**Lose Weight Now** Glenn Harrold,2019-04-04 Sleep - or lack of it - is one of the most common 21st century health complaints. Only 1 in 10 of us say we always sleep well; 1 in 5 suffer from lack of sleep; and two-thirds say we get less sleep now than we did a few years ago - around 90 minutes less, according to one leading American sleep expert. There are many reasons why people cannot get a good night's sleep, but a solution to many of these problems lies in hypnosis, a wonderful tool for quietening the mind and relaxing the body. Hypnosis helps to slow brainwaves and naturally guide you into a state that is ideal for deep, restful sleep. Whatever your particular sleep problem, this book and CD will promote a deep, restful sleep every night.

**Applied Cognitive Behavioral Therapy in Schools** Diana Joyce-Beaulieu,Brian A. Zaloski,2021 Anxiety, depression, substance use, conduct disorders, attention-deficit/hyperactivity disorder, and learning disorder are but a subset of problems that youth experience throughout their lives. Chapter 1 presents the school-based practitioner as a first-line interventionist for these difficulties. Framing school-based care within a multi-tiered system of support, Chapter 1 introduces cognitive-behavioral therapy (CBT), an evidence-based intervention with flexible applications for children and adolescents. It acknowledges the complex intersection between CBT, 504 Plans, and individualized education programs (IEPs); discusses the many ways students may receive services under the law (and otherwise); and highlights the details of school-based practice integral to evaluating these plans. Chapter 1 ends with a thorough case presentation complete with background information, interviews, behavior and symptom assessment, CBT session planning, and outcome data--

**Soar** Tom Bunn,2013-10-01 Captain Bunn founded SOAR to develop effective methods for dealing with flight anxiety. Therapists who have found this phobia difficult to treat will find everything they need to give their clients success. Anxious flyers who have “tried everything” to no avail can look forward to joining the nearly 10,000 graduates of the SOAR program who now have the whole world open to them as they fly anxiety free wherever

they want. This approach begins by explaining how anxiety, claustrophobia, and panic are caused when noises, motions—or even the thought of flying—trigger excessive stress hormones. Then, to stop this problem, Captain Bunn takes the reader step-by-step through exercises that permanently and automatically control these feelings. He also explains how flying works, why it is safe, and teaches flyers how to strategically plan their flight, choose the right airlines, meet the captain, and so on. Through this program, Captain Bunn has helped thousands overcome their fear of flying. Now his book arms readers with the information they need to control their anxiety and fly comfortably.

**Asceticism and Healing in Ancient India** Kenneth G. Zysk, 1998 The rich Indian medical tradition is usually traced back to Sanskrit sources, the earliest of which cannot much antedate the common era. In this book Kenneth Zysk shows that Buddhist scriptures some centuries older than this contain abundant information about medical practice, and are our earliest evidence for a rational approach to medicine in India. He argues that Buddhism and the medical tradition were mutually supportive: that Buddhist monks and people associated with them contributed to the development of medicine, while their skills as physical as well as spiritual healers enhanced their reputation and popular support. Drawing on a wide range of textual, archaeological, and secondary sources, Zysk first presents an overview of the history of Indian Medicine in its religious context. He then examines primary literature from the Pali Buddhist Canon and from the Sanskrit treatises of Bhela, Caraka, and Susruta. By close comparison of these two bodies of literature Zysk convincingly shows how the theories delineated in the medical classics actually became practice.
