No Broken Bond Angel Payne,Victoria Blue,2018-01-09 Rock. It's incredible what Fletcher Ford and Drake Newland have done to my world—and my soul—since igniting my desires, answering my dreams and filling every inch of my heart. I am rocked. Changed. Freed. A woman in love... Paper. But the adjustment hasn't been easy, and not just for my orthodox family. Falling for one dazzling, commanding billionaire is complicated enough. But two? Wading through dysfunctions, judgments, and emotional baggage from all sides, we're searching for the perfect balance of our love. And we nearly find it, when disaster slams again—threatening to permanently cripple us this time. Scissors? With our bond in shreds and our spirits in tatters, can we find the glue to keep our bond intact and our love whole? Are we broken...or just bent? Do we have the courage to find out?

Journalism Tim P. Vos,2018-05-22 This volume sets out the state-of-the-art in the discipline of journalism at a time in which the practice and profession of journalism is in serious flux. While journalism is still anchored to its history, change is infecting the field. The profession, and the scholars who study it, are reconceptualizing what journalism is in a time when journalists no longer monopolize the means for spreading the news. Here, journalism is explored as a social practice, as an institution, and as memory. The roles, epistemologies, and ethics of the field are evolving. With this in mind, the volume revisits classic theories of journalism, such as gatekeeping and agenda-setting, but also opens up new avenues of theorizing by broadening the scope of inquiry into an expanded journalism ecology, which now includes citizen journalism, documentaries, and lifestyle journalism, and by tapping the insights of other disciplines, such as geography, economics, and psychology. The volume is a go-to map of the field for students and scholars—highlighting emerging issues, enduring themes, revitalized theories, and fresh conceptualizations of journalism.

Remembering and Forgetting Early Childhood Qi Wang,Sami Gülgöz,2020-05-21 This book brings together scholarship that contributes diverse and new perspectives on childhood amnesia – the scarcity of memories for very early life events. The topics of the studies reported in the book range from memories of infants and young children for recent and distant life events, to mother-child conversations about memories for extended lifetime periods, and to retrospective recollections of early childhood in adolescents and adults. The methodological approaches are diverse and theoretical insights rich. The findings together show that childhood amnesia is a complex and malleable phenomenon and that the waning of childhood amnesia and the development of autobiographical memory are shaped by a variety of interactive social and cognitive factors. This book will facilitate discussion and deepen an understanding of the dynamics that influence the accessibility, content, accuracy, and phenomenological qualities of memories from early childhood. This book was originally published as a special issue of *Memory*.
