Bingo the Dingo Jordan A. L. Crerar, 2016-04-12 Bingo is a young dingo living in the outback of Australia. Bored of his chores, Bingo disobeys his mum telling him to stay under the shade, to play hide and seek with his friends. A fun game in the hot sun soon turns to panic as the heat catches the bush alight and Bingo and his friends are trapped by the fire! As they cry for help, the fireies arrive to put out the blaze. To Bingo's surprise, his firefighter-father is the one to show up, and Bingo receives a further lecture as to why he should have listened to his mum!

A Dingo Ate My Math Book: Mathematics from Down Under Burkard Polster, Marty Ross, 2017-12-27 *A Dingo Ate My Math Book* presents ingenious, unusual, and beautiful nuggets of mathematics with a distinctly Australian flavor. It focuses, for example, on Australians' love of sports and gambling, and on Melbourne's iconic, mathematically inspired architecture. Written in a playful and humorous style, the book offers mathematical entertainment as well as a glimpse of Australian culture for the mathematically curious of all ages. This collection of engaging stories was extracted from the Maths Masters column that ran from 2007 to 2014 in Australia's Age newspaper. The maths masters in question are Burkard Polster and Marty Ross, two (immigrant) Aussie mathematicians, who each week would write about math in the news, providing a new look at old favorites, mathematical history, quirks of school mathematics—whatever

took their fancy. All articles were written for a very general audience, with the intention of being as inviting as possible and assuming a minimum of mathematical background.

Dingo Claire Saxby, 2020-12-01 Poetic language and glorious illustrations follow a dingo from the comfort of her pack into the darkening landscape in search of food for her family. Can you see her? There — deep in the stretching shadows — a dingo. Her pointed ears twitch. Her tawny eyes flash in the low-slung sun. Dingo leaves her sleeping pups with her mate and lifts her head to smell the air. Dusk is a busy time — the time for hunting. Softly and fleetly she runs through the forest, past a possum, a wombat, and kangaroos in the gully below. Now she climbs to the highest point and sniffs again, locating the scent of rabbits in the wind. Interspersed with text offering facts for curious readers, Dingo is a

lyrical foray into the life of these fascinating wild dogs.

Puzzles and Games That Make Kids Think, Grade 4 Garth Sundem, 2009-04 Besides being fun, puzzles increase student involvement and can lead to higher scores on problem-solving tests. Each book in this series has over 175 activities divided into four categories: picture, word, number, and logic. The puzzles are for individual students; the games are designed for pairs. Teachers can use them as fill-in activities for early finishers, to spice up homework packets, or as part of a reward system or weekly challenge. Beware! These puzzles can be addictive!

Dingo Dango Jay Horne, 2020-03-05 Mason has been getting a taste of real living while visiting his aunt and uncle Down Under. Don't mind the shiner. Just a boxing match with a kangaroo. They're friends now. Mason finds that, in Australia, there are a lot of things scarier than catching an STD from a koala. Like, snakes, for instance. But, Uncle says, the poisonous spiders keep those in check.

Board Games as Media Paul Booth, 2021-01-14 Leading expert Paul Booth explores the growth in popularity of board games today, and unpacks what it means to read a board game. What does a game communicate? How do games play us? And how do we decide which games to play and which are just wastes of cardboard? With little scholarly research in this still-emerging field, *Board Games as Media* underscores the importance of board games in the ever-evolving world of media.

Dingo Makes Us Human Deborah Bird Rose, 2000-08-28 This ethnography explores the culture of the Yarralin people in the Northern Territory.

The Dingo Debate Bradley Smith, 2015-08-03 The Dingo Debate explores the intriguing and relatively unknown story of Australia's most controversial animal – the dingo. Throughout its

existence, the dingo has been shaped by its interactions with human societies. With this as a central theme, the book traces the story of the dingo from its beginnings as a semi-domesticated wild dog in South-east Asia, to its current status as a wild Australian native animal under threat of extinction. It describes how dingoes made their way to Australia, their subsequent relationship with Indigenous Australians, their successful adaption to the Australian landscape and their constant battle against the agricultural industry. During these events, the dingo has demonstrated an unparalleled intelligence and adaptable nature seen in few species. The book concludes with a discussion of what the future of the dingo in Australia might look like, what we can learn from our past relationship with dingoes and how this can help to allow a peaceful co-existence. The Dingo Debate reveals the real dingo beneath the popular stereotypes, providing an account of the dingo's behaviour, ecology, impacts and management according to scientific and scholarly evidence rather than hearsay. This book will appeal to anyone with an interest in Australian natural history, wild canids, and the relationship between humans and carnivores.
