Edward Aubry

Balance of Mayhem Edward Aubry,2018-11-06 For five years, Dorothy O'Neill has had someone else living in her brain. Strontium, the witch who sacrificed herself to save Dorothy and the two children in her care, saved her own consciousness by fleeing into Dorothy's mind, a tactic she thought would be temporary. Despite the best efforts of the Council of Mages to regenerate Strontium's body and restore her to it, that state of affairs is starting to look permanent. So, when an opportunity presents itself to Dorothy to free Strontium and have her own mind to herself again, it sorely tempts her. All she has to do is embark on a quest with Felicia Kestrel, an assassin who has been until this point Dorothy's mortal enemy. Felicia seeks a scale from the armor of the legendary dragon Hypatia, a relic of the non-real world she believes has survived the Mayhem Wave, and whose sole purpose is to heal. She needs a witch to help her employ its magic and use it to heal herself of an undisclosed malady, and claims it has the power to restore Strontium to her own body. Joining her will make Dorothy a fugitive. Passing up this opportunity could mean spending the rest of her life with Strontium exiled in her head. Enlisting the aid of a pixie to protect her, and armed with a magical sword, Dorothy leaves her home, trusting that the woman who tried to kill her once won't do so again. The quest for the Scale proves trickier than expected, with dangers beyond Dorothy's experience, and the threat of an unknown enemy who apparently desires very badly for her to fail. Each step along the journey brings her closer to getting her life back and freeing her friend, but also brings new and contradictory information about the object they seek, and Felicia's reasons for seeking it may be far more sinister than she has revealed.

The Newly Witch Game Robyn Peterman,2021-10-19 It's all fun and games until someone throws a dirty jumper rollup and you lose out in the Cornhole tournament of life. According to Baba Yoscarybutt, it's time for me to witch up or step back down into the Cornholio minor leagues. While Cornhole is definitely not my beanbag, I can't stand to lose. I don't want to be the next Baba Yaga. I'm doing just peachy as the Shifter Wanker who heals the clumsy idiots of Assjacket, West Virginia. I love my life. My werewolf mate is hotter than asphalt in August, my twins are adorable, my dad and brother rock, and I have real friends for the first time in my life. However, when my evil nemesis, Medusa Jones, steps up to throw a floppy bag and steal the title of Future Baba Yaga from me, all bets are off. I will challenge the nasty piece of work to win back the job I didn't want in the first place. With Sassy and Fuc*ing Derrick by my side, I will finally own my destiny. Of course, Fuc*ing Derrick is prone to meltdowns and Sassy is trying to learn Canadian, but one deals with the floppy bags they've been dealt and tosses them anyway. It will be dangerous. It will be cornfusing. It will be fashionably disastrous. It will be televised on the magical Charm Channel. Whatever. A few four baggers, a couple of woodies, a Bigfoot and spell or two should do the trick. The future of the magical Universe is on the line and I'm the only one who can save us. May the Goddess help us all.
