Greg Jenner

**Dead Serious** Jane Mersky Leder, 2018-01-23 My brother took his own life on his thirtieth birthday. My life has never been the same. Thirty plus years after publishing the first edition of *Dead Serious*, this second completely revised and updated edition covers new ground: bullying, social media, LGBTQ teens, suicide prevention programs, and more. Scores of teens share their stories that are often filled with hurt, disappointment, shame—yet often hope. Written for teens, adults and educators, *Dead Serious: Breaking the Cycle of Teen Suicide* explores the current cultural and social landscape and how the pressure-filled lives of teens today can lead to anxiety, depression—suicide. Leder's own journey of discovery after her brother's suicide informs her goal of helping to prevent teen suicide by empowering teens who are suffering and teens who can serve as peer leaders and connectors to trusted adults. The skyrocketing number of teens who take their own lives makes *Dead Serious: Breaking the Cycle of Teen Suicide* more relevant and important than ever. "Talking about suicide does not make matters worse. What makes matters worse is not talking."

*The Deadly Serious Republic* Dave Crawford, 2014-05-16 Max and Memie are the two principle characters. Max has an Irish father, Harry (Dingle) Bellman, and Latin American mother and grows up in desperately poor circumstances. He is a very bright, level-headed young man with natural social skills. Memie comes from an enormously wealthy background but is orphaned at the age of twelve. Sent off to the Defrugals Graduation School for the Super-Rich, she hates it and rebels against all and everything. Being taught that God is good and communism is bad, she chooses to take an opposing view. She is fearless in the face of danger and spends much time looking

for revolutions of one sort or another. Max thinks Memie politically naive but, as friend and bodyguard, is forever trying to pull her back from the brink. By nature, she is difficult and neurotic but shows her caring side from time to time. Throughout there is an underlying sexual tension, but in the end, Max's efforts at keeping Memie safe comes to nothing.

**Dead Serious** Susannah Stacey, 1997 Biddinghamurst, a reputedly haunted village in Kent, seems to be home to a serial killer. Superintendent Robert Bone steps in to investigate, and instinctively tosses out the obvious--suggesting an unlikely, but terribly convincing, scenario for the crimes. Featured in A Pocket Full of Crime mystery newsletter.

**Dead Serious** Eli J. Knapp, 2021-09-21 FOREWORD INDIES BRONZE WINNER, ECOLOGY & ENVIRONMENT Diverting descriptions of flora and fauna lead into captivating lessons about biological principles, all of which are embellished with humor. A rousing read. -FOREWORD REVIEWS Through personal stories of mishap and adventure, historical vignettes, and scenic detours, professor Eli J. Knapp dissects eighteen critical forces that lie behind the earth's sixth extinction. Drawing from experiences across the globe, Knapp peeks into odd and overlooked corners of natural history, showing how ocean-going tortoises and ghost deer can both instruct and inspire. Full of humor, hope, and self-effacing scientific savvy, Knapp's exploration of our home planet provides welcome respite in a deadly serious subject. ELI J. KNAPP, PhD, has had a fascination with wildlife ever since obsessively counting deer on his bus rides to school as a kid. His wildlife interests have put him into kayaks, hot air balloons, dilapidated land rovers, and many pairs of hiking boots in search of new species and experiences. When not watching birds,

Eli teaches courses in conservation biology, wildlife behavior, human ecology, and Swahili at Houghton College in western New York, where he is a tenured professor of intercultural studies and biology. His research interests spawn out of a three-year stint living in Serengeti National Park, where he studied the coexistence of people and wildlife around protected areas. Eli now enjoys sharing nature with his wife and three children, and has chronicled his adventures in *The Delightful Horror of Family Birding: Sharing Nature with the Next Generation*.

**Communism, Capitalism and the Mass Media** Colin Sparks, Anna Reading, 1997-12-08 Colin Sparks provides a challenging reassessment of the impact of the collapse of communism on the media systems of Eastern Europe. He analyzes both the changes themselves and their implications for the ways in which we think about the mass media, while also demonstrating that most of the orthodox accounts of the end of communism are seriously flawed. There are much greater continuities between the old system and the new than are captured by the theories that argue that there has been a radical and fundamental change. Instead of marking the end of critical inquiry or the end of history, as some have suggested, Sparks argues that the collapse of the communist systems demonstrates how very limited and frequently incorrect the main ways of discussing the mass media are. He concludes with a provocative discussion of the ways in which we need to modify our thinking in the light of these developments.

