Finding Malone Dennis Mansfield,Eagline Kline,2015-03-15 A single gift from a seemingly distant and unloving father sparked a journey of discovery. It was an inexpensive gift of an old WWI era army helmet. A helmet that saw action in WWII, not WWI. It was a doughboy US Army Helmet that held eyewitness secrets of the bloody sands of North Africa, the gritty landing of D-Day, the frozen Battle of the Bulge and the ultimate triumphant entry into Adolf Hitler's Alpine Wolf's Lair. A.J. Malone's helmet was more than just a gift. It was the piece that tied Dennis together to his father. The piece that helped rekindle a relationship grown cold from years of neglect. Finding Malone weaves together the tale of discovering who the helmet belonged to, and discovering the true nature of his father; the man who gave the gift to Dennis. This is the true and powerful story of a father and son overcoming unexpressed love, deep personal disappointment and ultimately hatred, through a single and unplanned-for magnificent act, anchored to honor - and the subsequent restored hope and fresh forgiveness that came as a result, healing their relationship and bringing them together as best friends for the last 19 years of the father's life.

History of the Chicago Bulls 1966-2023 Brian Aldridge,2022-06-20 In 1984, the Bulls were entering their 19th year as a franchise when they signed Michael Jeffrey Jordan to a contract. Lest anyone forget, the pre-Jordan Bulls sported some very good teams that included some very good players like Guy Rodgers, Bob Love, Chet Walker, Tom Boerwinkle, Jerry Sloan, Norm Van Lier, and Artis Gilmore. Their play brought winning seasons, plenty of loud excitement and hope at the Stadium, but alas none of those teams reached the Finals. By the time His Airness took the floor, the Bulls hadn't seen the playoffs in 3 years and the 1983-84 version lost twice as many games as they won. Jordan brought the team respect, but it took a total of 6 seasons, a coaching change, and a shrewd GM to make great draft choices and add role players for the club to hoist the hardware and raise the Bulls' first championship banner. This was the first of 6 (two three-peats). The heroes were many: Scottie Pippen, Horace Grant, John Paxson, Bill Cartwright, Steve Kerr, Dennis Rodman, Ron Harper, and Toni Kukoc. And Jordan? The 5X NBA MVP was voted Finals MVP all 6 times. The tough times that followed included more coaching changes. But there were also some personal successes: two Bulls won Rookie of the Year honors (the second of the two was voted league MVP), another won a 6th Man Award (his rookie season), a fan-favorite from Duke made the 2011-12 All-Defense team, and a 7-foot center from Florida won the 2012-13 NBA Player of the Year. Yes, there were good times as well (think Bench Mob!). The current 2021-2022 Bulls, led by coach Billy Donovan, entered the playoffs with the addition of All NBA (2nd Team) forward DeMar DeRozan, Olympian Zach LeVine, center Nikola Vucevic, 3rd year guard Coby White, and rookie guard Ayu Dosunmu. This was truly DeRozan's year - tying NBA record first set by Larry Bird (1985) and breaking another set by Wilt Chamberlain in the 1960s. What's included? Year-by year Standings, Club news, draft choices, player trades, dozens of season games and all post-season summaries. For more context: there's League news, noteworthy league games, stat leaders, year-end award winners, and Finals outcomes.

Thirty Years a Dresser Dennis Milam Bensie,2022-03 Dennis Milam Bensie sees himself as way more Thelma Ritter in Mankiewicz's All About Eve than Tom Courtney in Ronald Harwood's harrowing play and movie, The Dresser. Watching The Tony Awards as a teenager in the early 1980s, Bensie knew he wanted to be in theater. He was his own dresser for plays in high school when he learned a career as an actor wasn't for him. Costumes became his calling, at first in summer stock and gradually with union houses, wherever he could find work. A theatrical dresser is expected to be a nurse, psychologist, tailor, personal shopper, magician, bodyguard, maid, scout, and confidant. Thirty Years a Dresser is Bensie's third memoir, after Shorn: Toys to Men and One Gay American. His stories involve behind-the-scenes dish and drama during a wide range of productions: from Metamorphoses, The Light in the Piazza, Romy and Michele's High School Reunion--The Musical to The Sound of Music (three times). The author's backstage stories feature such stars as Lynn Redgrave, Rosie O'Donnell, Freddy Kruger's mother, and a Tony Award winner who shall remain nameless.

