*In the Darkroom* Susan Faludi, 2016-06-14 PULITZER PRIZE FINALIST ONE OF THE NEW YORK TIMES BOOK REVIEW'S 10 BEST BOOKS OF THE YEAR WINNER OF THE KIRKUS PRIZE From the Pulitzer Prize-winning journalist and bestselling author of *Backlash*, comes *In the Darkroom*, an astonishing confrontation with the enigma of her father and the larger riddle of identity consuming our age. "In the summer of 2004 I set out to investigate someone I scarcely knew, my father. The project began with a grievance, the grievance of a daughter whose parent had absconded from her life. I was in pursuit of a scofflaw, an artful dodger who had skipped out on so many things—obligation, affection, culpability, contrition. I was preparing an indictment, amassing discovery for a trial. But somewhere along the line, the prosecutor became a witness." So begins Susan Faludi's extraordinary inquiry into the meaning of identity in the modern world and in her own haunted family saga. When the feminist writer learned that her 76-year-old father—long estranged and living in Hungary—had undergone sex reassignment surgery, that investigation would turn personal and urgent. How was this new parent who identified as "a complete woman now" connected to the silent, explosive, and ultimately violent father she had known, the photographer who'd built his career on the alteration of images? Faludi chases that mystery into the recesses of her suburban childhood and her father's many previous incarnations: American dad, Alpine mountaineer, swashbuckling adventurer in the Amazon outback, Jewish fugitive in Holocaust Budapest. When the author travels to Hungary to reunite with her father, she drops into a labyrinth of dark histories and dangerous politics in a country hell-bent on repressing

its past and constructing a fanciful—and virulent—nationhood. The search for identity that has transfixed our century was proving as treacherous for nations as for individuals. Faludi's struggle to come to grips with her father's metamorphosis takes her across borders—historical, political, religious, sexual--to bring her face to face with the question of the age: Is identity something you "choose," or is it the very thing you can't escape?

Ex-crime reporter Leonard Blaylock spends his days on an unusual hobby, developing strangers' forgotten and discarded rolls of film. He loves the small mysteries the photographs reveal to him. Leonard was there when it happened five years earlier. He has never been able to shake his guilt from that terrible night. It cost Leonard everything: his career, his fiancée, his future. But if the woman didn't really die, then what actually happened?

My Dark Room Julie Park, 2023-08-03 Examines spaces of inner life in eighteenth-century England to shed new light on interiority in literature and visual and material culture. In what kinds of spaces do we become most aware of the thoughts in our own heads? In *My Dark Room*, Julie Park explores places of solitude and enclosure that gave eighteenth-century subjects closer access to their inner worlds: grottos, writing closets, landscape follies, and the camera obscura, that beguiling "dark room" inside which the outside world in all its motion and color is projected. The camera obscura and its dreamlike projections within it served as a paradigm for the everyday spaces, whether in built environments or in imaginative writing, that generated the fleeting states of interiority eighteenth-

century subjects were compelled to experience and inhabit. My Dark Room illuminates the spatial and physical dimensions of inner life in the long eighteenth century by synthesizing material analyses of diverse media, from optical devices and landscape architecture to women's intimate dress, with close readings of literary texts not traditionally considered together, among them Andrew Marvell's country house poem Upon Appleton House, Margaret Cavendish's experimental epistolary work Sociable Letters, Alexander Pope's heroic verse epistle Eloisa to Abelard, and Samuel Richardson's novel Pamela. Park also analyzes letters and diaries, architectural plans, prints, drawings, paintings, and more, drawing our attention to the lively interactions between spaces and psyches in private environments. Park's innovative method of "spatial formalism" reveals how physical settings enable psychic interiors to achieve vitality in lives both real and imagined.

As always, Mrs. Howard delivers a range of inspiring examples, from pretty rooms in townhouses, beach houses, and country escapes to pretty-meets-grand-style in estates and manors. She also presents how-to-get-the-look advice, including favorite color combinations, fabric patterns, furnishings, and accessories that instantly transform a space. The majority of the projects have never been published, creating an irresistible guide for all who dream of having the signature Mrs. Howard look: interiors filled with light, easy elegance and pretty details.

Lying in the Dark Room Emma Cheatle, 2023-12-01 Lying in the Dark Room: Architectures of British Maternity returns to and reflects on the spatial and architectural experience of childbirth, through both a critical history of maternity spaces and a creative exploration of those we use today. Where conventional architectural histories objectify buildings (in parallel with the objectification of the maternal body), the book—in the mode of creative practice research—presents a creative-critical autotheory of the architecture of lying-in. It uses feminist, subjective modes of thinking that travel across disciplines, registers and arguments. The book assesses the transformation of maternity spaces—from the female bedchamber of seventeenth- and eighteenth-century marital homes, to the lying-in hospitals of the eighteenth and nineteenth centuries purposely built by man-midwives, to the late twentieth-century spaces of home and the modern hospital maternity wing—and the parallel shifts in maternal practices. The spaces are not treated as mute or neutral backdrops to maternal history but as a series of vital, entangled atmospheres, materials, practices and objects that are produced by, and, in turn, produce particular social and political conditions, gendered structures and

experiences. Moving across spaces, systems, protagonists and their subjectivities, the book shows how hospital design and protocol altered ordinary birth at home and continues to shape maternal spatial experience today. As such, it will be of interest to a wide range of readers, from architectural historians, theoreticians, designers and students to medical humanities historians, to English Literature, humanities and material studies scholars, as well as those interested in creative-critical writing.

**At Home with Plants** Ian Drummond, Kara O'Reilly, 2022-04-07 \*\*\* A stylish addition to the current craze for indoor greenery, this is as much about how you use plants as an integral part of contemporary decor as how to keep them alive and well. - The Sunday Times Houseplants are hot, and creative interior planting is becoming increasingly easy to achieve. The new wave of unusual and dramatic indoor plants is as much about décor and statement as greenery. Used aesthetically, as a focal point and sculptural element in interior design, indoor gardening is not just about possessing or growing a plant, but about using it as an accessory combined with other objects to create a particular style and mood. In this much-needed book, now reissued with a new cover and updated source directory, Ian and Kara show you how to transform your home with plants and tells you which plants will work best where and how to care for them. From strikingly geometric terrariums to pretty hanging baskets, practical herb pots and colourful window displays, this book is packed full of exciting and gorgeous ideas. Specially commissioned photography by Nick Pope throughout proves that bringing the outdoors in really is the best form of interior design.
