The Cannon King's Daughter David G. Stroebe, 2010 Banished from a Dynasty, the true, untold story of Engelbertha Krupp. American author David Stroebe uncovers the first, previously undocumented banishment of a member of the Krupp (known today as ThyssenKrupp AG) 400-year-old steel dynasty of Essen, Germany, and it's his great-grandmother who had immigrated to Jersey City, New Jersey in the late 1800's.

The Wilhelm Krupp Family Cynthia Spurgat Jacobson, 2005 Wilhelm Weiss Krupp was born 25 January 1829 in Riesenberg, West Prussia. His parents were David Krupp (1803-1869) and Dorothea Weiss. He married Anna Cherr (1831-1906), daughter of Gottfried Cherr and Eva Klotzke, 2 April 1854. They had ten children. They emigrated in 1881 and settled in Michigan. He died 1 April 1906 in Big Rapids, Michigan. Descendants and relatives lived mainly in Michigan.

Fostoria, Ohio, 2001 It is indeed a privilege to give this endorsement of this collection of Paul Krupp's memoirs of Fostoria and its environs. They have covered so many different subjects, people, and personal memories as he grew up. Everyone looked forward to his next column in our daily local Fostoria Review-Times newspaper. -George A. Gray Retired Chairman and President, The Gray Printing Company President, Fostoria Area Historical Society Paul Krupp was a friend of mine. He may not have known it, but I knew his writings very well. I read all of his material that he had printed in our local Fostoria Review Times. He would write about an old neighborhood of his, and then take a walk down the street, without missing a house, and tell you who lived there, and the makeup of each respective family. . . . this gives me the opportunity of speaking of the great admiration I had for him. If Paul Krupp wrote something, it was true. -Mel Murray, former owner, WFOB Curator emeritus, Fostoria, Ohio Glass Heritage Gallery I thoroughly enjoyed reading Paul Krupp's columns in the Fostoria Reveiw Times when they appeared. His recounting the history of Fostoria in his columns explained the past and also helped to explain why some present situations exist, which was very beneficial as the mayor. -Barbara L. Marley, Mayor, 1990-95 The always interesting, informative columns of Paul Krupp constitute a community treasure. Collecting and publishing them will provide a wonderful addition to the historical record of Fostoria. -James E. Bailey, Mayor, 1996-99 Paul H. Krupp's Fostoria, Ohio book is a great historic account of a great city. By compiling historical articles that appeared for over twelve years in the local newspaper, this book captures the essence of the wonderful way of life in Fostoria, Ohio. It is a must read for every Fostorian as well as all Americans. -John Davoli, Mayor, 2000-

Winning the Long Game Steven Krupp, Paul J.H. Schoemaker, 2014-12-02 Are you winning the battle but losing the war? Every leader has to deliver the goods—make budget, meet deadlines, and deftly manage people—to provide the inspirational fuel that keeps their business running day-in and day-out. But therein lies the danger of winning today's battle and losing the war—that is the long game of creating sustainable value in a volatile, uncertain world that is becoming ever-more complex and ambiguous. The greater purpose—today's number one business challenge—is winning the long game by being more strategic; developing the skills to look outside the four walls of the organization and see the world from the future back. Steven Krupp and Paul J. H. Schoemaker bridge the gap between what many see as the separate domains of strategy and leadership to show how to develop the discipline of strategic leadership in a world of growing uncertainty. While pragmatic to the core, Winning the Long Game creates vivid insights into the discipline of strategic leadership by applying it systemically through personal portraits of successful business leaders. The book profiles Elon Musk, Richard Branson, and Sara Blakely, as well as world-renowned figures like Pope Francis, Oprah Winfrey, and Nelson Mandela. What makes these strategic leaders successful is highlighted by contrasting them with others who are either mediocre or outright failures. Winning the Long Game is the must-have playbook for every leader and for any manager seeking to become more strategic in today's topsy-turvy world.