David Lynch Dennis Lim,2015 A revealing look at the life and work of David Lynch, one of the most enigmatic and influential filmmakers of our time Every frame of David Lynch's work, from the '70s midnight movie Eraserhead to the groundbreaking TV series Twin Peaks, to the digital-video DIY feat Inland Empire, bears his unmistakable imprint. But the paradox of the Lynchian is that it's easy to recognize and hard to define. Lynch is a master of the inscrutable gesture, the opaque symbol. His career evades the usual categories: pop culture icon and subject of academic study, cult figure and industry outsider. He's a Renaissance man—musician, painter, photographer, carpenter, entrepreneur—and a vocal proponent of transcendental meditation. Dennis Lim, the newly minted director of Cinematheque programming at Lincoln Center, is a skilled cinephile wary of over-interpretation. David Lynch preserves the strangeness of the Lynch's universe and offers a personal meditation on the most distinctive filmmaker in modern American culture. It leaves what Lynch likes to call room to dream, honoring the allure of the unknown and the unknowable.

Sterling Dennis Russell Dunklee,Dennis Russell Dunklee, Dr,2011-03-20 Sterling has spent his life continually seeking an answer to the question, I know who you are but who am I? He finds the answer, over time and in many different places, by paying attention to people, remembering what he's observed, carefully selecting behaviors like performance, actions, deeds, activities, manners and conduct to emulate. He often chooses not to accept things on blind faith, without comprehension or understanding. Help me understand was, and continues to be, his watchword. He tries to avoid the inevitable conflict between adult realism and youthful idealism. He often fails. With your looks and personality and your oft-proven ability to manipulate people, your future is in sales, he was told. You don't need to waste your time trying to get into a college-you can make a really good living selling cars, or just about selling anything for that matter. Now, after his official send off from the university where embarrassing words like a true leader of education, inspiring professor, and Professor Emeritus were bestowed- words that should have humbled him to tears, but didn't, he looks back over a career of circuitous hiccups and turns, wins and losses, tears and laughter. Sterling is blessed with a well developed sense of humor-some might even say over-developed and his sense of the ridiculous saved his skin many times by deflecting threats and easing tense situations. It's also helped him get past difficult moments, permitting him time for calm logical thinking to find the best, albeit not always the greatest solution, to problems. In the end, his life and this book are amusing and for the most part, a whole lot of fun.

Surface Temperature Reconstructions for the Last 2,000 Years National Research Council,Division on Earth and Life Studies,Board on Atmospheric Sciences and Climate,Committee on Surface Temperature Reconstructions for the Last 2,000 Years,2007-01-05 In response to a request from Congress, Surface Temperature Reconstructions for the Last 2,000 Years assesses the state of scientific efforts to reconstruct surface temperature records for Earth during

approximately the last 2,000 years and the implications of these efforts for our understanding of global climate change. Because widespread, reliable temperature records are available only for the last 150 years, scientists estimate temperatures in the more distant past by analyzing proxy evidence, which includes tree rings, corals, ocean and lake sediments, cave deposits, ice cores, boreholes, and glaciers. Starting in the late 1990s, scientists began using sophisticated methods to combine proxy evidence from many different locations in an effort to estimate surface temperature changes during the last few hundred to few thousand years. This book is an important resource in helping to understand the intricacies of global climate change.

An Accidental Life Dennis Lingane,2022-07 In this humorous and sometimes poignant account of his early life, journalist Dennis Lingane gives an insight into his life as an Irish misfit in England, surviving Hitler and priests to find a niche in the newspaper industry in both Britain and Australia, where he brushed shoulders with royalty, romped with pop stars and found fellow colourful misfits. It is also a peek into life in the newspaper industry at its historical height.

Interrupted Aspirations Dennis Jardine Mitchell,2013-09 A memoir of a quintessential Australian life, Dennis Mitchell grew up in Childers in country Queensland during the Great Depression, experiencing all the hardships of that era, but nonetheless revelling in the joys of friendship, family and his unique environment. Deeply affected by the early loss of his parents Dennis vowed to create a new life and family unit based on his memories of those happy childhood years. Following his story through the war in the Pacific and then onto adulthood in the NSW town of Tamworth, the themes of determination, dignity and family emerge from the author's life story. At heart a snapshot of rural Australian life from the 1920s through to the 1970s, Interrupted Aspirations is filled with memories that will resonate with anyone with a life similarly lived as well as with students of Australian history.