Dead Famous Greg Jenner, 2020-03-19 'Fizzes with clever vignettes and juicy tidbits... [a] joyous romp of a book.' Guardian 'A fascinating, rollicking book in search of why, where and how fame strikes. Sit back and enjoy the ride.' Peter Frankopan, author of *The Silk Roads* '[An] engaging and well-researched book... Jenner brings his

material to vivid life' Observer Celebrity, with its neon glow and selfie pout, strikes us as hypermodern. But the famous and infamous have been thrilling, titillating, and outraging us for much longer than we might realise. Whether it was the scandalous Lord Byron, whose poetry sent female fans into an erotic frenzy; or the cheetah-owning, coffin-sleeping, one-legged French actress Sarah Bernhardt, who launched a violent feud with her former best friend; or Edmund Kean, the dazzling Shakespearean actor whose monstrous ego and terrible alcoholism saw him nearly murdered by his own audience - the list of stars whose careers burned bright before the Age of Television is extensive and thrillingly varied. In this ambitious history, that spans the Bronze Age to the coming of Hollywood's Golden Age, Greg Jenner assembles a vibrant cast of over 125 actors, singers, dancers, sportspeople, freaks, demigods, ruffians, and more, in search of celebrity's historical roots. He reveals why celebrity burst into life in the early eighteenth century, how it differs to ancient ideas of fame, the techniques through which it was acquired, how it was maintained, the effect it had on public tastes, and the psychological burden stardom could place on those in the glaring limelight. DEAD FAMOUS is a surprising, funny, and fascinating exploration of both a bygone age and how we came to inhabit our modern, fame obsessed society.

*Dead Firefly* Victoria Houston, 2018-06-19 Murder She Wrote meets Fargo in the eighteenth installment of Victoria Houston's "engaging" (Alfred Hitchcock's Mystery Magazine) and critically acclaimed mystery series set in the northwoods of Wisconsin. My wife and Gordon Maxwell tried to kill me this morning. Doc Osborne is startled by the unexpected words tumbling out of the mouth of his friend and fellow AA member Chuck Pelletier, the recently remarried lead

accountant for a planned luxury fly-fishing lodge preserve under construction in the area. Alarmed, Doc tries to alert Police Chief Lew Ferris, but she is tied up with law enforcement teams across the state. They're searching for thieves who have been cutting down and stealing hundreds of thousands of precious birch trees from public and private property across northern Wisconsin. But it's too late. Pelletier is found dead not two hours later. Doc is shocked, saddened, and determined to get to the bottom of the murder. With one man dead, evidence of lakeshore properties being stolen from elderly owners, and an attempted sexual assault, short-handed Chief Ferris deputizes Doc and his skilled tracker neighbor to help with the investigation. Then, just as they seem to be getting somewhere, things grow even more complicated. Just another summer in Loon Lake.

Difficult Death, Dying and the Dead in Media and Culture Sharon Coleclough, Bethan Michael-Fox, Renske Visser, 2023-11-25 This book responds to a growing interest in death, dying and the dead within and beyond the field of death studies. The collection defines an understanding of 'difficult death' and examines the differences between death, dying and the dead, as well as exploring the ethical challenges of researching death in mediated form. The collection is attendant to the ways in which difficult deaths are imbricated in power structures both before and after they become mediated in culture. As such, the work navigates the many political and social complexities and inequalities - what might be deemed the difficulties - of death, dying and the dead. The book seeks to expand understandings of the difficulty of death in media and culture through a wide range of chapters from different contexts focused on literature, film, television, and in online environments, as well as several chapters

examining news reportage of difficult deaths.

**Total Engagement** Byron Reeves, J. Leighton Read, 2009 The strong psychological power of games can have both positive and negative consequences for the workplace. That's why it's important to put them into practice correctly from the beginning--and Reeves and Read explain how by showing which good design principles are a powerful antidote to the addictive and stress-inducing potential of games.

**Moral Threats and Dangerous Desires** Deborah Lupton, 1994 Since 1981, AIDS has had an enormous impact upon the popular imagination. Few other diseases this century have been greeted with quite the same fear, loathing, and prejudice against those who develop it. The mass media, and in particular, the news media, have played a vital part in making sense of AIDS.

