The People's Lawyer Frank J. Kelley,Jack Lessenberry,2015-09-14 After several years as a small-town lawyer in Alpena, Frank J. Kelley was unexpectedly appointed Michigan's attorney general at the end of 1961. He never suspected that he would continue to serve until 1999, a national record. During that time, he worked with everyone from John and Bobby Kennedy to Bill Clinton and jump-started the careers of dozens of politicians and public figures, including U.S. Senator Carl Levin and Governors James Blanchard and Jennifer Granholm. In *The People's Lawyer: The Life and Times of Frank J. Kelley*, the Nation's Longest-Serving Attorney General, Kelley and co-author Jack Lessenberry reflect on the personal and professional journey of the so-called godfather of the Michigan Democratic Party during his incredible life and thirty-seven years in office. The People's Lawyer chronicles Kelley's early life as the son of second-generation Irish immigrants, whose father, Frank E. Kelley, started out as a Detroit saloon keeper and became a respected Democratic Party leader. Kelley tells of becoming the first of his family to go to college and law school, his early days as a lawyer in northern Michigan, and how he transformed the office of attorney general as an active crusader for the people. Among other accomplishments, Kelley describes establishing the first Office of Consumer Protection in the country, taking on Michigan's public utility companies, helping to end racially restrictive real estate practices, and helping to initiate the multibillion-dollar Tobacco Master Settlement Agreement in 1998. Kelley frames his work against a backdrop of the social and political upheaval of his times, including the 1967 Detroit riots, the disappearance of Jimmy Hoffa, and the assassinations of John F. Kennedy, Robert F. Kennedy, and Martin Luther King, Jr. All those interested in American history and legal history will enjoy this highly readable, entertaining account of Kelley's life of public service.

Freedom Dreams (TWENTIETH ANNIVERSARY EDITION) Robin D. G. Kelley,2022-08-23 The 20th-anniversary edition of Kelley’s influential history of 20th-century Black radicalism, with new reflections on current movements and their impact on the author, and a foreword by poet Aja Monet First published in 2002, Freedom Dreams is a staple in the study of the Black radical tradition. Unearthing the thrilling history of grassroots movements and renegade intellectuals and artists, Kelley recovers the dreams of the future worlds Black radicals struggled to achieve. Focusing on the insights of activists, from the Revolutionary Action Movement to the insurgent poetics of Aimé and Suzanne Césaire, Kelley chronicles the quest for a homeland, the hope that communism offered, the politics of surrealism, the transformative potential of Black feminism, and the long dream of reparations for slavery and Jim Crow. In this edition, Kelley includes a new introduction reflecting on how movements of the past 20 years have expanded his own vision of freedom to include mutual care, disability justice, abolition, and decolonization, and a new epilogue exploring the visionary organizing of today’s freedom dreamers. This classic history of the power of the Black radical imagination is as timely as when it was first published.

Moon Lander Thomas J. Kelly,2012-01-11 Chief engineer Thomas J. Kelly gives a firsthand account of designing, building, testing, and flying the Apollo lunar module. It was, he writes, “an aerospace engineer’s dream job of the century.” Kelly’s account begins with the imaginative process of sketching solutions to a host of technical challenges with an emphasis on safety, reliability, and maintainability. He catalogs numerous test failures, including propulsion-system leaks, ascent-engine instability, stress corrosion of the aluminum alloy parts, and battery problems, as well as their fixes under the ever-present constraints of budget and schedule. He also recaptures the exhilaration of hearing Apollo 11’s Neil Armstrong report that “The Eagle has landed,” and the pride of having inadvertently provided a vital “lifeboat” for the crew of the disabled Apollo 13.
