*The Astonishing Anniversaries of James and David: Part One* M J Dees,2018-05-02 Twins growing up together. One is incredibly lucky, the other astonishingly unlucky. One content, the other always striving for more. But will either of them manage to cope with all the obstacles which life throws at them? The Astonishing Anniversaries of James and David is as much a nostalgic romp through 70s, 80s and 90s England as it is a shocking and occasionally tragic comedy. Once I started, I had a hard time stopping I enjoyed the story very much, and I kept wondering what was coming next This would turn into a pretty good movie. I love how the storytelling focuses on a view of their lives through the one day - their birthday

**Manicorn** Jane Millington,2015-06-01 We all love a villain in a romantic break-up but what if there isn't one? In fact what if everything seems just fine but not absolutely, weak-at your knees, mind-blowingly fabulous—should you stay or should you go? This is the dilemma facing Jessica Tiller who begins to realise that Ben, the man she thought was her manicorn (a sensitive, sexy and soulful man—in other words, for most people: imaginary), is in fact just an extremely nice bloke. And her past, as well as her long-time friend, David, are starting to push her in a whole new unexpectedly sexier direction. When friends Stella and Minh's blossoming romance and upcoming wedding makes commitment look pretty good, for Jessica it's decision time. While Ben is busy working out with his gym buddy and resident office stunner, Elise, Jess turns to her best friend, happily married mother of two, Laura, who provides a wealth of experienced advice as does the gay sisterhood of Tiffany and Kristan. But when it comes to the crunch it's up to Jessica to decide to what and to whom to commit. This humorous story is for those torn between the security of a totally inoffensive long-term relationship and the promise of the romance you once thought you'd have but you somehow lost.

**Marshal Rides Alone** Gary Skinner,2012-02-06 The early years of the Arizona Territory were lawless and ruthless. The Arizona Territory Marshal was the only fortress of safety for many of these early pioneers. The peace keeping force was the father of what is now the Arizona Rangers. These men were seldom rewarded and often hunted by those wanting to run roughshod over the early immigrants. This story depicts the struggles that these officers of the peace battled with and eventually triumphed over. Jess Harden is faced with Apache Indians, outlaw gangs, gunfighters, and the hostile of the unforgiving western mountains and deserts. He combats elements and overwhelming opposition to baring his quarry to justice in a court of law. Follow his travel in good times and bad, as he helps tame the western frontier.

The Accidental Boyfriend Lori Freeland,2023-04-14 Jess is everything Gabe wants. Gabe is everything Jess doesn't know she needs. Some accidents were meant to be. Gabe isn't a werewolf. He just plays one on TV. Jess isn't a guy magnet. She just writes teen romance. TV heartthrob Gabriel Wade has never met a party he couldn't rock, a problem he couldn't dodge, or a crowd he couldn't play. Homeschooled Jessica Thorne has never met a party she couldn't wallflower, a problem she couldn't stress over, or a crowd she couldn't escape. But they both know what it's like to lose someone . . .

someone who's still here. After a hotel escalator dumps Jess into Gabe's spotlight and he unknowingly hijacks her first kiss, he decides she'll be the perfect decoy for the paparazzi. If he can convince her to play his girlfriend of the week. Except Jess isn't about to be anyone's fangirl and wants nothing to do with TV's Hottest Hairball or his Hollywood ego. And by the time she figures out he isn't who she thought, it might be too late to say she needs him as much as he needs her. Even if he wants her for real. More than just a romance, *The Accidental Boyfriend* is the story of what happens when two people from very different worlds are thrown together only to discover they're both struggling to figure out who they are and how to navigate a loss they didn't plan. For fans of Kasie West, Sarah Dessen, Katie McGarry, and Jenny Han. "Un-put-down-able! Delightfully clever. Plot surprises kept me eagerly turning the pages." ~ Kathleen Baldwin, Wall Street Journal bestselling author of *A School for Unusual Girls* A fresh spin on the fake relationship trope, and a well-crafted love story with pacing that serves the characters and their journeys well. ~ Critic's Report The BookLife Prize "By far one of the best YA romances I've ever read . . . I've read A LOT. I can't believe how well this was written, how layered this story was, and how in love I was with Gabe and Jess's story. I cried, grinned, I blushed, and I would do it all over again. BRB. Ordering a physical copy so I can reread. ~ Charity (Bookbub)

