 The Greatest Game of All or Rugby League as it is known to some has given me nearly a half a century of pleasure and a little pain. In 1966 at the ripe old age of 6 I was introduced to our game when my Uncle Harry moved into the bedroom I shared with my younger brother in a 2 bedroom fibro joint in Rockdale (Dragon Territory). Harry was playing lower grades for Jack Gibson's Roosters and went on to play for St George in the 1971 Grand Final against my other front row mate John Sattler and his Rabbitohs. By the age of 9 I had memorized every player in the Big League magazine. The game became my obsession. Even if I had not been lucky enough to play over 100 games in the best competition in the world (arguably in any sport) Rugby League was in my blood. As a Rothmans Medal winner (the official player of the year award in 1983 succeeded by The Dally M Medal) I have always been aware of the history of our great game and its effect on society especially in the northern states of Australia. Apart from obtaining a Law degree at Sydney University I studied the Politics in Sport while completing my Arts Degree at Macquarie University. I believed our game was

ahead of sports like baseball, gridiron and basketball that relied heavily on statistics to rate their great players. Ours is a game of passion made for the blue collar working classman relying on guts and determination not on how many yards and minutes someone makes or plays. However as we get older we all like to dig deep into history and see who had the ability and drive to play even one game in the toughest competition playing the greatest game of all. This book does what none other has attempted to do tell a story using numbers and statistics about our great game. It is something every player and fan would do well to study. Stephen Kane the author of this book could be a reincarnation of Stephen Harold Gascoigne, better known as Yabba whose statue stands proudly at the Sydney Cricket Ground. Yabba was known for his knowledgeable witticisms shouted loudly from The Hill , a grassy general admissions area of the SCG. A lot like Yabba Kaney can be found every winter Sunday on the hill at Greenfield Park Albury(or away in Junee, Temora or Wagga) cheering his beloved Thunder to victory in the Group 9 Premiership loudly and clearly from 10 am to 5.30pm. In his spare time since breaking his back 7 years ago he has collected statistics on players in the NSWRL(now known as the NRL) dating back to 1908. The first words Kaney said to me was I have every Rugby League Week ever published as he showed me his EELS tattoo . You got sin binned once in your career at North Sydney Oval in 1983 or was it 1984? ? I knew I was in the company of a Rugby League tragic. This study of our game will help all of us who love the game and those of us lucky enough to have played it a better insight into the players of the greatest game of all from the top to the bottom. Written by Mike Eden, who played 110 Games for Manly, Easts, Parramatta and Gold Coast, is Gold Coast Player Number 1, and Won the Dally M award for Player of the Year in 1983