**Media Culture** Douglas Kellner, 2020-05-05 In this thorough update of one of the classic texts of media and cultural studies, Douglas Kellner argues that media culture is now the dominant form of culture that socializes us and provides and plays major roles in the economy, polity, and social and cultural life. The book includes a series of lively studies that both illuminate contemporary culture and society, while providing methods of analysis, interpretation, and critique to engage contemporary U.S. culture. Many people today talk about cultural studies, but Kellner actually does it, carrying through a unique mixture of theoretical analysis and concrete discussions of some of the most popular and influential forms of contemporary media culture. Studies cover a wide range of topics including: Reagan and Rambo; horror and youth films; women's films, the TV series *Orange Is the New Black* and Hulu's TV series based on Margaret Atwood's *The Handmaid's Tale*; the films of Spike Lee and African American culture; Latino films and cinematic narratives on

migration; female pop icons Madonna, Beyoncé, and Lady Gaga; fashion and celebrity; television news, documentary films, and the recent work of Michael Moore; fantasy and science fiction, with focus on the cinematic version of Lord of the Rings, Philip K. Dick and the Blade Runner films, and the work of David Cronenberg. Situating the works of media culture in their social context, within political struggles, and the system of cultural production and reception, Kellner develops a multidimensional approach to cultural studies that broadens the field and opens it to a variety of disciplines. He also provides new approaches to the vexed question of the effects of culture and offers new perspectives for cultural studies. Anyone interested in the nature and effects of contemporary society and culture should read this book.

*Dangerous Democracy* Judy McGregor, 1996 The centrality of the news media to contemporary politics demands that performance of political journalism in New Zealand is scrutinized and its function vigorously debated.

*Media, Modernity and Technology* David Morley, 2006-09-27 Clearly structured in five thematic sections this fascinating and readable book, from best-selling author David Morley, presents a set of interlinked essays which discuss and examine the key debates in the fields of media and cultural studies.

Education in France Anne Corbett, Bob Moon, 2002-03-11 In common with most industrialised countries, France has undertaken an ambitious programme of education reform over the last fifteen years. This book uses key extracts from contemporary writing to examine exactly how and why that process has happened, focusing on all stages of the education system. Sections cover the main characteristics of school reform in France, its aims and objectives, a discussion of the

desirability of and politics surrounding the reform process, and explorations of classroom practice, the changing role of parents, standards in schools, and the curriculum. Because of its high quality, wide and up-to-date coverage of the area, this book will be a vital reference text for all those working in this field.

*Deadly Serious Republic* Dave Crawford, 2019-01-16 Max and Memie are the principle characters in this satirical story. Max grows up in desperately poor circumstances with his Irish father Harry (Dingle) Bellman and Latin American mother Izza. His is a very bright level headed young man with natural social skills. Memie comes from a suffocatingly wealthy background but is orphaned aged twelve. Sent off to the DeFrugal Graduation School for the Super Rich she hates it and rebels against all and everything. She is by nature neurotic, difficult, but fearless in the face of danger. As a young woman and sometimes accompanied by her pet pig Comrade Potty, she seeks out revolutions of one sort or another. However not only is she looking for trouble but by virtue of her great wealth, trouble is also looking for her. Max thinks Memie politically naive but as friend and bodyguard is forever pulling her back from the brink. Throughout there is an underlying sexual tension, but in the end Max's efforts at keeping Memie safe comes to nothing.

Dead Serious; My Life As a Funeral Director J. Kevin Watts, 2020-01-24 For decades I have shared stories with friends and family about my years as a funeral director. The most common response was, you could write a book. My novel entitled *Dead Serious; my life as a Funeral Director*. is filled with stories to make the reader experience a vast array of emotions. Some sad, some funny, and some quite frankly people might not believe, but I am dead serious. I hope you enjoy reading it as much as I have enjoyed the 30-year journey.

**I Text Dead People** Barbara Rose Cooper, 2015 As if living in a creepy house on cemetery grounds weren't horrible enough, Annabelle accidentally becomes a guide that bridges the gap between the living and the dead with her cell phone. **Gender and Media** Tonny Krijnen, Sofie Van Bauwel, 2021-10-27 This thoroughly revised second edition provides a critical overview of the contemporary debates and discussions surrounding gender and mediated communication. The book is divided into three parts: representing, producing, and consuming, with each section made up of three chapters. The first chapter of each section attempts to answer the most basic questions: 'Who is represented?', 'Who produces what?', and 'Who consumes what?'. The second chapter of each section draws attention to the complexity of the relationship between gender and media, concentrating on the 'why'. The third and final chapter of each section addresses the latest debates in the fields of media and gender, adding a vital layer of understanding of the topic at hand. Throughout, text boxes provide additional information on the most important concepts and topics, and exercises help bridge the gap between theory and everyday life media practices. The second edition has been updated in light of current developments with regard to gender, media technologies, and globalisation, including recent theoretical insights and examples. This is an ideal textbook for students studying gender and media, and for general courses on gender studies, sociology, cultural studies, and women's studies.
