Sexual Revolutions in Cuba Carrie Hamilton,2012-03-12 In Sexual Revolutions in Cuba Carrie Hamilton delves into the relationship between passion and politics in revolutionary Cuba to present a comprehensive history of sexuality on the island from the triumph of the Revolution in 1959 into the twenty-first century. Drawing on an unused body of oral history interviews as well as press accounts, literary works, and other published sources, Hamilton pushes beyond official government rhetoric and explores how the wider changes initiated by the Revolution have affected the sexual lives of Cuban citizens. She foregrounds the memories and emotions of ordinary Cubans and compares these experiences with changing policies and wider social, political, and economic developments to reveal the complex dynamic between sexual desire and repression in revolutionary Cuba. Showing how revolutionary and prerevolutionary values coexist in a potent and sometimes contradictory mix, Hamilton addresses changing patterns in heterosexual relations, competing views of masculinity and femininity, same-sex relationships and homophobia, AIDS, sexual violence, interracial relationships, and sexual tourism. Hamilton's examination of sexual experiences across generations and social groups demonstrates that sexual politics have been integral to the construction of a new revolutionary Cuban society.

Diccionario de frases populares en la literatura cubana Moralinda del Valle Fonseca,Fernando Carr Parúas,2023-01-15 En este diccionario se han recogido más de tres mil frases y locuciones cubanas que muestran la imaginaria y el gracejo popular, y que han sido empleadas por más de trescientos autores cubanos desde el siglo XIX hasta nuestros días. En las obras citadas (novelas, cuentos, poesías, testimonios, artículos costumbristas, canciones, y otras) podrá apreciar el lector cómo nuestros escritores, aún los más renombrados y los considerados difíciles por no emplear generalmente un lenguaje coloquial, han sabido reflejar la idiosincrasia del cubano.

Caribbean Women Novelists Lizabeth Paravisini-Gebert,Olga Torres-Seda,1993-01-26 This comprehensive, annotated bibliography of works by and about Caribbean women novelists from 1950 to the present covers novelists from all Caribbean islands and Surinam writing in English, Spanish, French, Dutch, and their dialects. Entries on some 150 individual writers are organized alphabetically and comprise a biographical sketch, data on novels with plot synopses, a listing of other known publications in all genres, as well as annotated criticism and reviews. Included are translations, interviews, recorded materials, and broadcast literature. Sources range from publications of major presses and journals in various countries and languages to dissertations and items from local newspapers and small presses. Preceding the author entries is a Bibliography of General Works covering criticism; bibliographies, both regional and for individual countries; and bio-bibliographical reference books. Alternative means of access are provided by a List of Authors by Country and indexes of novels, critics, and themes and key words. A guide to resources on literature of the Netherlands Antilles is included as an appendix. Caribbean literature--and Caribbean women writers in particular--is one of the fastest growing fields of literary study. Additionally, the Caribbean presents an ideal laboratory for other areas of intense research: comparative literatures and post-colonial studies. This bibliography serves these interests, placing special emphasis on common themes and techniques that transcend national boundaries and linguistic differences.

El libro rojo Carl Gustav Jung,2020-06-22 Los años en los que seguí mis imágenes internas fueron la época más importante de mi vida y en la que se decidió todo lo esencial. Comenzó en aquel entonces y los detalles posteriores fueron sólo agregados y aclaraciones. Toda mi actividad posterior consistió en elaborar lo que había irrumpido en aquellos años desde lo inconsciente y que en un primer momento me desbordó. Era la materia originaria para una obra de vida. Todo lo que vino posteriormente fue la mera clasificación externa, la elaboración científica, su integración en la vida. Pero el comienzo numinoso, que todo lo contenía, ya estaba allí. Carl G. Jung, 1957. Con un estudio preliminar de uno de los más destacados estudiosos de la obra de Jung, como lo es Sonu Shamdasani, este libro posibilita estudiar la auto-experimentación de Jung por medio de sus fuentes primarias y comprender la génesis de sus trabajos posteriores, a la vez que arroja una nueva luz respecto de la recuperación de la realidad del alma humana y la constitución de una nueva psicología. La presente edición castellana se realizó bajo el cuidado y supervisión de Bernardo Nante, reconocido investigador de C. G. Jung y sus fuentes. Versión corregida y en formato menor, al no incluir las imágenes de la versión facsímil original (también publicada por El Hilo de Ariadna), permite acceder al gran público a este libro central del reconocido investigador, psiquiatra y psicólogo suizo.