Will Planet X Signal the Rapture? David Meade, 2016-01-13 My inspiration for this book was a vision that I'm aware of where it was revealed that in October of 2017 (I know the day but I'd rather not mention it at this point, but it is in October and in the very latter part) that Russia, China and North Korea would use a combination of drone submarines and unmarked container ships to engage in a nuclear attack on the US coast. The attack will occur between midnight and dawn, and they will attack both Britain and the U.S. simultaneously. God told him that as soon as the missiles appeared on the horizon, the rapture of the church would occur. The Russians are planning this at a compartmentalized, high and secret level, and the reason for the date they have chosen is that it commemorates the 100th anniversary of the Russian Revolution. Afterwards, with Israel's protectors neutralized, they will invade the Middle East as Israel has a warm water port and the largest oil and gas fields on the planet (now known as the Leviathan gas fields). The book, chapter by chapter, goes into the Biblical basis for this event and its precise timing. It explains what will happen afterwards. It most of all explains how an astronomical object, called by some Nibiru and also known as Planet X, will create the very environment from which such events occur.

Brainwashed Ben Shapiro, 2010-06-14 Brainwashed is the explosive exposé of the leftist agenda at work in today's colleges, revealed by firebrand Ben Shapiro—syndicated columnist, podcaster, radio show host, and one of today's most exciting conservative voices—who's been on the front lines of the battle for America's young minds. This book proves once and for all that so-called higher education continues to sink lower and lower into the depths of liberal madness as close-minded professors turn their students into socialists, atheists, race-baiters, and sex-crazed narcissists. In this book, author Ben Shapiro asks three critical questions: Why are universities so biased? Why do students take their professors at face value? What can we do to stop it? In addition to outlining practical solutions as part of a multi-pronged strategy to deal with this problem, Brainwashed encourages students to consider the motives of their professors; pay attention to how professors use facts and editorialize during lectures; and ask questions, encourage debate, and think before buying into a professor's mindset. Praise for Brainwashed: Ben Shapiro's writing is smart, informative, and incisive. He is wise beyond his years without losing the refreshing fearlessness of youth. Ann Coulter, bestselling author of High Crimes and Misdemeanors, Slander, and Treason In Brainwashed, Shapiro tells the truth—that universities are forums of left-liberal indoctrination, where dissent is discouraged and penalized, with more restrictions on free speech rather any other part of American society. Parents who are paying for tuition might want to take note, and see what their hard-earned money is paying for. Michael Barone, U.S. News & World Report and co-author of The Almanac of American Politics Welcome to P.C. 101. In this trenchant insider's expose, Ben Shapiro bears witness to the modern American campus freak show. You'll get up close and personal with the Marxist loons, moral relativists, multicultural zealots, and American-haters who are corrupting young minds. Brainwashed reveals the ignominious lows to which higher education has sunk. Get deprogrammed. Buy this book! Michelle Malkin, nationally syndicated columnist and author of Invasion Sharp thinking, tight writing, crazy-but-true stories: Ben Shapiro sees campus brainwashing and raises a national protest. This is a good book to give both freshmen who need warning and voters/alumni who need to take action. Dr. Marvin Olasky, University of Texas professor and editor-in-chief of World magazine A worthy successor to God and Man at Yale and Harvard Hates America in exploring the belly of the academic beast. David Horowitz, founder of Students for Academic Freedom and author of Radical Son and Left Illusions What Animal House did for the toga party, Brainwashed should do for American resistance to campus radicalism. Nam June Paik Sook-Kyung Lee,Rudolf Frieling,2020-02-04 Explore the ground-breaking work of 20th-century, avant-garde artist Nam June Paik, the pioneer of video art, and discover his impact on the digital age. Nam June Paik was one of the most presciently visionary artists of his generation, one who foresaw the ascendance of the screen in modern life, coined the phrase electronic superhighway, and celebrated these developments with a humor and whimsy that counteracts some of the darker aspects of our technological age. This book features works from throughout Paik's five-decade career--from robots made from old TV screens to stills from his innovative video works and views of his renowned room-sized installations. Archival materials and excerpts of Paik's own writings offer a deeper understanding of the artist's extraordinary collaborative career. He had exchanges with avant-garde artists, musicians, and choreographers, including Charlotte Moorman, John Cage, Merce Cunningham, Joseph Beuys, and members of the Fluxus movement. Essays explore how Paik influenced a global network of artists and pioneered a radical and cutting-edge art practice. They also consider how Paik's transnational approach to art presaged today's issues around borders, immigration, cultural appropriation, and nationalism. By envisioning a future that has become a reality, Paik's work--and its humanity, scope, and optimism--is perhaps more important than ever. Published with Tate
