Board Games as Media Paul Booth,2021-01-14 Leading expert Paul Booth explores the growth in popularity of board games today, and unpacks what it means to read a board game. What does a game communicate? How do games play us? And how do we decide which games to play and which are just wastes of cardboard? With little scholarly research in this still-emerging field, Board Games as Media underscores the importance of board games in the ever-evolving world of media.

The Dingo's Got My Baby Lindy Chamberlain-Creighton,2012-03-10 In 1980, nine-week-old Azaria Chamberlain was taken by a dingo from her family's tent near Uluru in Australia's remote Northern Territory. Her body was never found. In a terrible miscarriage of justice, her mother Lindy was wrongfully convicted of her daughter's murder and sentenced to life in prison. It was seven years before the conviction was overturned. This is the true story behind a tragedy whose echoes reverberated around the world. This is the story of a little girl who lived, and breathed, and loved, and was loved. She was part of me. She grew within my body and when she died, part of me died, and nothing will ever alter that fact. This is her story, and mine. – Lindy Chamberlain-Creighton Page after page demolishes the myth and fables that have been spun around a nation's obsession with the baby's disappearance. – The Sydney Morning Herald What first struck me on meeting Lindy was her sense of humour and surprising lack of bitterness. Here is a woman who has been under such macabre and intense public scrutiny and yet through all the tabloid hysteria they haven't managed to capture the real Lindy at all. There are so many myths about Lindy and the Chamberlain case that have still not been dispelled and to read this book is to get closer to the truth behind the story that has continued to fascinate Australia for the past 24 years. –Miranda Otto, Actress, Lord of the Rings Trilogy Previously published as Through My Eyes in 2004.

A Dingo Ate My Math Book: Mathematics from Down Under Burkard Polster, Marty Ross,2017-12-27 A Dingo Ate My Math Book presents ingenious, unusual, and beautiful nuggets of mathematics with a distinctly Australian flavor. It focuses, for example, on Australians' love of sports and gambling, and on Melbourne's iconic, mathematically inspired architecture. Written in a playful and humorous style, the book offers mathematical entertainment as well as a glimpse of Australian culture for the mathematically curious of all ages. This collection of engaging stories was extracted from the Maths Masters column that ran from 2007 to 2014 in Australia's Age newspaper. The maths masters in question are Burkard Polster and Marty Ross, two (immigrant) Aussie mathematicians, who each week would write about math in the news, providing a new look at old favorites, mathematical history, quirks of school mathematics—whatever took their fancy. All articles were written for a very general audience, with the intention of being as inviting as possible and assuming a minimum of mathematical background.

The Giant Devil Dingo Dick Roughsey,1973

Dingo Bold Rowena Lennox,2021-01-01 Dingo Bold is a thought-provoking exploration of the relationship between people and dingoes. At its heart is Rowena Lennox's encounter with a dingo on the beach on K’gari (Fraser Island), a young male she nicknames Bold. Struck by this experience, and by the intense, often polarised opinions expressed in public conversations about dingo conservation and control, she sets out to understand the complex relationship between humans and dingoes. Weaving together ecological data, interviews with people connected personally and professionally with K’gari’s dingoes, and Lennox's expansive reading of literary, historical and scientific accounts, Dingo Bold considers what we know about the history of relations between dingoes and humans, and what preconceptions shape our attitudes today. Do we see dingoes as native wildlife or feral dogs? Wild or domesticated animals? A tourist attraction or a threat? And how do our answers to these questions shape our interactions with them? Dingo Bold is both a moving memoir of love and loss through Lennox's observations of the natural world and an important contribution to wider conversations about conservation and animal welfare. Combining natural history, Indigenous culture, folklore, memoir, and environmental politics, this is an elegantly written and affectionate tribute to Australia's most maligned and least understood native animal. Jacqueline Kent Fuelled by empathy, curiosity and passion, and informed by research, data and observation, this moving and compelling book speaks to the heart and to the head. Rowena Lennox poses questions about our relationship with dingoes — and our role in the natural world — that are as bold and lively as her subject. Debra Adelaide