Search Judith & Garfield Reeves-Stevens,2010-08-03 A nine-thousand-year-old conspiracy. Three families. One secret. The epic race to uncover history's greatest mystery has begun. Beneath the sparkling blue water of a remote Pacific atoll, a merciless killer stalks an underwater archaeological dig. His goal: to bring his employer---billionaire industrialist Holden Ironwood---an impossible artifact that proves a lost civilization's knowledge of astronomy was thousands of years ahead of its time. At the same time, in the Armed Forces DNA Identification Lab in Maryland, haunted young researcher David Weir risks his freedom to identify a handful of people with nothing in common except their nonhuman genes---genes that he shares. While in the Arctic tundra, a deadly airborne assault on a pipeline crew propels young paleogeologist Jessica MacClary into the innermost circles of her staggeringly wealthy and powerful family as she learns the astonishing secret her ancestors have defended since the beginnings of recorded history. Now these three strangers on their separate quests to unlock their pasts are unexpectedly driven into violent collision, only to discover that together they hold the key to answering the ultimate question of humanity's origins---provided the U.S. Air Force doesn't stop them first. . . . Acclaimed New York Times bestselling novelists Judith & Garfield Reeves-Stevens once again bring their unique blend of relentless suspense and cutting-edge science to a page-turning story of adventure that spans the globe and millennia of human history, racing from long-buried ruins in Cornwall and the casinos of Atlantic City to the forgotten caves that protect a shocking revelation that will tear the veil off the true history of humankind. With a mystery more profound than Dan Brown's *The Da Vinci Code*, and scientific speculation more provocative than Michael Crichton's *Next*, *Search* is an adrenaline-fueled, action-packed thriller that goes beyond wild theories of ancient astronauts and sunken empires to suggest a startling new vision of the birth of human civilization.

Literacy Moves On Janet Evans,2012-12-06 This book looks at the changing nature of literacy and at the way in which new and different literacies are emerging in the first part of the 21st century. It considers how children are shaping and being shaped by these changes, it also looks at how teachers need to bridge-the-gap between children's out of school interests and school based curriculum demands. This edited collection, which features chapters by international experts and voices in the field, aims to: Take a closer look at (and demystify) some of the influences on literacy in

the 21st century e.g. popular culture, multi-modal texts, email, text messaging and critical literacy. Enhance teachers' awareness of these developments and show how they can use them to improve the literacy skills of their pupils. Show, through the Implications for Practice sections, how teachers can find different but straightforward ways of linking children's personal, out-of-school interests with the demands of the school curriculum.

**Mud, Muck and Dead Things** Ann Granger, 2018-05-14 First in "a quirky and intriguing crime series in which the eclectic cast often comes close to stealing the show from the plotline" (The Gazette). When the body of a young woman is discovered in the cowshed of Cricket Farm, the tranquility of the British countryside is shattered. Inspector Jess Campbell is on the case, but with few leads, a grumbling partner, and the new superintendent Ian Carter piling on the pressure, she's beginning to wonder why she chose to be a detective in the first place. The shifty land-owner Eli Smith seems to have something to hide, and as Campbell delves into the gruesome past of the dilapidated farm, the mystery deepens. A flashy Mercedes spotted fleeing the scene of the crime leads to a suspect, but when another body turns up, it looks as though Campbell's lead is nothing but a dead end . . . Book one in the Campbell and Carter Mysteries, *Mud, Muck and Dead Things* will thrill fans of M. C. Beaton, Joy Ellis and the Midsomer Murders. Praise for the writing of Ann Granger "A well-written, well-crafted traditional British mystery by a writer with an assured grasp of her technique." —reviewingtheevidence.com "Characterization, as ever with Granger, is sharp and astringent." —The Times "The story just gets more complex, mysterious and chilling." —Good Book Guide "For once a murder novel which displays a gentle touch and a dash of wit." —The Northern Echo "A clever and lively book." —Margaret York

*God's Not Forgotten Me* 'Tricia Williams, 2022-05-24 What happens to faith if you get dementia? Does the real you disappear? Does your relationship with God evaporate as neurons begin to disconnect? Will you forget God? Here, the voices of Christians from the evangelical tradition bring insight to the profound questions faith encounters amidst the disorientation of dementia: . . . even when my brain falls apart . . . nothing can separate me from the love of God . . . faith is stronger. 'Tricia Williams seeks deeper understanding of their faith experience and practice through careful listening and theological reflection within the boundaries of a biblical agenda: who I am, knowing God, experience and practice of faith, the shadows of suffering, embodied memory, spiritual growth, and hope for now. Fresh theological insights and challenges for the church call for creative practices to nurture the faith of disciples of Jesus who live with this disease: They must remind me. In this book, these voices reveal a growing, positive experience

of faith in the light of dementia--and of hope in Christ. Faith does not end with diagnosis: God . . . has not forgotten me.
